

## Fangaci FK-109

# Fangaci FK-109 Cordless Electric Shaver - User Manual

## 1. INTRODUCTION

Thank you for choosing the Fangaci FK-109 Cordless Electric Shaver. This manual provides essential information for the safe and effective use, maintenance, and troubleshooting of your new device. Please read it thoroughly before first use and retain it for future reference.

## 2. IMPORTANT SAFETY INFORMATION

- Keep the device out of reach of children.
- Do not disassemble, repair, or modify the device yourself. Contact qualified service personnel for assistance.
- Use only the charging cable provided or a compatible USB-C cable.
- Ensure the device is completely dry before charging. Do not charge in wet conditions.
- Avoid using the shaver on irritated, damaged, or infected skin.
- The device is IPX7 waterproof, allowing for wet and dry use. However, avoid prolonged submersion in water.

## 3. PRODUCT OVERVIEW

The Fangaci FK-109 is a compact and ergonomic electric shaver designed for women. It features 3D floating heads for a close shave and an LED display to show battery status and travel lock mode.

# LED DISPLAY

Smart Reminder to Charge

# NOT HARMFUL TO THE SKIN

Figure 2: Close-up of the Fangaci FK-109 LED Display. The display shows the battery percentage, indicating the remaining power for convenient use.

## Key Components:

- **Shaver Head:** Equipped with 3D floating blades for contouring to body curves.
- **Power Button:** Used to turn the device on/off and activate the travel lock.
- **LED Display:** Shows battery percentage, charging status, and travel lock indicator.
- **USB-C Charging Port:** Located at the bottom for convenient charging.

## 4. SETUP

### 4.1 Initial Charging

Before first use, fully charge your Fangaci FK-109 shaver. Connect the provided USB-C cable to the charging port on the shaver and plug the other end into a compatible USB power adapter (not included) or a computer USB port. The LED display will show the charging status. A full charge typically takes a few hours and provides weeks of use.

Figure 3: Charging the Fangaci FK-109 Electric Shaver. The image shows the shaver connected to a USB-C charging cable, with the LED display indicating a full charge.

## 4.2 Activating/Deactivating Travel Lock

To prevent accidental activation during travel, the shaver features a travel lock. To activate, press and hold the power button for 3 seconds until the lock icon appears on the LED display. To deactivate, press and hold the power button again for 3 seconds until the lock icon disappears.

## 5. OPERATING INSTRUCTIONS

### 5.1 Basic Operation

Press the power button once to turn the shaver on. The LED display will show the current battery percentage. Press the power button again to turn it off.

### 5.2 Wet and Dry Shaving

The Fangaci FK-109 is designed for both wet and dry shaving. For dry shaving, ensure your skin is clean and dry. For wet shaving, you can use it with shaving cream or gel in the shower or bath for a smoother experience.

# IPX7 WATERPROOF

Full body waterproof

### 5.3 Shaving Techniques for Different Body Areas

Hold the shaver at a 90-degree angle to your skin and move it gently against the direction of hair growth. The 3D floating heads will adapt to your body's contours for an efficient and comfortable shave.

- **Legs:** Use long, upward strokes.
- **Underarms:** Stretch your arm up to tighten the skin and shave in various directions as hair grows in different patterns.
- **Bikini Line:** Pull the skin taut and shave carefully in the direction of hair growth, then against it for a closer result.
- **Face:** For fine facial hair, use gentle, circular motions.

## 6. MAINTENANCE

### 6.1 Cleaning the Shaver

For optimal performance and hygiene, clean your shaver after each use. The IPX7 waterproof design allows for easy rinsing:

1. Turn off the shaver.

2. Remove the shaver head by gently pulling it upwards.
3. Rinse the shaver head and the main body under running water to remove hair clippings and residue.
4. Shake off excess water and allow all parts to air dry completely before reattaching the head or storing the device.

## 6.2 Storage

Store the shaver in a cool, dry place away from direct sunlight and extreme temperatures. Ensure the travel lock is activated if storing in a bag to prevent accidental power-on.

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Shaver does not turn on.	Battery is low or depleted. Travel lock is activated.	Charge the shaver. Deactivate the travel lock by pressing and holding the power button for 3 seconds.
Poor shaving performance.	Shaver head is dirty or clogged with hair. Blades are dull.	Clean the shaver head thoroughly. Ensure the shaver is fully charged.
Skin irritation after shaving.	Incorrect shaving technique. Skin not prepared properly.	Ensure skin is clean. Shave gently against hair growth. Consider wet shaving with cream. Apply moisturizer after shaving.

## 8. SPECIFICATIONS

- **Model Name:** FK-109
- **Power Source:** Rechargeable Lithium Ion Battery (included), charged via USB-C (corded electric connection)
