Relxhome NE68

Relxhome NE68 Instant Translator Earbuds

Model: NE68

INTRODUCTION

The Relxhome NE68 Instant Translator Earbuds are advanced AI-powered devices designed to facilitate seamless communication across language barriers. These earbuds offer real-time, two-way translation in up to 134 languages and accents, with high accuracy and minimal latency. Equipped with a color LCD touch screen and Bluetooth 6.0, they integrate translation, clear calls, and high-quality music playback into a single, ergonomic device. This manual provides detailed instructions for setup, operation, maintenance, and troubleshooting to ensure optimal use of your NE68 earbuds.

SETUP GUIDE

1. Initial Charging

Before first use, fully charge the earbuds and the charging case. Connect the provided USB Type-C cable to the charging port on the case and to a compatible USB power source. The LCD screen on the case will display the charging status.

- **Charging Time:** Approximately 1.5 hours for the charging case.
- **Battery Life:** Up to 8 hours of continuous use, and up to 48 hours with the charging case.

Hello sir, do you have a reservation?
May I take your name?

Hallo Sir, haben Sie eine Reservierung?
Darf ich Ihren Namen aufnehmen?

Image: The NE68 charging case displaying its battery level and indicating a total battery life of 48 hours with the case, and 1.5 hours for a full charge via Type-C.

2. Pairing with Your Device (Bluetooth 6.0)

1. Ensure the earbuds are in the charging case and the case is open.
2. Activate Bluetooth on your smartphone or tablet.
3. On your device, search for "NE68" in the list of available Bluetooth devices and select it to pair.
4. The earbuds will automatically connect to your device once paired.

The NE68 earbuds utilize Bluetooth 6.0 for faster pairing, a stable connection, and reduced latency, ensuring a reliable wireless experience.

3. Installing the AuralIntelli App

For full translation functionality and access to all 9 translation modes, download the free "AuralIntelli" app from the App Store (iOS) or Google Play Store (Android). Follow the in-app instructions to connect your NE68 earbuds.

1. LCD Touch Screen Controls

The NE68 charging case features a color LCD touch screen, allowing direct control over more than 10 essential functions without constantly relying on your smartphone. These functions include:

- Music Playback and Volume Adjustment
- EQ Modes
- Language Selection for translation
- Alarm and Stopwatch functions
- Camera Remote Trigger
- System Settings
- Power On/Off
- Mode Selection (e.g., translation, music, game)

2. Translation Modes (via AuralIntelli App)

The NE68 earbuds support 9 intelligent translation modes, accessible through the AuralIntelli app:

- **Free Conversation Mode:** For natural, real-time two-way dialogue.
- **Online Translation Mode:** General translation for various scenarios.
- **Speaker Mode:** Translate and broadcast through your phone's speaker.
- **AI Chat Mode:** Interact with an integrated AI assistant for quick information.
- **Photo Translation:** Translate text from images (documents, signs, menus).
- **Voice Notes:** Record and transcribe audio from meetings or lectures.
- **Video Subtitles:** Generate real-time subtitles for videos.
- **Meeting Translation:** Specialized mode for business meetings.
- **Binaural Mode:** Both parties wear an earbud for direct, real-time conversation translation.

Mode binaural

Ce mode nécessite que les deux parties portent chacune une oreillette. Après avoir sélectionné les langues correspondantes sur le téléphone portable, l'une ou l'autre des parties peut appuyer sur son oreillette pour lancer la traduction de la conversation.

3. Music and Calls

The NE68 earbuds also function as high-quality wireless headphones for music playback and clear phone calls. They feature directional microphones and intelligent noise reduction for crisp audio, even in noisy environments.

- **Music Control:** Use the LCD screen or earbud touch controls to play/pause, skip tracks, and adjust volume.
- **Call Management:** Answer, end, or reject calls using the earbud touch controls.

MAINTENANCE AND CARE

- **Cleaning:** Regularly clean the earbuds and charging case with a soft, dry cloth. Avoid using liquids or abrasive cleaners.
- **Storage:** When not in use, store the earbuds in their charging case to protect them and keep them charged.
- **Water Resistance:** The earbuds have an IPX5 rating, meaning they are resistant to splashes and sweat. Do not submerge them in water.
- **Charging:** Use only the provided Type-C cable for charging to prevent damage.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Earbuds not pairing/connecting.	Bluetooth is off, earbuds not in pairing mode, or out of range.	<p>Ensure Bluetooth is enabled on your device.</p> <p>Place earbuds in the case, close, then open to re-enter pairing mode.</p> <p>Ensure earbuds are within 10 meters of your device.</p> <p>Forget "NE68" from your device's Bluetooth list and re-pair.</p>
Translation not working or inaccurate.	Poor internet connection, incorrect language selection, or app issue.	<p>Check your internet connection (Wi-Fi or mobile data).</p> <p>Verify that the correct source and target languages are selected in the AuralIntelli app.</p> <p>Ensure the app is updated to the latest version.</p> <p>Restart the AuralIntelli app.</p>
No sound from earbuds.	Low battery, volume too low, or not properly connected.	<p>Charge the earbuds and case.</p> <p>Increase the volume on your device and via the earbud's LCD screen.</p> <p>Ensure earbuds are correctly connected to your device.</p>
LCD screen unresponsive.	Software glitch or low battery.	<p>Charge the charging case.</p> <p>Try restarting the case (if an option is available on the screen or by holding a button).</p>
