4. SETUP

4.1 Charging the Watch

1. Connect the charging cable to a USB power adapter (not included) or a computer's USB port.
2. Attach the magnetic end of the charging cable to the charging contacts on the back of your watch. Ensure it snaps into place securely.
3. The watch display will indicate charging status. Charge the watch fully before first use.

4.2 Powering On/Off

- **To Power On:** Press and hold the side button until the screen lights up.
- **To Power Off:** Press and hold the side button, then select the 'Power Off' option on the screen.

4.3 App Installation and Pairing

To unlock the full potential of your smartwatch, download the companion application on your smartphone.

1. **Download the App:** Scan the QR code below with your smartphone's camera or visit https://app.jusonsmart.com/public/ztfit_download.html to download the official application.
2. **Enable Bluetooth:** Ensure Bluetooth is enabled on your smartphone.
3. **Pairing:** Open the downloaded app, follow the on-screen instructions to create an account (if required), and search for your ZT-MAX20 watch to pair it. Confirm the pairing request on both your phone and watch.

5. OPERATING INSTRUCTIONS

5.1 Basic Navigation

- **Touchscreen:** Swipe left, right, up, or down to navigate through menus and notifications. Tap to select an item.
- **Side Button:** Press to return to the home screen or wake the display. Press and hold for power options or to access specific functions.

5.2 Using Core Functions

- **Calls (Dial):** Once paired, you can initiate or answer calls directly from your watch.
- **Fitness Tracking (Run):** Select the 'Run' app to start tracking your steps, distance, and calories burned during your workout.
- **ECG:** Follow the in-app instructions to take an ECG reading. Remember, this feature is for informational purposes and not a substitute for professional medical advice.
- **Music:** Control music playback on your paired smartphone (play, pause, skip tracks).
- **Photograph:** Use your watch as a remote shutter for your smartphone's camera.
- **Calculator:** Access a basic calculator for quick computations.
- **Weather:** View current weather conditions and forecasts for your location (requires app synchronization).

6. MAINTENANCE

6.1 Cleaning Your Watch

Wipe the watch and bands regularly with a soft, damp, lint-free cloth. Avoid using harsh chemicals or abrasive materials.

6.2 Water Resistance

The ZT-MAX20 is water resistant, suitable for daily use, sweat, rain, and light water exposure. It is not recommended for swimming, showering, or diving. Avoid exposure to hot water or steam.

6.3 Battery Care

To maximize battery life and charge cycles, avoid extreme temperatures. Battery life, charge cycles, and display life vary by use and settings. For optimal performance, charge your watch before the battery is completely depleted.

7. TROUBLESHOOTING

If you encounter issues with your Generic AMOLED Watch ZT-MAX20, try the following steps:

- **Watch not powering on:** Ensure the watch is fully charged. Connect it to the charging cable and a power source.
- **Cannot pair with smartphone:** Ensure Bluetooth is enabled on your phone and the watch. Restart both devices and try pairing again through the app.
- **Inaccurate readings:** Ensure the watch is worn snugly on your wrist. Clean the sensors on the back of the watch.
- **App not syncing:** Check your phone's internet connection and ensure the app has necessary permissions. Restart the app and watch.

- **Factory Reset:** If issues persist, you may perform a factory reset via the watch settings. This will erase all data on the watch.

If the Smart Watch requires servicing or replacement, please contact an authorized service provider.
