## SETUP AND ASSEMBLY

Assembly of the CayugaCrekrd 3 Doors LED Wardrobe Closet requires careful attention to detail. Please ensure you have ample space and a second person to assist.

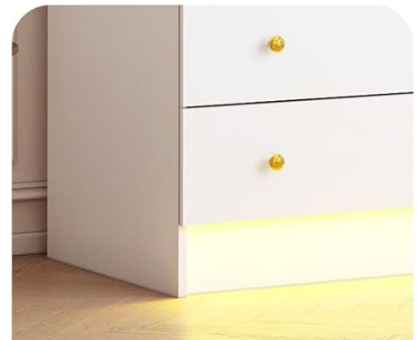

1. **Unpack and Identify Parts:** Carefully unpack all components from both boxes. Lay them out on a clean, soft surface to prevent scratches. Match each part to the numbered labels in the instruction manual.
2. **Assemble the Base:** Follow the step-by-step diagrams to construct the base frame of the wardrobe. Ensure all connections are tight and secure. Attach the feet pads to protect your floor.
3. **Construct Side Panels and Back Panel:** Attach the side panels to the base. Carefully slide the back panel into its grooves, ensuring it is flush and secure.
4. **Install Internal Shelves and Hanging Rod:** Insert the fixed and adjustable shelves into their designated positions. Secure the removable hanging rod in the left compartment.
5. **Assemble and Install Drawers:** Follow the instructions to assemble the three drawers. Install the smooth rails onto the wardrobe frame and then slide the assembled drawers into place.
6. **Attach Doors:** Mount the three doors using the soft-close hinges. Adjust the hinges as needed to ensure the doors align properly and close smoothly.
7. **Install Handles:** Attach the gold-colored metal handles to the doors and drawers.
8. **Install LED Lighting System:** Adhere the LED light strip to the designated area (typically along the bottom or inside the top panel). Connect the light strip to the control box and power adapter.
9. **Secure Anti-Tipping Device:** For safety, attach the anti-tipping device to the top rear of the wardrobe and secure it to a wall stud using appropriate hardware.

## MAINTENANCE

### Cleaning

- **Wood Surfaces:** Wipe engineered wood surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that can damage the finish. Dry immediately with a clean cloth.
- **Mirror:** Clean the mirror with a glass cleaner and a lint-free cloth. Spray cleaner onto the cloth, not directly onto the mirror, to prevent liquid from seeping into edges.
- **LED Lights:** Gently wipe the LED strip with a dry, soft cloth if dust accumulates. Ensure the power is off before cleaning.

### General Care

- Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary.
- Avoid placing hot items directly on the wardrobe surface.
- Do not drag the wardrobe when moving it; always lift with assistance to prevent damage to the base and floor.

- Ensure the anti-tipping device remains securely fastened to the wall.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Wardrobe is wobbly/unstable.	Loose fasteners; uneven floor; anti-tipping device not installed.	Check and tighten all screws. Ensure the wardrobe is on a level surface. Install or re-secure the anti-tipping device to the wall.
Drawers do not slide smoothly or are stuck.	Rails are misaligned; debris in rails; drawer overloaded.	Remove the drawer and check rail alignment. Clear any obstructions from the rails. Reduce the weight in the drawer.
Doors do not close properly or are misaligned.	Hinges are loose or improperly adjusted.	Adjust the soft-close hinges according to the assembly instructions to ensure proper alignment and closure. Tighten hinge screws.
LED lights are not working.	Power connection loose; remote battery dead; light strip damaged.	Check if the power adapter is securely plugged into the wall and the light strip. Replace remote control batteries. If issues persist, contact support.
