GiiKER JKFZQ001

GiiKER Super Reversi Electronic Strategy Board Game Instruction Manual

Model: JKFZQ001

INTRODUCTION

The GiiKER Super Reversi is an electronic strategy board game designed for engaging gameplay and brain training. It features an interactive 8x8 LED board, adaptive AI, and multiple game modes to enhance strategic thinking and logic skills for both kids and adults.

PACKAGE CONTENTS

- GiiKER Super Reversi Game Console
- Instruction Manual (this document)

Note: 3 AA batteries are required and not included.

SETUP

1. Battery Installation

1. Locate the battery compartment on the underside of the game console.
2. Open the battery compartment cover. A small screwdriver may be required (not included).
3. Insert 3 AA batteries, ensuring correct polarity (+/-).
4. Close the battery compartment cover securely.

2. Powering On/Off

- To power on: Press and hold the Action Button (located below the LED board) until the display lights up.
- To power off: Press and hold the Action Button until the display turns off.
- The device features a power-saving mode and will automatically turn off after 5 minutes of inactivity.

OPERATING INSTRUCTIONS

Controls

- **Control Dial:** Rotate the outer ring to select your move or navigate through levels in Challenge Mode.
- **Action Button:** Short press to confirm a move or selection. Long press to turn the device on/off.
- **Light Ring:** The LED ring around the board provides real-time updates on player advantage (Green vs. White).
- **Gameboard:** The 8x8 LED grid displays game pieces and valid moves.
- **Mute Option:** A physical switch on the side allows you to mute game sounds for quiet environments.

GAME MODES

The GiiKER Super Reversi offers three distinct game modes, selectable via a switch on the side of the console:

1. Solo Mode (AI Battle)

Play against an adaptive AI opponent. The AI adjusts its difficulty based on your performance, ensuring a challenging yet fair experience. This mode is ideal for improving strategic thinking and long-term planning.

2. Head-to-Head Mode (PVP)

Engage in competitive matches against another player. The interactive board manages valid moves and piece flipping, allowing players to focus entirely on strategy. A single decision can significantly alter the game's outcome.

3. Challenge Mode

This mode features 500 preset puzzles designed to test planning, logic, and foresight. Each puzzle presents a unique board setup that requires calculated moves to solve. It functions as a dedicated brain-training console for strategy enthusiasts.

BASIC GAMEPLAY (REVERSI RULES)

The objective of Reversi is to have the majority of your color pieces on the board at the end of the game. Players take turns placing pieces on the 8x8 grid.

Placing Pieces

1. On your turn, use the Control Dial to select an empty square where you can "sandwich" one or more of your opponent's pieces between your new piece and an existing piece of your color.
2. Valid moves are indicated by the LED board.
3. Press the Action Button to confirm your move.

Flipping Pieces

When a piece is placed, all of the opponent's pieces that are "sandwiched" (horizontally, vertically, or diagonally) between the new piece and another piece of your color are flipped to your color. The GiiKER Super Reversi automatically handles this process.

End of Game

The game ends when neither player can make a valid move, or when the board is completely filled. The player with the most pieces of their color on the board wins.

MAINTENANCE

Cleaning

Wipe the device with a soft, dry cloth. Do not use abrasive cleaners or immerse the device in water.

Battery Replacement

Replace batteries when the display becomes dim or the device does not power on. Follow the battery installation steps in the Setup section.

TROUBLESHOOTING

- **Device not powering on:** Ensure batteries are correctly installed and not depleted. Replace with fresh AA batteries if necessary.
- **Display issues:** Check battery level. If issues persist, try powering off and on again.
- **No sound:** Verify the mute switch on the side of the console is not engaged.

SPECIFICATIONS

- **Model Number:** JKFZQ001
- **Brand:** GiiKER
- **Number of Players:** 1, 1-2
- **Batteries:** 3 AA batteries required (not included)
- **Assembly Required:** No
- **Platform:** Electronic Game
- **Item Dimensions (L x W x H):** 4.06" x 4.02" x 1.3"
- **Item Weight:** 0.13 Kilograms
- **Material Type:** ABS
- **Age Range Description:** Kid (Manufacturer Minimum Age: 72 months)
- **UPC:** 860012261055
- **Included Components:** Game Console
