OTTOCAST Ottoscreen AI

OTTOCAST OttoScreen AI 11.4" Portable CarPlay Screen User Manual

Model: Ottoscreen AI

1. Introduction

The OTTOCAST OttoScreen AI is an 11.4-inch portable smart display designed to integrate advanced technology into any vehicle. It provides wireless CarPlay and Android Auto functionality, powered by an 8-core processor and Android 15 OS. This manual provides instructions for setting up, operating, and maintaining your device to ensure optimal performance and a safer driving experience.

2. What's in the Box

Please check the package contents upon unboxing:

- 1 x OttoScreen AI Display Unit
- 1 x Stand with 3M Adhesive
- 1 x Backup Camera
- 1 x AUX Cable (1.5M)
- 1 x Cigarette Lighter Power Adapter
- 1 x User Manual (this document)

3. Setup and Installation

3.1 Mounting the Display

1. **Choose a Location:** Select a flat, clean surface on your dashboard that does not obstruct your view of the road or interfere with airbag deployment.
2. **Clean the Surface:** Ensure the chosen area is free of dust and grease. Use an alcohol wipe if necessary and let it dry completely.
3. **Attach the Stand:** Peel the protective film from the 3M adhesive on the stand. Firmly press the stand onto the dashboard for at least 30 seconds. Allow the adhesive to cure for a few hours before attaching the display for maximum adhesion.
4. **Attach the Display:** Securely attach the OttoScreen AI display unit to the mounted stand. Adjust the angle for optimal viewing.

3.2 Power Connection

1. Insert the small end of the power cable into the designated power input port on the OttoScreen AI unit.
2. Plug the cigarette lighter power adapter into your vehicle's 12V power outlet.
3. The device will power on automatically when the vehicle's ignition is turned on, thanks to its Instant Boot feature.

3.3 Backup Camera Installation (Optional)

The included 1080P backup camera can be installed for enhanced safety. Refer to the separate backup camera installation guide for detailed wiring instructions. Once connected, the camera feed will automatically display on the OttoScreen AI when the vehicle is in reverse.

4. Operating Instructions

4.1 Initial Setup and Connectivity

1. **Power On:** The device will boot up automatically when power is supplied.
2. **Language and Time:** Follow the on-screen prompts to set your preferred language, time zone, and date.
3. **Wi-Fi Connection:** Connect the OttoScreen AI to a Wi-Fi network (e.g., your phone's hotspot) to enable full smart features and app downloads. Go to Settings > Wi-Fi and select your network.

4.2 Wireless CarPlay and Android Auto

The OttoScreen AI supports seamless wireless CarPlay and Android Auto via dual Wi-Fi and dual Bluetooth.

1. **Enable Bluetooth & Wi-Fi:** On your smartphone, ensure Bluetooth and Wi-Fi are enabled.
2. **Pair Device:** On the OttoScreen AI, navigate to the CarPlay or Android Auto application. It will prompt you to pair your phone. Select your phone from the list of available Bluetooth devices.
3. **Confirm Connection:** Accept any pairing requests on both your phone and the OttoScreen AI. Once connected, CarPlay or Android Auto will launch automatically.

4.3 Gemini AI Smart Co-Pilot

The integrated AI assistant allows for hands-free control of navigation, music, and other functions using custom wake words.

- **Activate:** Use your predefined wake word (e.g.,

Ask a question about this manual

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page's manual context to help answer it.
