MAINTENANCE

To keep your brick-built flowers in optimal condition:

- **Cleaning:** Dust regularly with a soft, dry cloth or a soft brush. For deeper cleaning, gently wipe with a damp cloth and mild soap, then rinse and air dry thoroughly. Avoid harsh chemicals.
- **Storage:** When not on display, store the assembled models or loose bricks in a cool, dry place away from direct sunlight to prevent discoloration or damage.
- **Handling:** Handle assembled models by their base to prevent parts from detaching.

TROUBLESHOOTING

If you encounter any issues during assembly or use:

- **Missing Pieces:** Double-check all packaging and the surrounding area. If pieces are genuinely missing,

please contact customer support.

- **Difficulty Connecting Bricks:** Ensure bricks are aligned correctly. Apply firm, even pressure. If a brick is too tight, try wiggling it gently.
- **Model Instability:** Verify all connections are secure and that you have followed the instructions precisely. Re-examine the base and main stem connections.
- **Discoloration:** Exposure to direct sunlight over extended periods can cause plastic bricks to fade. Store models away from direct sunlight.
