SYLVOX RQ22R3KHCA

SYLVOX 22" 12V/24V Smart RV QLED TV User Manual

Model: RQ22R3KHCA

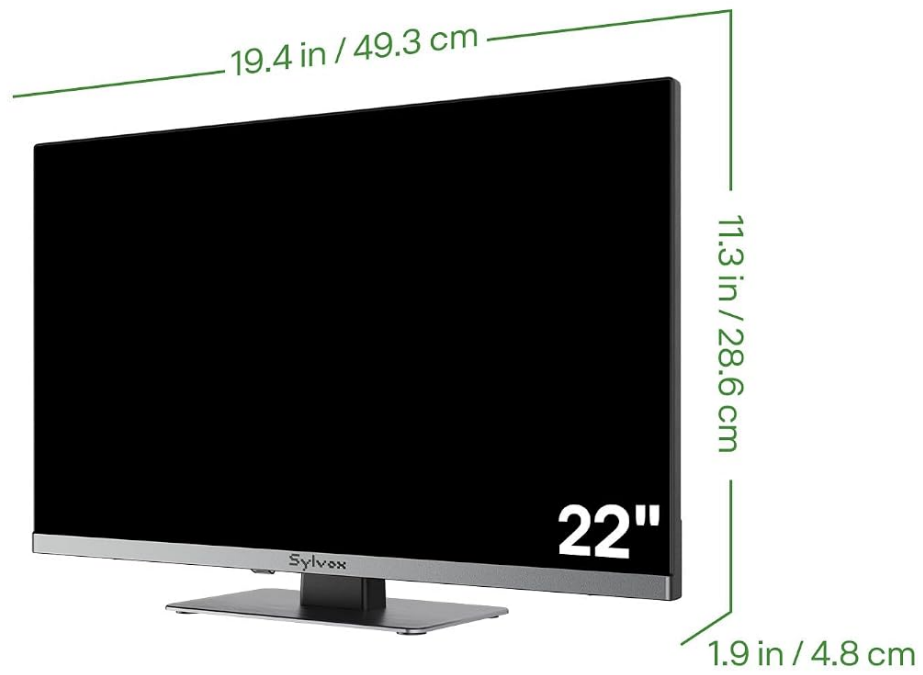

INTRODUCTION

This manual provides essential information for the proper installation, operation, and maintenance of your SYLVOX 22" 12V/24V Smart RV QLED TV. This television is designed for recreational vehicles, campers, vans, trucks, boats, and off-grid setups, featuring wide voltage support, a QLED display, Google TV, and a built-in DVD player. Please read this manual thoroughly before using the product and retain it for future reference.

WHAT'S IN THE BOX

Carefully unpack all components and ensure you have received the following items:

- SYLVOX 22" Smart RV QLED TV
- Remote Control
- Power Adapter (for 110V AC use)
- 12V Car Connector (for DC power)
- TV Stand Components (Base, Column Bracket, Screws)
- User Manual (this document)
- Warranty Card
- AAA Batteries (2x) for Remote Control

Weight:6.5 lbs / 3.0kg

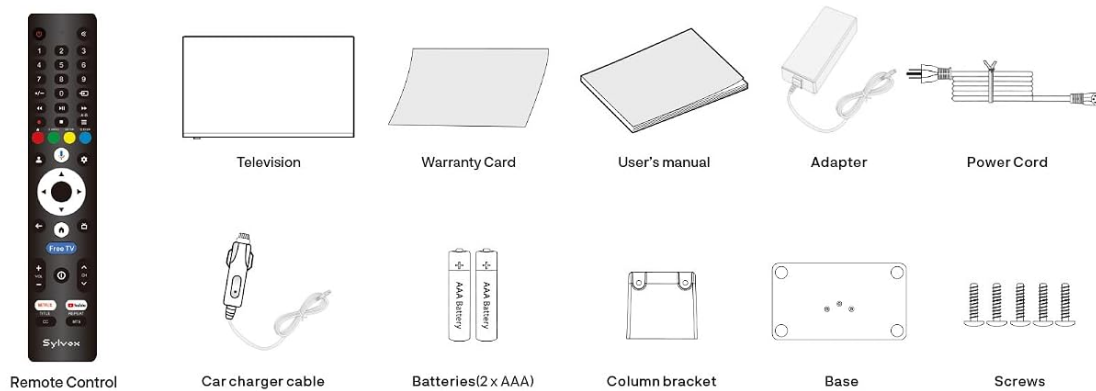

Image: Included accessories and TV dimensions. The package contains the TV, remote control, power adapter, 12V car cable, batteries, stand components, user manual, and warranty card.

PRODUCT OVERVIEW

SETUP

1. Power Connection

The SYLVOX RV TV supports both 12V/24V DC and 110V AC power inputs.

- **For RV/Vehicle Use (DC Power):** Connect the provided 12V car connector cable to the 12V DC Power Input port on the TV and to your vehicle's 12V or 24V power source. The TV is designed with built-in voltage stabilization, surge protection, and reverse polarity protection for safe operation within a 9-32V range.
- **For Home/Standard Use (AC Power):** Connect the provided power adapter to the 12V DC Power Input port on the TV, then plug the adapter into a standard 110V AC wall outlet.

Stable Operation on RV Power

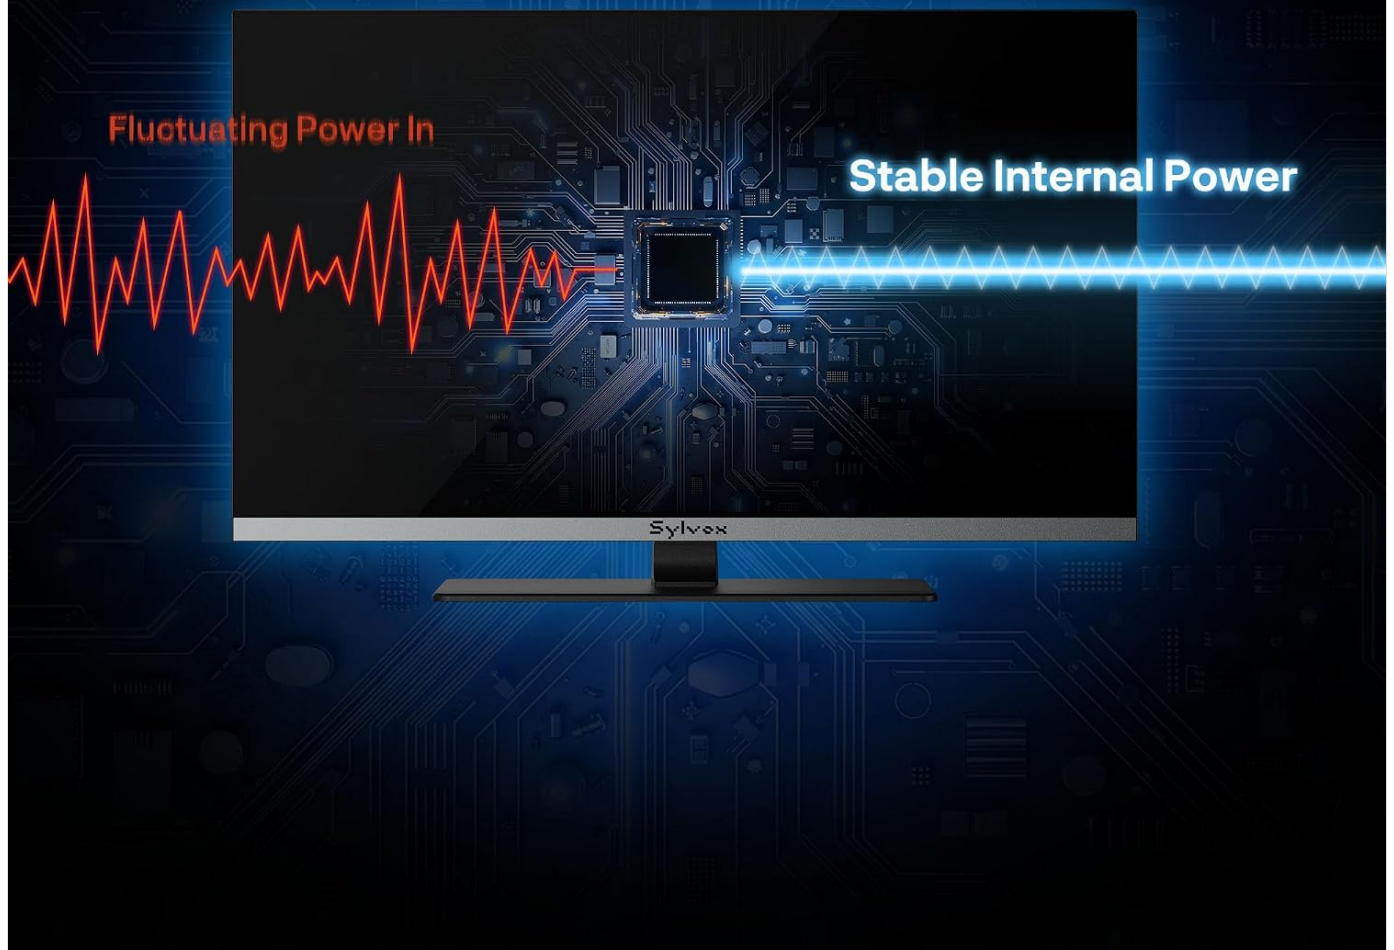

Image: Diagram showing the TV's stable internal power management, protecting against fluctuating power input common in RVs.

2. Mounting Options

- **Stand Installation:** Attach the provided stand base and column bracket to the TV using the included screws. Ensure the stand is securely fastened before placing the TV on a flat, stable surface.

- **Wall Mounting:** The TV supports a VESA 100 x 100 mm wall mount. Use a compatible wall mount (sold separately) and appropriate M4 8mm screws (not included) to secure the TV to a sturdy wall or mounting surface. Ensure the mount can support the TV's weight (6.5 lbs / 3.0 kg).

3. Initial Setup (Google TV)

Upon first power-on, the TV will guide you through the Google TV setup process. This includes:

- Language selection.
- Connecting to a Wi-Fi network.
- Signing in with your Google account to access apps and services.
- Scanning for Over-the-Air (OTA) channels if an antenna is connected.

OPERATING INSTRUCTIONS

1. Basic TV Functions

- **Power On/Off:** Press the Power button on the remote control or the TV.
- **Input Selection:** Use the 'Input' button on the remote to switch between HDMI, USB, Antenna, and DVD sources.
- **Volume Control:** Use the 'Volume Up/Down' buttons.
- **Channel Selection:** Use the 'Channel Up/Down' buttons for OTA channels.

2. Google TV Smart System

Your TV is powered by Google TV, providing access to a wide range of streaming services and smart features.

- **Apps:** Download and install apps from the Google Play Store.
- **Google Cast:** Wirelessly stream content from compatible mobile devices to your TV.
- **Voice Control:** Use the voice assistant feature on your remote control to search for content, control playback, and manage settings.
- **Live TV Hub:** Access free OTA channels and integrated streaming live content.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the screen and TV body. For stubborn marks, lightly dampen the cloth with water or a screen-safe cleaning solution. Avoid harsh chemicals or abrasive materials.
- **Environmental Considerations:** While designed for RV and marine travel, avoid exposing the TV to extreme temperatures, direct sunlight for prolonged periods, or excessive moisture.
- **Anti-Vibration Design:** The TV is engineered with a shock-resistant structure to withstand road bumps and movement. However, ensure it is securely mounted during travel to prevent damage.

Image: Diagram illustrating the TV's anti-vibration features, designed to protect it during travel in an RV or boat.

TROUBLESHOOTING

If you encounter issues with your SYLVOX RV TV, refer to the following common solutions:

- **No Power:** Ensure the power cable is securely connected to both the TV and the power source (12V DC or 110V AC). Check the power outlet or vehicle's power supply.
- **No Picture/Sound:** Verify the correct input source is selected. Check all cable connections (HDMI, antenna). If using a DVD, ensure the disc is clean and inserted correctly.
- **Sluggish Performance/Unresponsive Remote:** The Google TV operating system may occasionally become slow. Try restarting the TV by unplugging it from power for a few minutes, then plugging it back in. Ensure the remote

control batteries are fresh (2x AAA). If issues persist, a factory reset may be necessary (refer to the TV's settings menu).

- **Wi-Fi Connectivity Issues:** Ensure the TV is within range of your Wi-Fi router or hotspot. Restart your router/hotspot. Re-enter the Wi-Fi password in the TV's network settings.
- **DVD Player Not Working:** Ensure the disc is inserted correctly with the label facing up. Try a different disc to rule out disc damage.
- **Black and White Picture:** This can sometimes be resolved by performing a factory reset. Navigate to the TV's settings menu to initiate a factory data reset.

SPECIFICATIONS

Feature	Specification
Screen Size	22 inches
Display Technology	QLED
Resolution	1080p (1920x1080)
Refresh Rate	60 Hz
