Vipbear 80" Sectional Sleeper Sofa Bed User Manual

Model: 80" Sectional Sleeper Sofa Bed

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Vipbear 80" Sectional Sleeper Sofa Bed. Please read all instructions carefully before assembly and use to ensure proper function and longevity of your product. This multi-functional furniture piece is designed to serve as a sofa, lounge, and bed, featuring a reclining backrest, reversible storage chaise, and integrated USB charging ports.

PACKAGE CONTENTS AND DELIVERY

Your Vipbear Sectional Sleeper Sofa Bed is shipped in **two (2) separate packages**. It is common for these packages to arrive on different dates. Please allow a few days for all packages to be delivered before beginning assembly. Ensure all components are present before discarding packaging materials.

Included Components: Hardware, Sofa Sections, Cushions.

SETUP AND ASSEMBLY

This sofa bed features a tool-free assembly design, allowing for quick and straightforward setup. Follow these steps for assembly:

1. **Unpack Components:** Carefully remove all parts from the two packages. Lay them out on a clean, soft surface to prevent scratches.
2. **Connect Main Sections:** Align the metal brackets on the sofa sections and slide them together until they lock securely.
3. **Attach Legs:** Screw the sofa legs into the designated holes at the bottom of each section. Ensure they are tightened firmly.
4. **Place Cushions:** Position the seat and back cushions onto the sofa frame.

5. **Install Chaise:** Connect the chaise section to the main sofa body. The chaise is reversible and can be attached to either the left or right side.

OPERATING INSTRUCTIONS

1. Converting to Lounge or Bed Mode

The sofa can be easily converted into a lounge or a full bed. To convert:

- **For Lounge Mode:** Gently pull the front section of the sofa outwards. The hidden support mechanism will extend, creating an elongated lounging surface.
- **For Bed Mode:** Continue pulling the front section until it fully extends and locks into a flat position, creating a sleeping surface.

2. Adjusting the Reclining Backrest

The backrest offers 5 adjustable reclining levels (100°, 120°, 140°, 160°, 180°) to suit various activities such as watching TV, reading, or napping.

- To adjust, gently push the backrest forward until you hear a click, then recline it to your desired angle.
- To return to an upright position, push the backrest fully forward until it clicks into the 100° position, then release.

3. Reversing the Chaise

The storage chaise is designed to be reversible, allowing you to configure the L-shape to either the left or right side of the sofa to best fit your living space.

- To reverse, detach the chaise from the main sofa body.
- Move the chaise to the opposite side and re-attach it using the connecting brackets.

Reversible Chaise

Left or right, you decide!

4. Using USB Charging Ports and Side Pockets

The armrest includes integrated USB and Type-C charging ports for convenient device charging. Two side pockets are also provided for organizing magazines, remote controls, or other small items.

- Connect your device's charging cable to the appropriate USB or Type-C port on the armrest.
- Utilize the side pockets for easy access storage.

MAINTENANCE

- **Cleaning:** For general cleaning, vacuum the corduroy fabric regularly using a soft brush attachment to remove dust and debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. For stubborn stains, use a mild fabric cleaner specifically designed for corduroy, testing on an inconspicuous area first. Avoid harsh chemicals.
- **Frame Care:** Periodically check and tighten all screws and connections to ensure stability.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight to prevent fading of the fabric.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Missing parts or packages	Packages may arrive separately.	Wait 2-3 days for all packages to arrive. If still missing, contact customer support.
Sofa feels unstable after assembly	Legs or connecting brackets not fully tightened.	Ensure all legs are screwed in tightly and connecting brackets between sections are securely locked.
Pull-out bed mechanism is stiff	Mechanism may need lubrication or is not aligned.	Ensure no obstructions. Apply a silicone-based lubricant to moving parts if necessary.

Problem	Possible Cause	Solution
USB ports not charging	Power source issue or cable problem.	Ensure the sofa is properly connected to a power outlet. Test with a different USB cable or device.
