CollaredEagle LED Vanity Desk with Mirror User Manual

Model: B0GF37LF4F

INTRODUCTION

Thank you for purchasing the CollaredEagle LED Vanity Desk with Mirror. This manual provides essential information for the safe assembly, operation, and maintenance of your new vanity desk. Please read these instructions thoroughly before use and retain them for future reference.

SAFETY INFORMATION

- Always assemble the product on a soft, clean surface to prevent scratches.
- Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten as necessary.
- Do not overload drawers or place excessively heavy items on the desktop.
- Keep electrical components (lights, power outlets) away from water or damp environments.
- Use only the provided power adapter for the LED lights and power outlets.
- Keep small parts out of reach of children during assembly to prevent choking hazards.
- Do not stand or climb on the vanity desk or stool.

SETUP AND ASSEMBLY

The CollaredEagle LED Vanity Desk requires assembly. Detailed, step-by-step instructions and labeled accessories are included in the packaging to guide you through the process. It is recommended to have two people for assembly to ensure stability and ease of handling larger components.

Key Assembly Tips:

- Identify all parts and hardware before starting.
- Follow the numerical or alphabetical order of steps provided in the separate assembly guide.
- Do not overtighten screws, as this may damage the engineered wood.
- Ensure the vanity is placed on a level surface after assembly.

OPERATING INSTRUCTIONS

1. Integrated Power Outlet and USB Ports

The vanity desk is equipped with two standard power sockets and two USB charging ports, conveniently located on the side of the desk. These ports are designed to power and charge your electronic devices such as hair dryers, curling irons, smartphones, or tablets.

- Ensure the vanity desk is properly connected to a wall outlet using the provided power adapter.
- Plug your device's power cord into one of the standard sockets or a USB charging cable into a USB port.
- Avoid overloading the outlets. Refer to the power adapter's specifications for maximum wattage.

2. LED Mirror Lighting

The large mirror is surrounded by 11 adjustable LED lights, offering customizable illumination for your makeup application or grooming needs.

- **Power On/Off:** Locate the touch sensor switch on the mirror surface. Tap once to turn the lights on or off.
- **Change Color Mode:** With the lights on, tap the touch sensor switch repeatedly to cycle through the three available color modes (e.g., Cool White, Natural White, Warm Yellow).

- **Adjust Brightness:** To adjust the brightness, press and hold the touch sensor switch. The brightness will gradually increase or decrease. Release the switch when the desired brightness level is reached.

3. Storage Features

The vanity desk provides ample storage with six small drawers, one large central drawer, and a spacious desktop. These features help keep your cosmetics, accessories, and other items organized and easily accessible.

- Utilize the various drawer sizes to categorize and store different items.
- The desktop surface, including the tempered glass top, offers additional space for frequently used items or decorative displays.

MAINTENANCE

- **Cleaning the Surface:** Wipe the engineered wood surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Mirror Care:** Clean the mirror with a glass cleaner and a lint-free cloth. Do not spray cleaner directly onto the mirror, especially near the LED lights or electrical components. Spray onto the cloth first.
- **Dusting:** Regularly dust all surfaces to prevent buildup.
- **Electrical Components:** Ensure the power cord and adapter are free from damage. If any damage is observed, discontinue use and contact customer support.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
LED lights do not turn on.	Power adapter not connected. Power outlet not active. Touch sensor not responding.	Ensure the power adapter is securely plugged into the vanity and a working wall outlet. Test the wall outlet with another device. Gently tap the touch sensor. If unresponsive, try unplugging and replugging the vanity's power.
Power outlets/USB ports are not working.	Vanity not powered. Device not properly plugged in. Overload protection activated.	Verify the vanity is connected to a live power source. Ensure devices are fully inserted into the sockets/ports. Unplug all devices, wait a few minutes, then plug them back in one by one. Avoid exceeding the maximum wattage.
Drawers are stiff or difficult to open/close.	Improper assembly of drawer slides. Obstruction in the drawer.	Review assembly instructions for drawer slide installation. Check for items blocking the drawer's path.
