Custom Fit Litter Liners

Compatible with FEELNEEDY

The image highlights the custom fit design of these litter liners, ensuring perfect compatibility with the FEELNEEDY 4075B Automatic Self-Cleaning Cat Litter Box. It shows the bags next to the litter box, emphasizing their intended use.

10-14 Days of Scoopless

One Pull & Wrap Waste Solution,
leaving no traces or unpleasant smells

This image demonstrates the thickened material of the replacement bags, designed for durability and leak prevention. It indicates the bags can hold approximately 3kg of waste without tearing, providing confidence in their use.

Pet-Friendly

Safe, environmentally friendly and non-toxic

The image emphasizes the pet-friendly nature of the replacement trash bags, stating they are safe, environmentally friendly, and non-toxic. This ensures the well-being of pets when using the FEELNEEDY 4075B litter box system.

3. INSTALLATION GUIDE

Follow these steps to properly install a new replacement trash bag in your FEELNEEDY 4075B Automatic Self-Cleaning Cat Litter Box:

1. Ensure the litter box is in a paused or off state before handling the waste drawer.
2. Carefully pull out the waste drawer from the front of the FEELNEEDY 4075B litter box.
3. Locate the full waste bag within the drawer. Use the integrated drawstring to securely tie off the bag.
4. Remove the sealed, full waste bag from the drawer and dispose of it according to local waste regulations.
5. Take a new replacement trash bag from a roll. Unfold it and place it inside the empty waste drawer, ensuring the edges are properly aligned and secured around the rim of the drawer.
6. Gently push the waste drawer back into the litter box until it clicks into place.

Thickened material

Use with confidence, it will not leak

This image illustrates the simple 'One Pull & Wrap Waste Solution' for removing soiled litter. It shows a hand pulling the integrated drawstring to seal the bag within the waste drawer of the FEELNEEDY 4075B litter box, indicating a capacity for 10-14 days of waste.

4. USAGE AND DISPOSAL

The FEELNEEDY 4075B replacement trash bags are designed to hold waste for approximately 10-14 days for a single cat, depending on usage. The litter box system will typically alert you when the waste drawer is full and requires emptying. Always tie the bag securely before disposal to contain odors and waste effectively. Dispose of used bags in an outdoor trash receptacle to minimize odors indoors.

5. TROUBLESHOOTING

- **Bag Tearing During Removal:** Ensure the bag is not overfilled. When tying the drawstring, avoid excessive force. If tears persist, inspect the waste drawer for any sharp edges.
- **Bag Not Fitting Correctly:** Verify that you are using genuine FEELNEEDY 4075B replacement trash bags. Ensure the bag is fully unfolded and properly seated around the waste drawer's rim before reinserting the drawer.

- **Odor Leakage:** Ensure the bag is securely tied before disposal. If odors persist from the litter box itself, check that the waste drawer is fully closed and consider replacing the carbon filter in the litter box (if applicable to your 4075B model).
