CaDA C55024W

CaDA C55024W BWT Alpine F1 Team A525 Building Blocks Car Instruction Manual

Model: C55024W | Brand: CaDA

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your CaDA C55024W BWT Alpine F1 Team A525 Building Blocks Car. This 1:24 scale model is an officially licensed replica of the Formula 1 race car, consisting of approximately 300 pieces.

Important Safety Information

WARNING: CHOKING HAZARD - This product contains small parts and is not suitable for children under 3 years of age. Adult supervision is recommended during assembly, especially for younger builders. Keep all packaging materials away from children. Recommended age for assembly: 14 years and older.

SETUP AND ASSEMBLY

Assembly of the CaDA C55024W model is required. A detailed instruction manual is included in the box to guide you through each step of the building process.

- 1. Unpack Components:** Carefully open the product packaging and lay out all building block bags and the instruction manual.
- 2. Review Instructions:** Before starting, familiarize yourself with the instruction manual. Pay close attention to the diagrams and part identification.
- 3. Sort Parts:** While the bags may not be numbered, it is recommended to sort the pieces by color and type to facilitate the

building process.

4. **Follow Step-by-Step:** Assemble the model by following the sequential steps provided in the instruction manual. Ensure each piece is securely connected.
5. **Check for Missing Parts:** If you encounter any missing parts, refer to the troubleshooting section or contact customer support.

The instruction manual includes clear, colored diagrams. Note that some dark green parts in the diagrams might be difficult to distinguish from black parts; exercise care during these steps.

OPERATING AND DISPLAY

Once assembled, your CaDA C55024W model is ready for display. This model is designed for static display and light handling.

- **Display Options:** The model includes two official race liveries: No.10 (Pierre Gasly) and No.43 (Franco Colapinto). You can choose which livery to apply during assembly for varied display.
- **Authentic Details:** The model features realistic front wing, steering wheel, halo, cockpit, roll hoop, and rear wing, along with

multiple sponsor logos.

- **Display Nameplate:** A licensed display nameplate is included to enhance the presentation of your model on desks, shelves, or within a Formula 1 model collection.

MAINTENANCE

To ensure the longevity and appearance of your CaDA C55024W model, follow these simple maintenance guidelines:

- **Cleaning:** Dust the model regularly with a soft, dry cloth or a soft brush. For more stubborn dirt, a slightly damp cloth can be used, but avoid excessive moisture.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause colors to fade and plastic to become brittle. Display the model in a shaded area.

- **Handle with Care:** While the blocks are designed to interlock securely, excessive force or dropping the model can cause pieces to detach or break.
- **Storage:** If storing the model, ensure it is placed in a stable container to prevent damage.

TROUBLESHOOTING

This section addresses common issues you might encounter during assembly or display.

Issue	Possible Cause	Solution
Missing Parts	Occasionally, a small part may be missing from the packaging.	Double-check all packaging materials. If a part is genuinely missing, contact CaDA customer support for assistance.
Difficulty Connecting Pieces	Pieces may not align correctly, or too much force is being used.	Ensure the pieces are oriented correctly as per the instructions. Apply firm but gentle pressure. If a piece doesn't fit, verify it's the correct part for that step.
Sub-assemblies Not Fitting	Larger sections of the model do not connect as expected.	Review the preceding steps for any errors in assembly. Sometimes a single misplaced or misaligned brick can prevent subsequent connections. Disassemble and re-check.
Difficulty Distinguishing Dark Colors in Instructions	Dark green and black parts in the instruction diagrams can be hard to differentiate.	Pay extra attention to the shape and specific details of the parts in the diagrams. Compare with the physical pieces carefully. If available, refer to online digital instructions which may offer better clarity.

SPECIFICATIONS

- **Model Name:** CaDA C55024W BWT Alpine F1 Team A525
- **Brand:** CaDA
- **Model Number:** C55024W
- **Scale:** 1:24
- **Number of Pieces:** 308
