DELUX GM909-M618AIR GX

DELUX GM909 Ergonomic Split Keyboard and M618AIR GX Wireless Vertical Mouse User Manual

Models: GM909 (Keyboard), M618AIR GX (Mouse)

1. INTRODUCTION

This manual provides detailed instructions for setting up, operating, and maintaining your DELUX GM909 Ergonomic Split Keyboard and M618AIR GX Wireless Vertical Mouse Combo. This combo is designed to enhance comfort and productivity through its ergonomic features and versatile connectivity options.

2. KEYBOARD FEATURES (GM909)

2.1. Ultra-thin Ergonomic Split Design

The GM909 keyboard features a scientific wave key layout and a split design with a natural arc and slight arch. This design promotes a more natural typing posture, reducing wrist strain and maximizing comfort during extended use.

2.2. Comfortable Cushioned Palm Rest

An integrated cushioned palm rest provides support for your hands and wrists, helping to maintain a neutral wrist position and reduce pressure during prolonged typing sessions.

2.3. Multi-Device Connectivity

The keyboard supports both 2.4G wireless and Bluetooth dual channels, allowing seamless switching between up to three connected devices (e.g., computer, tablet, smartphone).

2.4. Scissor Switches and Receiver Storage

Equipped with scissor-switch keys, the keyboard offers quiet and responsive typing with excellent rebound. The 2.4G USB receiver is conveniently stored in a magnetic compartment on the underside of the keyboard.

1

QUIET SCISSOR SWITCHES

Stable and quiet clicks for precise typing.

2

RECEIVER STORAGE COMPARTMENT

With magnetic bottom cover, no need to worry about losing the receiver.

3. MOUSE FEATURES (M618AIR GX)

3.1. Ergonomic Vertical Design and Lightweight Build

The M618AIR GX vertical mouse is designed with a natural vertical slope (57° angle) to promote a handshake posture, reducing wrist pronation and muscle strain. Weighing only 75g, it is ideal for small hands and comfortable for long hours of use.

3.3. Adjustable DPI and Quiet Clicks

The M618AIR GX features three adjustable DPI levels (1000, 1600 (default), 2400) for precise cursor control. Its quiet click design ensures a noise-free working environment.

Quiet Clicks

Noise-free clicks without distracting sound.

4. SETUP INSTRUCTIONS

4.1. Keyboard Setup (GM909)

1. **Charging:** Connect the keyboard to a USB power source using the provided USB-C cable. The charging indicator light will illuminate.
2. **2.4G Wireless Connection:**
 - Locate the 2.4G USB receiver in the magnetic compartment on the underside of the keyboard.
 - Plug the receiver into an available USB port on your computer.
 - Turn on the keyboard using the power switch. The keyboard should automatically connect.
3. **Bluetooth Connection:**
 - Turn on the keyboard.
 - Press and hold the **BT1** or **BT2** key for 3-5 seconds until the corresponding indicator light flashes rapidly, indicating pairing mode.
 - On your device (computer, tablet, smartphone), go to Bluetooth settings and select "DELUX GM909" from the list of available devices to pair.
 - Repeat for additional Bluetooth devices using the other BT key.

4.2. Mouse Setup (M618AIR GX)

1. **Power On:** Locate the ON/OFF switch on the bottom of the mouse and slide it to the "ON" position.
2. **2.4G Wireless Connection:**
 - Open the battery compartment on the bottom of the mouse.
 - Remove the 2.4G USB receiver.
 - Plug the receiver into an available USB port on your computer.
 - The mouse should automatically connect.

Video: An unboxing and setup guide for the DELUX Wireless Ergonomic Vertical Mouse (M618AIR), showing how to access the USB receiver.

5. OPERATING INSTRUCTIONS

5.1. Keyboard Operation

- **Switching Devices:** Press the **2.4G**, **BT1**, or **BT2** key to switch between connected devices. The corresponding indicator light will show the active connection.
- **Function Keys:** The F1-F12 keys have secondary functions (e.g., media control, volume). Press the **Fn** key simultaneously with an F-key to activate its secondary function.
- **Indicator Lights:**
 - **2.4G/BT1/BT2:** Indicates active connection or pairing mode.
 - **Caps Lock:** Illuminates when Caps Lock is active.
 - **Num Lock:** Illuminates when Num Lock is active.
 - **Battery Indicator:** Flashes when battery is low, solid when charging.

5.2. Mouse Operation

- **DPI Adjustment:** Press the **DPI** button on the bottom of the mouse to cycle through the 1000, 1600, and 2400 DPI settings.
- **Forward/Backward Buttons:** Use the side buttons for navigation in web browsers or file explorers.
- **Scroll Wheel:** Scroll up or down for navigation. The scroll wheel also functions as a middle click button.

6. MAINTENANCE

- **Cleaning:** Use a soft, damp cloth to clean the surfaces of the keyboard and mouse. Avoid harsh chemicals or abrasive materials. For keys, use compressed air to remove debris.
- **Battery Care:** Recharge the keyboard when the battery indicator flashes. For the mouse, replace the AA battery when performance degrades (if applicable, or recharge if it's a rechargeable model).
- **Storage:** When not in use for extended periods, turn off both devices to conserve battery life. Store the 2.4G USB receiver in its designated magnetic compartment on the keyboard or inside the mouse's battery compartment to prevent loss.

7. TROUBLESHOOTING

- **Device Not Connecting:**
 - Ensure both the keyboard and mouse are powered on.
 - Check battery levels and recharge/replace if necessary.
 - For 2.4G connection, ensure the USB receiver is securely plugged into your device.
 - For Bluetooth connection, ensure Bluetooth is enabled on your device and re-attempt pairing.
 - Try restarting your computer or device.
- **Lag or Intermittent Connection:**
 - Move the devices closer to the USB receiver or your Bluetooth-enabled device.
 - Avoid placing devices near sources of interference (e.g., Wi-Fi routers, other wireless devices).
- **Keys/Buttons Not Responding:**

- Check for debris under the keys/buttons and clean if necessary.
- Ensure the correct operating mode (2.4G/BT1/BT2) is selected on the keyboard.
