- **Cleaning the Table Top:** The tempered glass table top can be wiped clean with a damp cloth and mild soap. Avoid abrasive cleaners.

- **Seasonal Storage:** During prolonged periods of non-use or harsh weather, it is recommended to cover the furniture with a protective cover or store it in a dry, sheltered area.

7. Troubleshooting

- **Wobbly Table/Chair:** Ensure all assembly bolts are fully tightened. If the surface is uneven, consider using furniture levelers or shims under the legs.
- **Difficulty Assembling:** Review the assembly steps carefully. Ensure you are using the correct hardware for each step. Do not force parts together. If issues persist, contact customer support.
- **Fading Wicker/Cushions:** While designed for outdoor use, prolonged exposure to direct sunlight can cause some fading over time. Use covers when not in use to minimize this.
