

Visoud PL8

Visoud AI Magic Box PL8 Wireless CarPlay & Android Auto Adapter User Manual

Model: PL8

1. INTRODUCTION

The Visoud AI Magic Box PL8 is a versatile wireless adapter designed to enhance your in-car entertainment and connectivity. It seamlessly converts your vehicle's wired CarPlay or Android Auto system into a wireless experience, allowing you to access navigation, music, calls, and popular streaming applications like Netflix and YouTube directly on your car's display. Featuring a powerful quad-core A7 CPU and 4K video playback capabilities, the PL8 ensures a stable, fast, and high-quality user experience.

2. WHAT'S IN THE BOX

Upon unboxing your Visoud AI Magic Box PL8, please verify that all the following items are included:

- 1x Visoud AI Magic Box PL8 Wireless CarPlay Adapter

- 1x User Manual
- 1x USB to Type-C Cable
- 1x Type-C to Type-C Cable

Your browser does not support the video tag.

3. SETUP GUIDE

Follow these steps to set up your Visoud AI Magic Box PL8:

1. **Connect the Adapter:** Plug the Visoud AI Magic Box PL8 into your car's USB port (the one typically used for wired CarPlay or Android Auto). Use the appropriate cable (USB to Type-C or Type-C to Type-C) provided in the box. Wait for the blue indicator light on the adapter to illuminate.
2. **Enable Bluetooth & Wi-Fi on your Phone:** Ensure Bluetooth and Wi-Fi are enabled on your iPhone (iOS 10+ or newer) or Android phone (Android 11+ or newer).
3. **Pair with the Adapter:** On your phone's Bluetooth settings, search for and select the device named "smartBox-xxxx" (where xxxx is a unique identifier). Confirm the pairing request on both your phone and the car's screen if prompted.
4. **Launch CarPlay/Android Auto:** Once paired, your car's infotainment system should automatically launch either Apple CarPlay or Android Auto. If it doesn't, select it manually from the car's menu.

4. OPERATING INSTRUCTIONS

Once connected, the Visoud AI Magic Box PL8 provides a seamless interface for various functions:

4.1. Navigation and Communication

- Access your preferred navigation apps (e.g., Google Maps, Apple Maps) directly on your car's screen.
- Make and receive calls, send messages, and manage your contacts through the car's interface.

4.2. Voice Control

Utilize your car's built-in voice assistant (Siri for CarPlay, Google Assistant for Android Auto) for hands-free control of navigation, music, calls, and more. Simply activate the voice assistant and speak your commands.

4.3. Touchscreen and Steering Wheel Control

The adapter supports control via your car's touchscreen, steering wheel buttons, and OEM knob controls, providing a familiar and intuitive user experience.

5. MEDIA PLAYBACK

The Visoud AI Magic Box PL8 transforms your car into a mobile entertainment hub:

5.1. Online Streaming (Netflix, YouTube, TikTok)

To stream content from apps like Netflix, YouTube, and TikTok, ensure your AI Magic Box is connected to the internet. You can achieve this by:

- Connecting to your car's built-in Wi-Fi (if available).
- Connecting to your phone's personal hotspot.

Once connected, open the desired streaming app from the car's display.

5.2. Offline Media Playback (TF Card)

The PL8 supports TF card media playback, allowing you to enjoy music, videos, and pictures stored on a memory card (up to 512GB, TF card not included). Simply insert the TF card into the designated slot on the adapter and access your media through the appropriate app on the car's display.

6. COMPATIBILITY

The Visoud AI Magic Box PL8 offers broad compatibility:

- **Phone Compatibility:** Compatible with iPhone 8 and above (iOS 10+ or newer) and Android phones (Android 11+ or newer).
- **Vehicle Compatibility:** Your car must support wired Apple CarPlay or wired Android Auto for the adapter to function. The device is compatible with over 1200 car models.

For a detailed list of compatible car models, please refer to the official compatibility lists:

7. OTA UPDATES

The Visoud AI Magic Box PL8 supports Over-The-Air (OTA) updates. This feature allows your device to receive and install software updates wirelessly, ensuring your car entertainment system remains up-to-date with the latest features, improvements, and bug fixes. Regular updates provide a smarter and more reliable experience.

8. TROUBLESHOOTING

If you encounter issues with your Visoud AI Magic Box PL8, consider the following general troubleshooting steps:

- **No Connection:** Ensure the adapter is securely plugged into the correct USB port in your car. Verify that your phone's Bluetooth and Wi-Fi are enabled and that you have successfully paired with the "smartBox-xxxx" device.
- **Streaming Issues:** Check your internet connection (car Wi-Fi or phone hotspot). A stable and strong internet connection is required for streaming services like Netflix and YouTube.
- **Slow Performance:** Ensure your phone's operating system is up to date. If possible, check for any available OTA updates for the AI Magic Box itself.
- **CarPlay/Android Auto Not Launching:** After pairing, manually select CarPlay or Android Auto from your car's infotainment menu if it doesn't launch automatically.
- **Intermittent Disconnections:** Ensure there are no obstructions between your phone and the adapter. Try restarting both your phone and the car's infotainment system.

For further assistance, please refer to the 'Warranty and Support' section.
