PEKTACO B0GFDJYRVB

PEKTACO 3.2L Stainless Steel Cat Water Fountain User Manual

Model: B0GFDJYRVB

PRODUCT OVERVIEW

The PEKTACO 3.2L Stainless Steel Cat Water Fountain is designed to provide a continuous supply of fresh, filtered water for your pets. Cats are naturally attracted to flowing water, which can encourage increased hydration and help prevent urinary and kidney diseases. This fountain features a durable stainless steel construction, an advanced filtration system, and an ultra-quiet pump for a peaceful environment.

**My cats always like to drink from the tap
Unclean water makes my cat sick**

Key Features:

- **304 Stainless Steel Construction:** Ensures durability, corrosion resistance, and is BPA-free and dishwasher safe (excluding pump and filter).
- **Advanced Filtration System:** Utilizes pre-sponge filtration, activated carbon, and ionic resin for pure, impurity-free water.
- **3.2 L / 108 Oz Large Capacity:** Ideal for households with multiple pets, featuring clear high and low water level lines.
- **Ultra-Quiet Water Pump:** Operates below 20dB, ensuring minimal noise disruption.

- **Encourages Drinking:** Faucet and spring surge modes mimic natural drinking habits, attracting pets to drink more water.

PACKAGE CONTENTS

Please check the package contents to ensure all items are present:

- Power Adapter x 1
- Filter Case x 1
- Cleaning Brush x 1
- User Manual x 1
- Colorful Box x 1
- Filters x 6
- Sponges x 6

SETUP INSTRUCTIONS

1. **Unpack Components:** Carefully remove all parts from the packaging.
2. **Clean the Fountain:** Wash the stainless steel bowl, lid, and spout thoroughly with water and mild soap. Rinse all components completely to remove any soap residue.
3. **Assemble the Pump:** Ensure the pump is clean. Attach the pre-filter sponge to the pump.
4. **Install Filter:** Place the activated carbon filter and ionic resin filter into the filter case. Position the filter case securely in the designated slot within the fountain.
5. **Place Pump:** Insert the pump into its holder at the bottom of the fountain bowl.
6. **Add Water:** Fill the stainless steel bowl with fresh water up to the MAX line. Do not overfill.
7. **Attach Lid and Spout:** Secure the lid onto the bowl, ensuring the spout is properly aligned and connected to the pump.
8. **Connect Power:** Plug the power adapter into a wall outlet. The fountain will begin operating.

Multi-layer Filtration System

Allows for a more hygienic water source by eliminating all dirt, germs, and pet hair through a filter

OPERATING INSTRUCTIONS

Once assembled and plugged in, the PEKTACO Cat Water Fountain will continuously circulate and filter water. The fountain offers two modes: a faucet mode and a spring surge mode, designed to entice pets to drink more.

- **Water Level:** Always ensure the water level is above the MIN mark to prevent the pump from running dry, which can

damage it. Refill water as needed.

- **Monitoring:** Regularly check the water level and the cleanliness of the water.

Demonstration Video:

MAINTENANCE

Regular cleaning and filter replacement are crucial for maintaining water quality and extending the life of your fountain.

- **Daily:** Check water level and top up as necessary.
- **Weekly:** Clean the fountain bowl, lid, and spout. The stainless steel components (excluding the pump and filter) are dishwasher safe.
- **Monthly:** Replace the activated carbon filter and pre-filter sponge. More frequent replacement may be needed if you have multiple pets or if the water appears dirty.
- **Pump Cleaning:** Disassemble and clean the pump regularly (e.g., every 2-4 weeks) to remove any hair or debris that may affect its performance.
