# Boytond YYK-526 Bluetooth 5.4 Single Ear Headset User Manual

Model: YYK-526 | Brand: Boytond

## INTRODUCTION

Thank you for choosing the Boytond YYK-526 Bluetooth 5.4 Single Ear Headset. This manual provides detailed instructions for setting up, operating, and maintaining your headset to ensure optimal performance and a seamless user experience. Please read this manual thoroughly before using the product.

## PRODUCT OVERVIEW

The Boytond YYK-526 is a versatile Bluetooth headset designed for clear communication and extended use. Key features include:

- **Bluetooth 5.4 Technology:** Provides a stable, fast, and low-power connection.
- **Ultra-long Battery Life:** Up to 10-12 hours of talk/music playback on a single charge, with a 500mAh charging case providing 5-7 full recharges for a total of up to 100 hours.
- **CVC8.0 Noise Cancelling:** Equipped with a unidirectional microphone and CVC8.0 noise cancelling to accurately pick up your voice and block ambient noise for clear calls.
- **Mute Function:** Allows you to mute your microphone during calls for privacy.
- **Automatic Pairing:** Simplifies connection after the initial setup.
- **Ergonomic Ear-hook Design:** Ensures a comfortable and secure fit for extended wear.
- **Multi-function Button:** Easy control for music playback, call management, and voice assistant activation.
- **Wide Compatibility:** Supports various Bluetooth-enabled devices including PCs, tablets, and smartphones.

## SETUP INSTRUCTIONS

### 1. Charging the Headset

Before first use, fully charge the headset and its charging case.

1. Place the headset into the charging case.
2. Connect the charging case to a USB power source using the provided cable.
3. The LED display on the charging case will indicate the battery level. A full charge takes approximately 1.5 hours.

## Live Recording

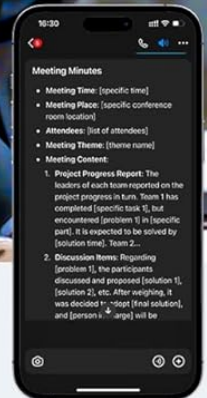

很高兴我们能达成合作，接下来我们将策划安排项目的具体实施方案，具体细节我们下周一面聊？

...

I am very glad that we can reach cooperation. Next, we will plan and arrange the specific implementation plan of the project. We will talk about the details next week.

## Simultaneous Interpretation

## Face-to-Face Translation

很高兴这次会面我们能达成合作,希望我们合作共赢。

I am very glad that we can reach cooperation in this meeting. I hope we can cooperate for win-win results.

The charging case with the headset and the included USB adapter for convenient charging.

## 2. Pairing with Your Device

The headset supports automatic pairing after the initial setup.

1. Take the headset out of the charging case. It will automatically enter pairing mode.
2. On your smartphone, tablet, or PC, enable Bluetooth.
3. Search for available devices and select "YYK-526" from the list.
4. Once connected, the headset will indicate a successful pairing.

- For subsequent uses, the headset will automatically connect to the last paired device when taken out of the case.

## OPERATING INSTRUCTIONS

---

### 1. Power On/Off

- **Power On:** Take the headset out of the charging case. It will power on automatically.
- **Power Off:** Place the headset back into the charging case. It will power off automatically.

### 2. Call Management

Use the Multi-function Button (MFB) on the headset for call control:

- **Answer Call:** Press the MFB once.
- **End Call:** Press the MFB once during a call.
- **Reject Call:** Press and hold the MFB for 2 seconds.
- **Redial Last Number:** Double-press the MFB.
- **Mute/Unmute Microphone:** During a call, press the MFB once to mute your voice. Press again to unmute.

最大100時間長時間再生

## MAINTENANCE

To ensure the longevity and optimal performance of your Boytond YYK-526 headset, follow these maintenance guidelines:

- **Cleaning:** Regularly wipe the headset and charging case with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the headset in its charging case when not in use to protect it from dust and damage. Keep it in a cool, dry place away from extreme temperatures.
- **Avoid Water:** The headset is not waterproof. Avoid exposure to water, rain, or excessive moisture.
- **Charging:** Use only the provided charging cable and a compatible USB power source.

## TROUBLESHOOTING

If you encounter any issues with your headset, refer to the following common problems and solutions:

Problem	Solution
Headset does not power on.	Ensure the headset is charged. Place it in the charging case and connect the case to power.
Cannot pair with device.	Make sure Bluetooth is enabled on your device. Ensure the headset is in pairing mode (out of the case). Forget previous pairings on your device and try again.
No sound or poor sound quality.	Check the volume level on both the headset and your connected device. Ensure the headset is within the 10M transmission range of your device. Re-pair the headset.
Microphone not working.	Ensure the microphone is not muted. Check privacy settings on your device to allow the headset access to the microphone.
Headset disconnects frequently.	Ensure the headset is fully charged. Stay within the 10M Bluetooth range. Avoid obstacles between the headset and your device.
