SETUP

1. **Unboxing:** Carefully remove the Fuggler Love Fuggs S2 Pink plush toy from its retail packaging. Ensure no parts of the plush are snagged or damaged during removal.
2. **Initial Inspection:** Examine the plush toy for any visible manufacturing defects, loose threads, or damage that may have occurred during shipping. If any issues are found, refer to the 'Support' section.
3. **Placement:** Your Fuggler is ready for display or gentle interaction. Choose a clean, dry location away from direct sunlight or extreme temperatures.

OPERATING

The ZURU Fuggler Love Fuggs S2 Pink is designed as a collectible plush figure for display and gentle handling. It is not intended for rough play.

- **Interaction:** The plush features a soft, huggable exterior. It can be gently squeezed or held.
- **Display:** Position your Fuggler on a shelf, desk, or any preferred location where it can be admired. Its

unique design makes it a distinctive decorative item.

MAINTENANCE

Proper maintenance ensures the longevity and appearance of your Fuggler plush toy.

- **Cleaning:** For minor surface dirt or dust, gently spot clean the plush with a soft, damp cloth. Use a small amount of mild soap if necessary. Avoid saturating the plush.
- **Drying:** After spot cleaning, allow the plush to air dry completely in a well-ventilated area. Do not use a machine dryer, as this can damage the material.
- **Avoid:** Do not machine wash, bleach, iron, or dry clean the plush toy. These methods can cause irreversible damage to the fabric and internal structure.
- **Storage:** When not on display, store the Fuggler in a clean, dry, and dust-free environment. Avoid

prolonged exposure to direct sunlight, which can cause colors to fade.

TROUBLESHOOTING

This section addresses common concerns regarding your Fuggler plush toy.

- **Loose Threads:** If you notice any loose threads, carefully trim them with a pair of sharp scissors. Do not pull on loose threads, as this may unravel stitching.
- **Stains:** For stubborn stains that cannot be removed by spot cleaning, it is recommended to consult a professional plush toy cleaning service. Avoid using harsh chemical cleaners.
- **Loss of Shape:** Gentle reshaping by hand can help restore the plush's original form if it becomes slightly compressed.
