FEELNEEDY 4075B

FEELNEEDY 4075B Smart Automatic Self-Cleaning Cat Litter Box User Manual

Model: 4075B

1. INTRODUCTION

Thank you for choosing the FEELNEEDY 4075B Smart Automatic Self-Cleaning Cat Litter Box. This device is designed to simplify cat care by automatically managing litter waste and providing a clean environment for your cat. It features smart sensors, app control, and an open-top design for ease of use and cat comfort. Please read this manual thoroughly before operating the device to ensure proper function and safety.

Spacious Open-Top Design

360° open view cats naturally prefer.
Stress-free for timid cats

2. SAFETY INFORMATION

Your cat's safety is paramount. The FEELNEEDY 4075B is equipped with smart sensors that monitor your cat's presence. If a cat approaches or enters the litter box during a cleaning cycle, the operation will pause immediately to prevent injury. Always ensure the device is placed on a stable, level surface. Do not allow children to play with or operate the litter box without adult supervision. Keep the power cord away from water and heat sources.

Gravity & Infrared Sensors

Every cleaning cycle runs only when it's completely safe

4. SETUP

Follow these steps for initial setup:

1. **Attach the Support Legs:** Securely attach the four support legs to the base of the litter box.
2. **Place the Litter Chamber:** Carefully place the main litter chamber onto the base unit.
3. **Install Side Covers:** Install the left and right side covers, ensuring they click into place. Refer to the 'L' and 'R' labels inside the covers.
4. **Insert Waste Drawer:** Slide the waste drawer, with a trash bag installed, into its designated slot at the bottom front of the unit.
5. **Add Litter:** Pour clumping cat litter into the litter chamber, ensuring it does not exceed the 'MAX' fill line.
6. **Connect Power:** Plug the power adapter into the unit and then into a wall outlet.

Easy to Install

Attach the
4 support legs

Place the litter chamber
onto the base

Install the side covers
(note the left/right labels)

Slide the waste drawer
back into place

5. OPERATING INSTRUCTIONS

The FEELNEEDY 4075B operates automatically. After your cat exits the litter box, the cleaning cycle will initiate after a short delay. The unit sifts the litter, depositing waste into the sealed waste drawer below.

Control Panel Functions:

- **One-click Cleanup:** Initiates a manual cleaning cycle.
- **One-click Sand Cleaning:** Specifically designed for sifting clean litter.
- **Weight Calibration:** Resets the internal weight sensor for accurate cat detection.
- **WiFi Indicator:** Shows the status of the WiFi connection.

Image: The control panel of the litter box, detailing the functions of each button and indicator.

Sleep Mode:

Activate Sleep Mode to prevent the litter box from operating during specific hours, ensuring a quiet environment at night. This feature can be configured via the mobile application.

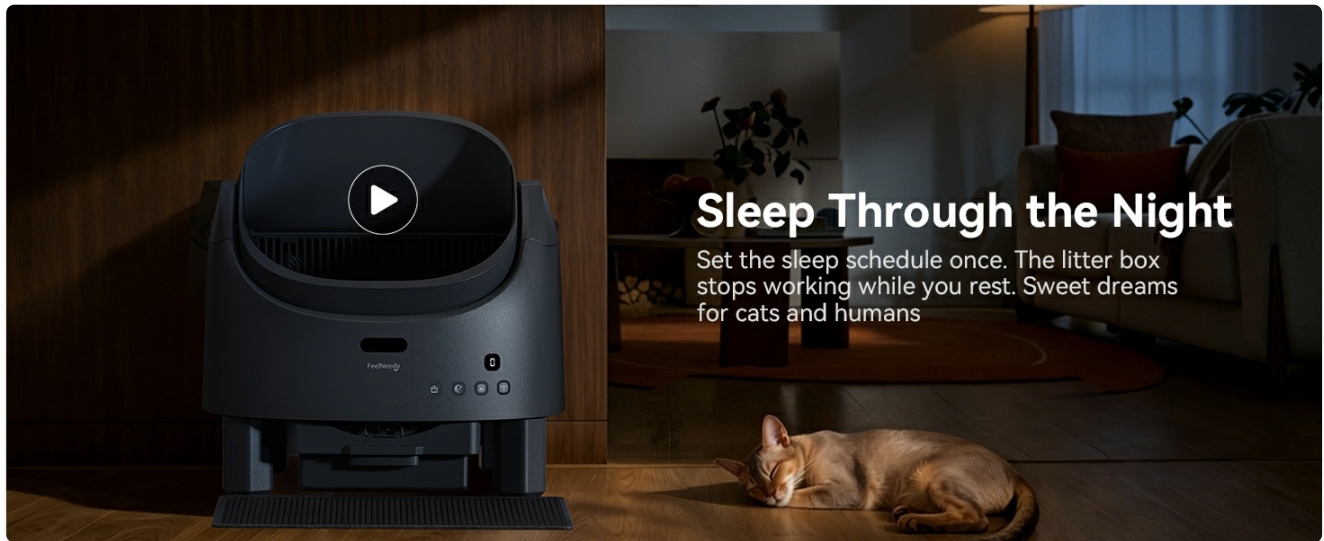

Image: The litter box in a bedroom setting, illustrating the benefit of Sleep Mode for undisturbed rest.

6. APP CONTROL

The FEELNEEDY 4075B can be controlled and monitored using a dedicated mobile application (2.4G WiFi connection required). The app allows you to:

- Initiate cleaning cycles remotely.
- Track your cat's usage habits and frequency.
- Receive alerts when the waste drawer is full.
- Adjust settings such as Sleep Mode.

APP Real-time Habits Tracker

Monitor cat habits, auto-litter alerts, and smart controls

Image: The mobile application interface, demonstrating real-time habit tracking and smart controls for the litter box.

7. MAINTENANCE

Regular maintenance ensures optimal performance and hygiene.

Waste Drawer Emptying:

The 10L waste drawer can hold waste for 7-10 days for a single cat. When the app indicates the drawer is full, or approximately every 7-10 days, slide out the drawer, tie off the trash bag, and dispose of it. Replace with a new trash bag.

10 Days of Scoopless

This 10L bin holds so much waste, you can skip daily cleaning and even travel with peace of mind

Image: The waste drawer, highlighting its 10-liter capacity for extended use without daily scooping.

Cleaning the Unit:

For a thorough refresh, lift out the inner basket (litter chamber) for rinsing or wiping down. The unit's layered odor-lock system helps trap smells. Ensure all parts are dry before reassembly.

Odor Control Features:

- **Sealed Groove:** Traps odors at the source.
- **Gutter-Guide Pad:** Directs urine into a washable pad for easy cleaning.
- **Silicone Bin Seal:** Ensures the waste drawer is tightly sealed to contain odors.

Image: Detailed view of the triple odor defense system, including sealed grooves, a gutter-guide pad, and a silicone bin seal.

8. TROUBLESHOOTING

If you encounter issues, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Litter box not cleaning automatically.	Cat still in or near the box; sensors obstructed; Sleep Mode active.	Ensure cat is clear of the unit. Check sensors for debris. Deactivate Sleep Mode if not desired.

Problem	Possible Cause	Solution
Odor is present.	Waste drawer full; poor seal; unit needs cleaning.	Empty waste drawer. Ensure trash bag is properly installed and drawer is sealed. Clean the litter chamber.
App not connecting to the litter box.	Incorrect WiFi password; 5G WiFi network; unit too far from router.	Verify WiFi password. Ensure you are connecting to a 2.4G WiFi network. Move unit closer to router or use a WiFi extender.
Litter is scattered outside the box.	Cat behavior; litter type; unit placement.	Ensure the litter mat is in place. Consider using a different litter type. The 3-tier height design helps reduce scatter.

9. SPECIFICATIONS

- **Model Number:** 4075B
- **Product Dimensions:** 51L x 48W x 55H Centimetres (20L x 18.8W x 21.6H inches)
- **Item Weight:** 11.46 Kilograms (25.26 lbs)
- **Material:** Acrylonitrile Butadiene Styrene (ABS)
- **Waste Drawer Capacity:** 10 Liters
- **Connectivity:** 2.4G WiFi
- **Pet Type:** Cat (suitable for 1-3 cats)
- **Special Features:** APP Control, Automatic Cleaning, Smart Sensors, Odor Control, Sleep Mode, Litter Scatter Prevention
- **Country of Origin:** China
