

## Tribit BTS36

# Tribit StormBox Micro 3 Portable Bluetooth Speaker Instruction Manual

Model: BTS36

## INTRODUCTION AND OVERVIEW

The Tribit StormBox Micro 3 is a compact and powerful portable Bluetooth speaker designed for versatile use. It features advanced audio technology, robust durability, and convenient mounting options, making it ideal for both indoor and outdoor environments.

- **13W XBass Technology:** Equipped with a 48mm Neodymium driver and 2 coaxial passive radiators, delivering 13W rich audio with deep, punchy bass and clear highs/mids.
- **24H Non-Stop Music:** Enjoy up to 24 hours of continuous music playback at medium volume. A 15-minute quick charge provides 4 hours of playtime.
- **IP68 & 1.22m Drop-Proof:** SGS-certified IP68 waterproof protection against rain, splashes, and brief submersion. Tested to withstand drops from up to 1.22 meters.
- **Strap & Magnetic Mount:** Features a 2-in-1 design allowing secure attachment via a non-slip strap to handlebars, backpacks, or tent poles, or magnetic attachment to metal surfaces.
- **Bluetooth 6.0 & 45m Range:** Utilizes the latest Bluetooth 6.0 chipset with AAC/SBC codec for stable audio up to 45 meters, ensuring faster pairing and stronger anti-interference.
- **Versatile Smart Functions:** Supports TWS pairing for immersive stereo sound, a dedicated app with 7 presets and 9 EQ bands for audio customization, auto shut-off, OTA updates, and a built-in mic for hands-free calls.

## SETUP

### 1. Initial Charging

Before first use, fully charge your speaker. Connect the provided USB-C charging cable to the speaker's charging port and a compatible power source. A full charge takes approximately 2 hours. A 15-minute quick charge provides 4 hours of playtime.

### 2. Power On/Off

- **Power On:** Press and hold the Power button  for 2 seconds.
- **Power Off:** Press and hold the Power button for 2 seconds.

### 3. Bluetooth Pairing

1. Ensure the speaker is powered on and the Bluetooth indicator is blinking, indicating it's in pairing mode.
2. On your device (smartphone, tablet, etc.), enable Bluetooth and search for "Tribit StormBox Micro 3" in the list of available devices.
3. Select the speaker to connect. Once connected, the Bluetooth indicator will turn solid blue.

### 4. Tribit App Download

For enhanced control and customization, download the Tribit App from the App Store (iOS) or Google Play Store (Android). The app allows you to adjust EQ settings, manage auto shut-off, and receive firmware updates.

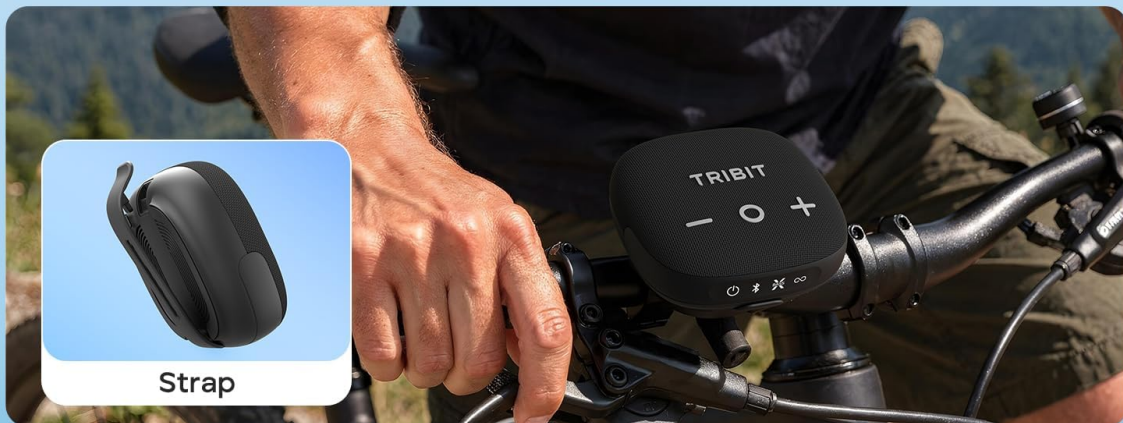

## OPERATING THE SPEAKER

### 1. Basic Controls

- **Volume Up/Down:** Press the '+' or '-' buttons.
- **Play/Pause:** Press the 'O' button.
- **Next Track:** Double-press the 'O' button.
- **Previous Track:** Triple-press the 'O' button.

## 2-in-1 Mount: Strap or Magnet Snap

Secure Anywhere: From Bike Handles to Fridge Doors.

\*Tip: For static use, magnet. For intense activities, strap it down.

Image: Top view of the Tribit StormBox Micro 3 speaker, clearly showing the large '+' (volume up), 'O' (play/pause), and '-' (volume down) buttons.

## 2. XBass Technology

The speaker features XBass technology for enhanced low-end frequencies. Press the 'XBass' button (often indicated by an 'X' icon) to activate or deactivate this feature, boosting bass impact.

# No Dropouts, Extended Freedom

Bluetooth 6.0 with AAC/SBC, Up to 45 Meters.

Image: An exploded view diagram of the Tribit StormBox Micro 3, highlighting the 48mm NdFeB driver and two coaxial passive radiators, with 'XBass' logo.

### 3. True Wireless Stereo (TWS) Pairing

Pair two StormBox Micro 3 speakers together for an immersive stereo sound experience. Activate TWS mode on both speakers (usually by pressing a dedicated TWS button or through the app) and follow the pairing instructions.

# Built-in Mic for Calls

Ideal for Biking, Chores, Work – Voice-control Everything.

Image: Two Tribit StormBox Micro 3 speakers are shown attached to backpacks of hikers, illustrating TWS pairing for stereo sound in an outdoor setting.

## 4. Hands-Free Calling

The built-in microphone allows for hands-free calls. When a call comes in, press the 'O' button to answer or end the call. Press and hold the 'O' button to reject a call.

# TWS Pairing for Stereo Sound

Pair two speakers to create a rich, spatial stereo experience.

## 6. Reverse Charging (Power Bank)

The speaker can act as a power bank to charge your devices. Connect your device to the speaker's USB-C port using a compatible cable to initiate reverse charging.

## MOUNTING OPTIONS

The StormBox Micro 3 offers flexible mounting solutions to suit various activities:

- **Strap Mount:** Use the integrated non-slip silicone strap to securely attach the speaker to bicycle handlebars, backpack straps, or tent poles.
- **Magnetic Mount:** The speaker features strong magnets on its base, allowing it to securely attach to metal surfaces like refrigerators, toolboxes, or metal poles when stationary.

# Power for Unlimited Adventure

24H Playtime · Full Charge in About 2H.

## MAINTENANCE

To ensure the longevity and optimal performance of your Tribit StormBox Micro 3, follow these maintenance guidelines:

- **Cleaning:** Use a soft, damp cloth to wipe the speaker's surface. Avoid using harsh chemicals or abrasive cleaners.
- **Storage:** Store the speaker in a cool, dry place away from extreme temperatures and direct sunlight when not in use for extended periods.
- **Waterproof Seal:** Ensure the USB-C port cover is securely closed to maintain IP68 waterproof integrity, especially before exposure to water.

## Durability and Protection

The StormBox Micro 3 is built to withstand challenging environments:

- **IP68 Waterproof:** The speaker is fully protected against dust and can be submerged in water up to 1.5 meters for 30 minutes.

- **1.22m Drop-Proof:** Engineered to survive drops from up to 1.22 meters, making it suitable for rugged outdoor activities.

## Big Sound, Fits Your Hand

13W Power for Clarity · XBass for Deep Punch.

### TROUBLESHOOTING

If you encounter any issues with your Tribit StormBox Micro 3, please refer to the following general advice:

- **No Power:** Ensure the speaker is fully charged. Connect it to a power source and check the charging indicator.
- **Cannot Pair:** Make sure the speaker is in pairing mode (blinking Bluetooth indicator). Disable and re-enable Bluetooth on your device, then try pairing again.
- **Poor Sound Quality:** Check the volume levels on both the speaker and your connected device. Ensure there are no obstructions between the speaker and your device. Try adjusting the EQ settings via the Tribit App.
- **Connection Drops:** Ensure your device is within the 45-meter Bluetooth range. Avoid strong electromagnetic interference.

For more detailed troubleshooting or persistent issues, please contact Tribit customer support.
