

FAVSH Daybed with Trundle T

FAVSH Twin Size Upholstered Daybed with Trundle Instruction Manual

Model: Daybed with Trundle T

IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- Ensure all parts are present and undamaged before beginning assembly.
- Assemble on a soft, clean surface to prevent damage to the product.
- Do not overtighten screws during assembly.
- Regularly check all connections to ensure they remain tight.
- Do not exceed the maximum weight capacity: Main bed 300 lbs, Trundle 200 lbs.
- Keep small parts away from children during assembly.

SETUP AND ASSEMBLY

This daybed is designed for easy assembly. It is recommended to have two people for certain steps to ensure stability and ease of construction. An installation manual is included with the product for detailed step-by-step instructions.

Required Tools (Not Included):

- Phillips head screwdriver
- Allen wrench (often included with hardware)

Assembly Steps Overview:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a soft, clean surface to prevent scratches. Verify all hardware and components are present against the included parts list.
2. **Assemble Main Frame:** Attach the side rails to the headboard and footboard using the provided hardware. Ensure all

connections are secure but do not fully tighten until the frame is aligned.

3. **Install Bed Slats:** Place the wooden bed slats onto the main bed frame. These slats are designed to support the mattress directly, eliminating the need for a box spring. Secure them according to the manual's instructions.
4. **Assemble Trundle Frame:** Construct the trundle frame, attaching the wheels as specified. The trundle is designed to slide smoothly under the main daybed.
5. **Install Trundle Slats:** Place the wooden bed slats onto the trundle frame and secure them.
6. **Final Tightening:** Once the entire structure is assembled and aligned, carefully tighten all screws and bolts.

OPERATING INSTRUCTIONS

Using the Daybed:

The FAVSH Upholstered Daybed serves as both a comfortable seating area and a sleeping solution. Place a twin-size mattress (not included) directly onto the main bed slats. The upholstered backrest and arms provide a comfortable lounging experience.

Using the Trundle:

The integrated trundle bed provides an additional sleeping space. To deploy the trundle:

1. Gently pull the trundle frame from underneath the main daybed. The trundle is equipped with smooth, durable wheels for easy movement.
2. Once fully extended, a twin-size mattress (not included) can be placed on its slats.
3. To store, simply push the trundle back underneath the main daybed until it is fully concealed.

MAINTENANCE

To maintain the appearance and longevity of your FAVSH Daybed:

- **Cleaning:** Wipe the upholstered surfaces with a dry cloth. For spills, blot immediately with a clean, dry cloth. Avoid using harsh chemicals or abrasive cleaners.
- **Regular Checks:** Periodically inspect all bolts and screws to ensure they are tight. Re-tighten if necessary to maintain structural integrity.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight may cause fabric fading.

TROUBLESHOOTING

If you encounter any issues with your daybed, please refer to the following common solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Bed feels unstable or wobbly	Loose connections or uneven assembly.	Check all bolts and screws and tighten them securely. Ensure the daybed is on a level surface.
Trundle does not slide smoothly	Obstruction under the trundle or damaged wheels.	Clear any debris from the floor. Inspect trundle wheels for damage; contact support if wheels are broken.
Slats appear damaged or broken	Excessive weight or improper mattress placement.	Ensure weight capacity is not exceeded (Main bed: 300 lbs, Trundle: 200 lbs). Distribute weight evenly. Contact customer support for replacement parts if necessary.
