EUHOMY IM-06D-HM

EUHOMY Countertop Ice Maker Machine User Manual

MODEL: IM-06D-HM

Brand: EUHOMY

1. Introduction

Thank you for choosing the EUHOMY Countertop Ice Maker Machine. This appliance is designed to provide fresh bullet-shaped ice cubes quickly and efficiently, suitable for various settings including home, kitchen, camping, and RV use. With a daily ice production capacity of up to 26 lbs and a rapid ice-making cycle of 6-8 minutes for 9 ice cubes, this machine offers convenience and performance. It features smart operation indicators and an auto-cleaning function for ease of use and maintenance.

2. Safety Precautions

- Before plugging in your ice maker, allow it to stand upright for at least 2 hours to allow the refrigerant fluid to settle.
- This appliance uses flammable refrigerant (R600a). Do not use mechanical devices or other means to accelerate the defrosting process.
- Do not puncture the refrigerant tubing.
- Ensure the power supply matches the voltage specified on the appliance.
- Keep the appliance away from heat sources and direct sunlight.
- Do not immerse the appliance, cord, or plug in water or other liquids.
- Supervise children when the appliance is in use.

3. Product Overview

Figure 1: Front view of the EUHOMY Countertop Ice Maker Machine.

ENDLESS SUPPLY of REFRESHING BULLET ICE ARE ALL HERE

- ✓ Euhomy Ice Maker with Portable Sturdy Handle
- ✓ 9Pcs Bullet Ice Cubes Ready in 6Mins
- ✓ 26Lbs/24H Capacity with 1.2L Water Tank and 1.3Lbs Ice Bin

 Ice-Making Cycle	 Insulation Layer	 Save Money	 Little Noise
---	---	---	---

Figure 2: The ice maker features a compact body with a large ice-making capacity.

Components:

- **Control Panel:** Features LED indicators for 'ADD WATER', 'ICE FULL', and 'POWER', along with an 'ON/OFF' button.
- **Transparent Window:** Allows visual monitoring of the ice-making process without opening the lid.

- **Ice Basket:** Detachable basket for collecting and storing ice cubes. Capacity up to 1.3 lbs.
- **Ice Scoop:** Included for convenient ice retrieval.
- **Handle:** Sturdy, integrated handle for easy portability.
- **Water Reservoir:** 1.2L capacity for water supply.
- **Drain Plug:** Located at the bottom for manual water drainage.

4. Setup

1. **Unpacking:** Carefully remove the ice maker from its packaging. Remove all packing materials, including tape and protective films.
2. **Positioning:** Place the ice maker on a flat, stable surface, away from direct sunlight and heat sources. Ensure there is adequate ventilation around the unit.
3. **Refrigerant Settling:** Allow the ice maker to stand upright for at least 2 hours before plugging it in. This allows the refrigerant fluid to settle, ensuring optimal performance.
4. **Clean Before First Use:** Before initial use, clean the interior of the ice maker, including the water reservoir, ice basket, and scoop, with mild detergent and warm water. Rinse thoroughly and wipe dry.
5. **Attach Handle:** If the handle is not pre-attached, align the notches on the handle with the slots on the sides of the machine and snap it into place.

Figure 4: Manually pouring water into the water reservoir.

5. Operation

1. **Add Water:** Open the top cover and remove the ice basket. Pour potable water into the water reservoir up to the 'MAX' fill line. Do not overfill.
2. **Power On:** Plug the power cord into a grounded electrical outlet. The 'POWER' indicator light will blink. Press the 'ON/OFF' button to start the ice-making cycle. The 'POWER' indicator will turn solid green.
3. **Ice Production:** The first batch of 9 bullet ice cubes will be ready in approximately 6-8 minutes. The machine will automatically drop the ice into the basket.
4. **'ICE FULL' Indicator:** When the ice basket is full, the 'ICE FULL' indicator will flash. Remove the ice from the basket to prevent overflowing and allow the machine to resume ice production.
5. **'ADD WATER' Indicator:** If the water level in the reservoir is too low, the 'ADD WATER' indicator will flash. Add more water to the reservoir and the machine will automatically restart the ice-making cycle.
6. **Storing Ice:** For best preservation, transfer freshly made ice cubes to a freezer for long-term storage as the ice maker is not designed to keep ice frozen for extended periods.

6. Maintenance

Automatic Self-Cleaning:

1. Ensure the water reservoir is filled with clean water.
2. Press and hold the 'ON/OFF' button for 5 seconds. The machine will enter self-cleaning mode, which typically lasts for 30 minutes.
3. After the cleaning cycle, drain the dirty water manually using the drain plug at the bottom of the unit.

Manual Cleaning:

- Unplug the appliance before cleaning.
- Remove the ice basket and clean it with warm water and mild detergent.
- Clean the interior of the water reservoir and ice-making components with a soft cloth and a solution of water and vinegar or a mild cleaning agent.
- Rinse all parts thoroughly with clean water.
- Drain any remaining water through the drain plug.
- Wipe the exterior of the machine with a soft, damp cloth.

7. Troubleshooting

Problem	Possible Cause	Solution
Ice maker not producing ice.	No water in reservoir; 'ADD WATER' light flashing.	Add water to the reservoir.
Ice cubes are too small or thin.	Water temperature is too high; ambient temperature is too high.	Use colder water; operate in a cooler environment.
'ICE FULL' light is on, but basket is not completely full.	Ice cubes are blocking the sensor.	Rearrange ice cubes in the basket.
Machine is noisy.	Normal operation sounds (compressor, water pump).	This is normal. Ensure the machine is on a stable surface.
Water leaking from the machine.	Drain plug not properly sealed.	Ensure the drain plug is securely closed.

8. Specifications

- **Brand:** EUHOMY
- **Model Name:** ice maker
- **Model Number:** IM-06D-HM
- **Product Dimensions:** 11.42"D x 8.74"W x 11.57"H

- **Capacity:** 26 Pounds (daily ice production)
- **Water Tank Capacity:** 1.2 Liters
- **Ice Basket Capacity:** 1.3 Pounds
- **Wattage:** 170 watts
- **Voltage:** 115 Volts
- **Refrigerant:** R600a
- **Material:** Acrylonitrile Butadiene Styrene
- **Item Weight:** 12.87 pounds
- **Installation Type:** Countertop
- **Special Features:** Portable, Auto-Cleaning

9. Warranty and Support

EUHOMY is committed to providing customers with premium products. This ice maker includes:

- 12-month warranty from the original purchase date.
- Lifetime technical service support.

Should you have any questions about using your EUHOMY Ice Maker, our 24/7 customer support team is always ready to assist you. Please refer to the contact information provided in your warranty card or visit the official EUHOMY website for support.
