COBIZI 10x20 Heavy Duty Portable Carport User Manual

Model: 98GR2_1125 | Brand: COBIZI

IMPORTANT SAFETY INFORMATION

Always ensure the carport is properly secured to the ground using the provided wind ropes and sandbags. Do not use in high winds or during severe weather conditions. Keep the carport a safe distance from heat sources and open flames to prevent fire hazards.

PRODUCT OVERVIEW

The COBIZI 10x20 Heavy Duty Portable Carport is designed to provide reliable outdoor shelter for vehicles, equipment, or for various outdoor activities. It features a robust alloy steel frame and a durable, waterproof, and UV-protected polyethylene (PE) canopy.

PACKAGE CONTENTS

Before assembly, verify that all components are present and undamaged. The package typically includes:

- Rust-resistant powder-coated alloy steel frame components
- Upgraded PE material canopy (waterproof, UV-resistant, tear-resistant)
- Windproof ropes
- Ground nails / Auger stakes
- Built-in sandbags (for stability)
- Assembly manual

SETUP INSTRUCTIONS

The carport is designed for easy setup, typically requiring two people and less than an hour. Follow the detailed steps in the included assembly manual for best results.

1. **Unpack Components:** Carefully unbox all parts and lay them out on a clean, flat surface. Verify against the parts list in the manual.
2. **Assemble Frame:** Connect the alloy steel frame components according to the diagrams. Ensure all connections are secure.
3. **Attach Canopy:** Drape the PE canopy over the assembled frame. Secure it using the designated attachment

points.

4. **Secure to Ground:** Utilize the provided ground nails or auger stakes to firmly anchor the carport to the ground. Attach wind ropes for additional stability, especially in windy conditions.
5. **Fill Sandbags:** Fill the built-in sandbags (if applicable) with sand to provide extra weight and stability.

Quality Comparison

 Ours	 Others
 <p>Thickened frame Not easy to break</p>	 <p>Thin steel frame Easy to break</p>
 <p>Anti-pinch design Easy to adjust the height, protects fingers</p>	 <p>Metal connectors and push pins Difficult to set up and easy to pinch fingers</p>
 <p>Higher headroom Easier standing and movement</p>	 <p>Many cross bars at the top Lower top space</p>

Image: Comparison highlighting the thickened frame, anti-pinch design for height adjustment, and higher headroom of the COBIZI carport compared to others.

OPERATING INSTRUCTIONS

The COBIZI carport offers versatile usage for various needs.

- **Vehicle Protection:** Park cars, trucks, boats, or other vehicles under the canopy for protection from sun, rain, and light snow.
- **Outdoor Activities:** Use as a shaded area for parties, gatherings, or other outdoor events.
- **Storage:** Store outdoor equipment, tools, or other items that require shelter.
- **Ventilation:** The sidewall-less design allows for free air circulation, keeping the interior cool.
- **Access:** The open design facilitates easy access for vehicles and people from any direction.

MAINTENANCE

Regular maintenance ensures the longevity and performance of your carport.

- **Cleaning:** Clean the canopy periodically with mild soap and water. Avoid harsh chemicals that may damage the material.
- **Frame Inspection:** Regularly check the steel frame for any signs of rust, damage, or loose connections. Tighten bolts as needed.
- **Canopy Inspection:** Inspect the PE canopy for tears or wear. Repair small tears promptly to prevent further damage.
- **Anchoring:** Ensure ground anchors, wind ropes, and sandbags remain securely in place, especially after strong winds or heavy rain.
- **Winter Care:** In areas with heavy snowfall, regularly remove snow accumulation from the canopy to prevent structural damage. Consider disassembling and storing the carport during severe winter conditions if possible.

TROUBLESHOOTING

If you encounter issues with your carport, refer to these common solutions:

- **Carport Instability:** Ensure all ground anchors are fully inserted and wind ropes are taut. Check that sandbags are filled and properly positioned.
- **Water Accumulation on Canopy:** Verify that the frame is correctly assembled and the canopy is stretched tightly to prevent sagging. Adjust frame height if necessary.
- **Difficulty with Assembly:** Review the assembly manual carefully. Ensure all parts are correctly identified and connected. Contact customer support if parts are missing or damaged.

SPECIFICATIONS

Feature	Detail
Brand	COBIZI
Model Number	98GR2_1125
Size	10'x20' (200 Square Feet Floor Area)
Material	Alloy Steel (Frame), Polyethylene (PE) (Canopy)
