Video Description: This video provides a general overview of the ONBRILL Fluted Sideboard Buffet Cabinet, showcasing its design, features, and potential uses in various home settings.

PRODUCT FEATURES

- **Modern Waveform Fluted Design:** Features an exquisite waveform fluted panel design with golden metal handles, adding visual impact and elegance.
- **Thickened Beveled Border:** Constructed with 1.5-inch thickened frame boards and a special bevel-edge design for superior visual depth and structural integrity.
- **Large Storage Space:** Offers four large internal spaces and five height-adjustable shelves for customizable storage of various items, from small kitchen utensils to larger appliances.
- **Stable and Durable Construction:** Made of high-quality engineered wood, designed to be waterproof and durable. Includes an anti-tipping design for wall fixation and five adjustable foot pads for stability on uneven floors.
- **Multi-scenario Use:** Versatile design suitable for dining rooms, living rooms, kitchens, hallways, and entrances. Can function as a decorative cabinet, coffee bar, dining cabinet, TV cabinet, or foyer cabinet.
- **Easy Assembly:** Each part is clearly numbered, and simple instructions, tools, and video guides are provided for straightforward assembly.

SAFETY INFORMATION

To ensure safe use of your ONBRILL Fluted Sideboard Buffet Cabinet, please adhere to the following safety guidelines:

- Always use the provided anti-tipping hardware to secure the cabinet to a wall. This prevents accidental tipping, especially in households with children or pets.
- Do not exceed the maximum weight capacity: 360 pounds for the tabletop and 50 pounds for each shelf.
- Ensure the cabinet is placed on a level surface. Use the adjustable foot pads to stabilize the unit and prevent wobbling.
- Keep small parts and hardware out of reach of children during assembly to prevent choking hazards.
- Avoid climbing or sitting on the cabinet.

Video Description: This comprehensive video provides step-by-step instructions for assembling the ONBRILL Fluted Sideboard Buffet Cabinet, including identifying parts and proper installation techniques.

Parts List

Refer to the assembly video for a complete visual parts list. Ensure all numbered wooden panels and lettered hardware components are accounted for.

Step-by-Step Assembly

- Step 1: Prepare Base Panels.** Attach the small metal brackets to the designated holes on the base panels using

screws.

- Step 2: Connect Base Panels.** Insert the long metal bolts into the pre-drilled holes on the base panels. Secure with wooden dowels.
- Step 3: Attach Side Panel.** Connect one side panel to the assembled base using the cam lock system. Insert cam bolts and turn cam locks to secure. Install the adjustable foot pads.
- Step 4: Attach Back Support.** Secure the back support bar to the top edge of the side panel using cam locks.
- Step 5: Attach Top Panel.** Connect the top panel to the side panel and back support using cam locks.
- Step 6: Attach Second Side Panel.** Secure the second side panel to the top and bottom panels using cam locks. Install the remaining adjustable foot pads.
- Step 7: Install Anti-Tipping Device.** Attach the anti-tipping device to the back of the cabinet's top edge using screws.
- Step 8: Install Back Panels.** Slide the back panels into the grooves and secure them with screws.
- Step 9: Insert Shelf Pins.** Place the shelf pins into the desired height adjustment holes inside the cabinet.
- Step 10: Install Adjustable Shelves.** Place the adjustable shelves onto the shelf pins.
- Step 11: Attach Hinges to Doors (Left).** Secure the inset hinges to the left-side doors using screws.
- Step 12: Attach Hinges to Doors (Right).** Secure the half overlay hinges to the right-side doors using screws.
- Step 13: Mount Doors and Handles.** Attach the doors to the cabinet frame by screwing the hinges into place. Install the golden metal handles onto the doors.

OPERATING INSTRUCTIONS

The ONBRILL Fluted Sideboard Buffet Cabinet is designed for straightforward use.

- Opening/Closing Doors:** Use the golden metal handles to gently open and close the cabinet doors. The buffer door hinges ensure smooth and quiet operation.
- Adjusting Shelves:** To adjust the height of the internal shelves, carefully remove the shelf and reposition the shelf pins to the desired height. Ensure all four pins are securely inserted before placing the shelf back.
- Placement:** Position the cabinet in your desired location, ensuring it is level using the adjustable foot pads. Always secure the cabinet to the wall using the anti-tipping device for safety.

MAINTENANCE AND CARE

Proper care will extend the life and appearance of your cabinet.

- Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- Spills:** Clean up spills immediately to prevent staining or water damage to the engineered wood.
- Sunlight Exposure:** Avoid prolonged direct sunlight exposure, which can cause fading or discoloration.
- Heat and Moisture:** Keep the cabinet away from direct heat sources and excessive moisture to prevent warping or damage.
- Hardware Check:** Periodically check all screws and fittings to ensure they are tight. Retighten if necessary.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Cabinet is wobbly/unstable.	Uneven floor surface; loose foot pads or connections.	Adjust the five adjustable foot pads until the cabinet is stable. Check and tighten all assembly screws.
Doors do not align or close properly.	Hinges are not adjusted correctly; cabinet not level.	Adjust the screws on the buffer door hinges to align the doors. Ensure the cabinet is level.
Missing parts or damaged components.	Packaging error or transit damage.	Contact customer service immediately with your product model and details of the issue.
