## 2. SETUP

### 2.1 Unboxing and Initial Inspection

Carefully remove all components from the packaging. Verify that all items listed in the package contents are present and undamaged. If any items are missing or damaged, contact customer support immediately.

### 2.2 Charging the Tablet

Before first use, fully charge the tablet. Connect the provided USB-C cable to the tablet's charging port and the other end to the power adapter. Plug the power adapter into a wall outlet. The charging indicator will illuminate. A full charge typically takes approximately 3 hours with the 30W fast charging capability.

## 2.3 Powering On and Initial Configuration

1. Press and hold the Power button until the MESWAO logo appears.
2. Follow the on-screen prompts to select your language, region, and connect to a Wi-Fi network.
3. Sign in with your Google account or create a new one to access the Google Play Store and other services.
4. Complete any remaining setup steps, such as setting up a screen lock (PIN, pattern, or password) and reviewing privacy settings.

# Latest Android 14 System

## 3. OPERATING INSTRUCTIONS

### 3.1 Basic Navigation

- **Touch Gestures:** Tap to select, swipe to scroll, pinch to zoom.
- **Home Screen:** Access apps, widgets, and notifications.
- **Notification Panel:** Swipe down from the top of the screen to view notifications and quick settings.
- **App Drawer:** Swipe up from the bottom of the screen to access all installed applications.

### 3.2 Display and Visual Experience

The 15.6-inch Full HD (1920x1080) IPS display offers vivid colors and wide viewing angles. Adjust brightness and display settings in the Settings menu under "Display" for optimal viewing comfort. The large screen is ideal for multitasking and immersive media consumption.

# 1920\*1080P Full HD Visual Experience

Boost productivity with vivid theater-grade visuals  
for work and entertainment

## 3.3 Performance and Storage

Equipped with an Octa-Core Helio G99 processor and Android 14, the tablet provides smooth performance for various applications. It includes 8GB RAM and 256GB internal storage, expandable up to 1TB via a TF (microSD) card. To insert a TF card, locate the card slot on the side of the tablet, open the tray, and carefully place the card into the designated slot before reinserting the tray.

## 3.4 Camera Usage

The tablet features a 32MP rear camera with flash and a 5MP front camera. Open the Camera application to capture photos, record videos, or engage in video calls. Ensure good lighting for best results.

# 5MP+32MP Dual HD Camera

Seize every precious life moment and max your time with your family and friends

Image: A visual demonstrating the MESWAO tablet's 5MP front camera and 32MP rear camera, showing a family photo being taken and a video call in progress.

## 3.5 Connectivity

The tablet supports dual-band Wi-Fi (2.4GHz & 5GHz) for stable internet connectivity. Bluetooth is also available for connecting wireless accessories. Access these settings via the Notification Panel or the main Settings app.

## 4. MAINTENANCE

### 4.1 Cleaning the Tablet

Use a soft, lint-free cloth to clean the screen and body of the tablet. For stubborn smudges, slightly dampen the cloth with water or a screen-safe cleaning solution. Avoid using harsh chemicals or abrasive materials.

### 4.2 Software Updates

Regularly check for and install system updates to ensure your tablet has the latest features, security patches, and performance improvements. Go to **Settings > System > System update** to check for updates.

### 4.3 Battery Care

- Avoid extreme temperatures, as they can degrade battery life.
- Do not let the battery completely drain frequently.
- Use only the provided charger or a certified compatible charger.

## 5. TROUBLESHOOTING

### 5.1 Tablet Not Powering On

- Ensure the tablet is sufficiently charged. Connect it to the charger for at least 30 minutes before attempting to power on again.
- Press and hold the Power button for 10-15 seconds to perform a forced restart.

### 5.2 Wi-Fi Connectivity Issues

- Check if Wi-Fi is enabled in the Quick Settings or Settings menu.
- Restart your Wi-Fi router and the tablet.
- Forget the network in Wi-Fi settings and reconnect.
- Ensure you are within range of the Wi-Fi signal.

### 5.3 Slow Performance

- Close unnecessary background applications.
- Clear cache data for frequently used apps (**Settings > Apps > [App Name] > Storage & cache > Clear cache**).
- Ensure sufficient free storage space. Delete unused files or apps.
- Restart the tablet periodically.

### 5.4 Screen Unresponsive

- Perform a forced restart (hold Power button for 10-15 seconds).
- Ensure the screen is clean and free of moisture or debris.
