Safety Information

- Always follow the assembly instructions carefully to prevent instability or collapse.
- Do not exceed the weight capacity of**1300 lbs**.
- Ensure all screws and bolts are securely tightened before use. Periodically check and re-tighten as necessary.
- Keep small parts away from children during assembly to prevent choking hazards.
- The design includes rounded, soft padding to eliminate sharp corners, offering a secure and comfortable experience.

Package Contents

Before assembly, verify that all components are present and undamaged. The package includes:

- Upholstered Headboard
- Side Rails (Left and Right)

- Footboard
- Center Support Beam(s)
- Wooden Slats with Velcro for alignment
- Support Legs (12 total)
- Hardware Pack (screws, washers, Allen wrench)
- Detailed Step-by-Step Instruction Manual

Assembly Instructions

Follow these steps to assemble your Marsail Twin Size Upholstered Bed Frame. It is recommended to have two people for assembly.

1. **Attach Headboard Legs:** Secure the headboard legs to the upholstered headboard using the provided screws. Do not fully tighten at this stage; leave a slight gap for later adjustments.
2. **Assemble Side Rails:** Connect the two sections of each side rail using the provided connecting plates and screws. Ensure the left and right sides are correctly distinguished.
3. **Attach Side Rails to Headboard:** Hook the assembled side rails into the brackets on the headboard legs.
4. **Attach Footboard:** Connect the footboard to the other end of the side rails.
5. **Install Support Legs:** Screw the 12 support legs into the designated points on the side rails and center support beam.
6. **Place Wooden Slats:** Lay the wooden slats across the bed frame. The slats feature Velcro for hassle-free alignment and secure placement. Ensure the side with the pre-drilled holes faces upward.
7. **Secure Slats:** For enhanced stability, fasten all self-tapping screws through the pre-drilled holes in the slats into the side rails and center support beam. Now, fully tighten all screws on the headboard legs and side rails.

Operating Instructions

Headboard Adjustment

The upholstered headboard offers **3-level height adjustment** to accommodate mattresses ranging from **6 to 12 inches**. To adjust the headboard height, loosen the screws connecting the headboard to its legs, slide the headboard to the desired height, and then re-tighten the screws securely.

Image: Demonstrates the 3-position adjustable headboard, ensuring a seamless fit for mattresses between 6 and 14 inches.

Under-Bed Clearance

The bed frame provides a **6.5-inch leg clearance**, allowing robotic vacuums to clean underneath effortlessly. This height also ensures convenient and easy access for children, teens, or guests.

Maintenance

- **Cleaning:** For the upholstered parts, gently vacuum with an upholstery attachment to remove dust. For spills, blot immediately with a clean, damp cloth. Avoid harsh chemicals.
- **Frame Care:** Wipe the wooden and metal components with a dry or slightly damp cloth. Avoid abrasive cleaners.
- **Regular Checks:** Periodically inspect all bolts and screws to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent noise.

Troubleshooting

Noise/Squeaking

The Marsail bed frame is designed with a comprehensive wood structure to minimize noise. If you experience squeaking:

- **Check Connections:** Ensure all screws and bolts throughout the frame, especially on the headboard, side rails, and center support, are fully tightened. Loose connections are a common cause of noise.
- **Slat Placement:** Verify that all wooden slats are correctly positioned and securely held by the Velcro strips. Ensure they are evenly spaced.
- **Mattress Compatibility:** Ensure your mattress is the correct size for the twin frame and is not causing undue pressure or movement.
