5.3 Ergonomic Seating

The sofa features deep lounge seats and supportive upright seating zones, providing tailored comfort for various preferences. The modular design allows for flexible arrangement to suit your living space.

6. MAINTENANCE

Proper care will extend the life and appearance of your HONBAY sectional sofa.

6.1 Cleaning the Fabric

The corduroy fabric is designed for easy maintenance. For general cleaning, vacuum regularly using a soft brush attachment to remove dust and debris. For spills, blot immediately with a clean, dry cloth. Avoid rubbing, as this can spread the stain.

For deeper cleaning, use a mild fabric cleaner specifically designed for upholstery. Test the cleaner on an inconspicuous area first to ensure no discoloration occurs. Follow the cleaner's instructions carefully.

6.2 Removable Cushion Covers

The sofa features removable cushion covers for convenient washing. Unzip the covers and follow the care instructions on the label, typically machine wash cold on a gentle cycle and air dry or tumble dry low. Do not bleach.

6.3 General Care

- Avoid direct sunlight to prevent fading.
- Keep the sofa away from heat sources.
- Rotate cushions periodically to ensure even wear.
- Periodically check and tighten all hardware connections.

7. TROUBLESHOOTING

Here are solutions to common issues you might encounter:

- **Sofa feels too firm:** New cushions often require a break-in period. Regular use will soften the cushions over time.

- **Unpleasant odor:** New furniture may have a slight odor from manufacturing and packaging. This typically dissipates within a few days with good ventilation. Open windows and allow fresh air to circulate.
- **Wobbly sections:** Ensure all connecting brackets between sofa sections are fully engaged and tightened. Check that all legs are securely attached and tightened.
- **Cushions losing shape:** Rotate and fluff cushions regularly to maintain their shape and even out wear.
