OPPO Reno15 F 5G

OPPO Reno15 F 5G Smartphone User Manual

Model: Reno15 F 5G

1. INTRODUCTION

Welcome to the user manual for your new OPPO Reno15 F 5G Smartphone. This guide provides essential information on setting up, operating, maintaining, and troubleshooting your device. Please read it carefully to ensure optimal performance and longevity of your smartphone.

The OPPO Reno15 F 5G combines advanced camera capabilities, long-lasting battery life, and robust performance in a sleek design. Key features include a 50MP ultra-wide selfie camera, AI Portrait Glow, a 6500mAh battery with 80W SUPERVOOC charging, a 6.57-inch 120Hz AMOLED display, and IP69 water and dust resistance.

2. SETUP

2.1. What's in the Box

- OPPO Reno15 F 5G Smartphone
- 80W SUPERVOOC Charger
- USB Cable
- SIM Ejector Tool (may vary by region)
- Quick Start Guide (this document)
- Safety Information

2.2. Inserting SIM Card and Powering On

1. Locate the SIM card tray on the side of your device.
2. Insert the SIM ejector tool into the small hole next to the tray and press gently until the tray pops out.
3. Place your nano-SIM card(s) into the tray with the gold contacts facing down. This device supports eSIM

functionality.

4. Carefully reinsert the tray into the phone.
5. Press and hold the Power button (usually on the right side) until the OPPO logo appears.
6. Follow the on-screen instructions to complete the initial setup, including connecting to Wi-Fi, setting up your Google account, and configuring security features.

2.3. Initial Charging

Before first use, it is recommended to fully charge your device. Use the included 80W SUPERVOOC charger and USB cable for fast charging. Connect the USB cable to the phone's USB-C port and the charger to a power outlet.

3. OPERATING YOUR SMARTPHONE

3.1. Camera Features

Your OPPO Reno15 F 5G is equipped with a versatile camera system designed to capture stunning photos and videos.

- **50MP Ultra-Wide Selfie Camera:** Capture group selfies and expansive landscapes with a 100° Field of View (FOV).
- **AI Portrait Glow:** This feature intelligently applies professional lighting effects (Flash, Backlight, Natural Light) to create studio-quality portraits with natural skin tones in various conditions.
- **Rear Camera System:** Features a 50MP Ultra-Clear Main Camera, an Ultra-Wide Camera, and a Macro Camera for diverse photographic needs.
- **AI Flash Photography:** Enhances night shots, ensuring subjects are well-lit and vibrant.
- **AI Eraser:** Remove unwanted objects or passersby from your photos, even in dynamic shots.

3.2. Battery and Charging

The device is equipped with a large 6500mAh battery, providing extended usage times. With typical use, it can last up to 2.4 days, or over 11 hours of gaming.

The 80W SUPERVOOC flash charging technology allows you to charge your phone from 1% to 100% in approximately 59 minutes. A few minutes of charging can provide hours of entertainment.

3.3. Display

Experience perfect fluidity and absolute clarity on the 6.57-inch 120Hz AMOLED display. It offers a resolution of

1080x2400 pixels and supports 1.07 billion colors, providing a vibrant and immersive visual experience.

3.4. Performance and Software

The OPPO Reno15 F 5G runs on ColorOS 16, designed for long-lasting fluidity. The All-New Trinity Engine with AI optimizes performance, ensuring a consistently smooth and responsive experience for years.

- **Processor:** Powered by the Snapdragon 6 Gen 1 chip, optimized for intensive gaming.
- **AI HyperBoost 2.0:** Enables up to 10 hours of stable, high-frame-rate MOBA gaming.
- **AI LinkBoost 3.0:** Accelerates the AI Gaming antenna system, provides AI Super Wi-Fi Booster for improved connectivity in crowded spaces, and an AI Network Booster to prioritize data during team fights, reducing lag.
- **O+ Connect:** Facilitates seamless sharing of photos and videos with other devices.
- **AI Features:** Includes real-time AI translation for travel, AI call translator, instant lost phone locking, and a private processing cloud to protect your data.

4. MAINTENANCE

4.1. Water and Dust Resistance (IP69)

The OPPO Reno15 F 5G is certified with an IP69 rating, providing maximum protection against dust, high-pressure water jets, and temporary immersion. This means the device is designed to withstand harsh environmental conditions.

Important Notes:

- IP69 rating is not a permanent condition and resistance might decrease as a result of normal wear.
- Do not charge a wet device. Refer to the safety information for detailed instructions.

- Damage caused by liquids is not covered under warranty if the device has been tampered with or exposed to conditions beyond the IP69 rating.

4.2. Cleaning Your Device

To clean your smartphone, use a soft, lint-free cloth. Avoid using abrasive materials, alcohol, or chemical cleaners, as these can damage the screen or finish. If necessary, slightly dampen the cloth with water.

5. TROUBLESHOOTING

If you encounter issues with your OPPO Reno15 F 5G, try the following basic troubleshooting steps:

- **Device Unresponsive:** Press and hold the Power button for about 10 seconds to force a restart.
- **Battery Draining Quickly:** Check background app usage in Settings > Battery. Reduce screen brightness and disable unnecessary features like GPS or Bluetooth when not in use.
- **Apps Crashing:** Clear the cache of the problematic app (Settings > Apps > [App Name] > Storage > Clear Cache). If the issue persists, try reinstalling the app.
- **Connectivity Issues (Wi-Fi/Mobile Data):** Toggle Wi-Fi or mobile data off and on. Restart your router for Wi-Fi issues. Ensure your SIM card is properly inserted and your mobile plan is active.
- **Slow Performance:** Close unused apps, clear system cache, or consider a factory reset (back up your data first).

For more complex issues, please refer to the official OPPO support website or contact customer service.

6. SPECIFICATIONS

Feature	Specification
Brand	OPPO
Model Name	Reno15 F 5G
Operating System	Android with ColorOS 16
RAM Memory Size	8 GB
CPU Model	Snapdragon
CPU Speed	2.4 GHz
