6. MAINTENANCE

6.1. Cleaning

Use a soft, lint-free cloth to clean the tablet screen and body. Avoid using abrasive cleaners, alcohol, or chemical solvents, as these may damage the device.

6.2. Battery Care

- Avoid exposing the tablet to extreme temperatures (hot or cold).
- Charge the battery regularly, but avoid leaving it fully charged or fully discharged for extended periods.
- Use only the original charger and cable provided with the tablet.

6.3. Software Updates

Regularly check for and install software updates to ensure your tablet has the latest features, security patches, and performance improvements. You can usually find this option in the tablet's settings menu under "System" or "About tablet".

7. TROUBLESHOOTING

If you encounter issues with your tablet, refer to the following common solutions:

- **Tablet not powering on:** Ensure the battery is sufficiently charged. Connect the charger and wait a few minutes before attempting to power on again.
- **Slow performance:** Close unused applications running in the background. Clear the cache of frequently used apps. Check available storage space and delete unnecessary files.
- **Wi-Fi connectivity issues:** Restart your Wi-Fi router and the tablet. Verify that the Wi-Fi password is correct and that the tablet is within range of the network.
- **Bluetooth accessories not connecting:** Ensure Bluetooth is enabled on both the tablet and the accessory. Make sure the accessory is in pairing mode and within range. Try unpairing and re-pairing the device.
- **Screen not responding:** Restart the tablet. If the issue persists, perform a factory reset (note: this will erase all data on the tablet, so back up important information first).
