PURPLE LEAF ZY04JJG1016-SL

PURPLE LEAF 10' x 16' Aluminum Hardtop Gazebo with Lights

Model: ZY04JJG1016-SL

Introduction

Thank you for choosing the PURPLE LEAF 10' x 16' Aluminum Hardtop Gazebo with Lights. This manual provides essential information for the safe assembly, operation, and maintenance of your new outdoor structure. Please read all instructions carefully before beginning assembly and retain this manual for future reference.
This gazebo features a robust aluminum frame, a galvanized steel double roof, removable netting and curtains, and integrated clear lights, designed to enhance your outdoor living space.

Safety Information

- Ensure all parts are present and undamaged before assembly. Do not proceed with assembly if any parts are missing or damaged.
- Assembly requires at least two adults. Use appropriate safety gear, such as gloves and eye protection.
- Choose a level and stable surface for installation. Securely anchor the gazebo to the ground using the provided hardware to prevent wind damage.
- Do not hang heavy objects from the gazebo frame or roof.
- In case of extreme weather conditions (heavy snow, strong winds), it is recommended to remove curtains and netting and, if possible, disassemble the gazebo to prevent damage.
- Keep children and pets away from the assembly area.

- Ensure all electrical connections for the lights are properly sealed and protected from moisture.

Package Contents

Please verify that all components listed below are included in your package:

- Powder-coated Aluminum Frame components
- Galvanized Steel Double Roof panels
- 3.9" x 3.9" Thickened Support Posts
- 160 GSM Yarn-dyed Polyester Curtains (Fade-Resistant)
- 110 GSM Textilene Netting (Breathable, Durable, Easy to Clean)
- 36 Clear Lights (PET Housing, Dual Filament High Brightness)
- Stainless Steel Screws and other assembly hardware
- Assembly Tools (typically hex keys, wrenches)

Setup and Assembly

Assembly of this gazebo requires careful attention to detail. Follow the numbered steps in the provided assembly guide (separate document) for precise instructions. The following provides a general overview and highlights key features.

Key Structural Features:

- **Thickened Posts:** The gazebo is supported by 3.9" x 3.9" thickened posts, providing superior structural integrity.
- **Reinforced Beams:** Upgraded thicker reinforced structural beams offer 50% stronger load capacity, withstanding 40 MPH winds and up to 1700 lbs of snow load.
- **Stainless Steel Hardware:** All screws are made of stainless steel for long-lasting durability and rust resistance.

Thickened Post

Superior to the others, our posts stand out, constructed to provide support and withstand.

Image: Diagram illustrating the upgraded thicker reinforced structural beams, designed for increased load capacity.

Image: Stainless steel screws for enhanced durability and rust resistance.

Image: Powder-coated aluminum frame, resistant to rust and corrosion.

Assembly Tips:

- Organize all parts by their labels before starting.
- Do not fully tighten all bolts until the entire frame is assembled and squared.
- Refer to the detailed dimension diagram for proper placement of components.

Operating Instructions

Integrated Lighting:

The gazebo includes 36 clear lights with PET housing, designed for pressure and drop resistance, even light transmission, and fast heat dissipation. Connect the lights to a suitable outdoor power source. Ensure all connections are

waterproofed and secured.

Curtains and Netting:

The gazebo is equipped with double tracks for both the 160 GSM yarn-dyed polyester curtains and 110 GSM Textilene netting. These can be operated independently to control privacy, sunlight, and insect protection.

- **Netting:** Pull the netting closed to keep insects out while allowing light and airflow.
- **Curtains:** Pull the curtains closed for enhanced privacy and to block direct sunlight.

Image: Gazebo with both netting and curtains deployed.

Maintenance

- **Cleaning:** Clean the aluminum frame and galvanized steel roof with mild soap and water. Rinse thoroughly and dry. The curtains and netting can be spot cleaned or removed for gentle washing according to fabric care instructions.
- **Inspection:** Periodically inspect all bolts and connections to ensure they remain tight. Re-tighten as necessary. Check the roof panels for any signs of damage or loose connections.

- **Winter Care:** While the galvanized steel roof is designed to withstand snow loads, it is advisable to clear heavy snow accumulation to prevent excessive stress on the structure. Remove curtains and netting during winter months or severe weather to prolong their lifespan.
- **Drainage:** Ensure the slope drainage system on the roof is clear of debris to allow for proper water runoff.

Troubleshooting

Problem	Possible Cause	Solution
Gazebo feels unstable or wobbly.	Loose connections; improper anchoring; uneven ground.	Ensure all bolts are tightened. Verify the gazebo is securely anchored to a level surface.
Water pooling on the roof.	Debris blocking drainage; incorrect roof panel installation.	Clear any debris from the roof and drainage channels. Re-check roof panel alignment according to assembly instructions.
Lights not working.	Power source issue; loose connection; damaged bulb/wire.	Check power supply. Ensure all light connections are secure. Inspect for visible damage to bulbs or wiring.
Curtains/Netting not sliding smoothly.	Debris in tracks; damaged runners.	Clean tracks of any dirt or obstructions. Inspect runners for damage and replace if necessary.

Specifications

- **Brand:** PURPLE LEAF
- **Model Number:** ZY04JJG1016-SL
- **Product Dimensions:** 179.13"L x 106.3"W x 113.03"H (10' x 16')
- **Frame Material:** Powder-coated Aluminum
- **Roof Material:** Galvanized Steel Double Roof
- **Curtain Material:** 160 GSM Yarn-dyed Polyester
- **Netting Material:** 110 GSM Textilene Fabric
- **Lights:** 36 Clear Lights (PET Housing)
- **Color:** Grey & Lights
- **Water Resistance Level:** Waterproof
- **Ultraviolet Light Protection:** Yes
- **Post Thickness:** 3.9" x 3.9"
- **Wind Resistance:** Withstands up to 40 MPH winds
- **Snow Load Capacity:** Up to 1700 lbs

Warranty & Support

PURPLE LEAF is committed to providing high-quality products and services. Your gazebo comes with the following warranty:

- **Top Panel:** 5 Years
- **Curtains & Netting:** 2 Years
- **Frame:** 1 Year
