BouPower Large Metal Chicken Coop Run Instruction Manual

Model: -6liN9H2OyKn_hKgH6tXig14e

1. INTRODUCTION

Thank you for choosing the BouPower Large Metal Chicken Coop Run. This outdoor enclosure is designed to provide a spacious and secure environment for your poultry and small animals, including chickens, ducks, rabbits, and more. Its robust construction and protective features ensure a safe habitat while allowing your animals to enjoy fresh air and outdoor activity. This manual provides essential information for proper assembly, operation, and maintenance of your chicken coop run.

2. SAFETY INFORMATION

Please read and understand all safety instructions before assembling or using this product. Failure to follow these instructions may result in injury or damage to the product.

- **Adult Assembly Required:** This product requires adult assembly. Keep children and pets away from the assembly area.
- **Inspect All Parts:** Before assembly, carefully inspect all components for any damage or missing parts. Do not proceed with assembly if parts are damaged or missing. Contact customer support for replacements.
- **Secure Placement:** Ensure the chicken coop run is placed on a level, stable surface. Anchor the structure if necessary, especially in windy conditions, to prevent tipping.
- **Predator Protection:** While designed to offer protection, regularly inspect the enclosure for any signs of damage or weak points that could compromise its security against predators.

- **Ventilation:** Ensure adequate ventilation within the enclosure, especially when using the cover, to prevent overheating or poor air quality for your animals.
- **Sharp Edges:** Exercise caution during assembly and handling of metal components to avoid cuts or scrapes. Wear appropriate protective gloves.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact BouPower customer support.

- Metal Frame Pipes (various lengths and shapes)
- Wire Mesh Panels
- Waterproof and Anti-UV Cover

- Door Assembly (frame, mesh, lock mechanism)
- Connection Joints and Fasteners (bolts, nuts, washers)
- Plastic Ties
- Assembly Instructions Manual

PRODUCT DIMENSIONS

4. SETUP AND ASSEMBLY

Follow these steps carefully for efficient and correct assembly. It is recommended to have at least two adults for assembly.

1. **Unpack and Sort:** Unpack all components and lay them out. Sort the metal pipes, wire mesh, and fasteners. It is advisable to separate bolts and nuts by size if they are not pre-sorted.
2. **Inspect Parts:** Before connecting any parts, thoroughly inspect each piece for manufacturing defects or shipping damage. Ensure all screw inserts are functional.

3. **Assemble the Frame:** Begin by connecting the main frame pipes according to the detailed diagrams in the included assembly instructions. Use the provided connection joints and fasteners. Ensure all connections are secure but do not overtighten until the frame is fully assembled.
4. **Attach Wire Mesh:** Once the frame is stable, attach the wire mesh panels to the frame. Use the plastic ties to secure the mesh firmly to the frame, ensuring there are no gaps that animals could escape through or predators could enter.
5. **Install the Door:** Assemble and install the door frame and mesh. Attach the door to the main structure using the designated hinges and ensure the lockable mechanism functions correctly.
6. **Install the Cover:** Drape the waterproof and anti-UV cover over the designated section of the frame. Secure it using the provided fasteners or ties to protect your animals from sun and rain.
7. **Final Check:** After assembly, double-check all connections, fasteners, and mesh attachments to ensure the structure is stable, secure, and safe for your animals.

5. OPERATING INSTRUCTIONS

The BouPower Large Metal Chicken Coop Run provides a secure and comfortable outdoor space for your animals.

- **Animal Placement:** Gently introduce your chickens, ducks, rabbits, or other small animals into the enclosure. Ensure they have access to food, water, and any necessary shelter within the run.
- **Using the Lockable Door:** Always ensure the door is securely closed and locked when animals are inside to prevent escape and protect them from external threats.
- **Weather Protection:** The included waterproof and anti-UV cover provides essential protection from harsh sunlight and rain. Position the cover to maximize shade and shelter as needed.

WATERPROOF AND ANTI-UV COVER

Waterproof

Anti-UV

Image 5.2: The anti-UV and waterproof cover provides protection against various weather conditions.

6. MAINTENANCE

Regular maintenance will extend the lifespan of your chicken coop run and ensure the safety and well-being of your animals.

- **Routine Cleaning:** Regularly clean the interior of the coop run to maintain hygiene. Remove droppings and old bedding.
- **Frame Inspection:** Periodically check all metal frame connections and fasteners for tightness. Retighten any loose bolts to maintain structural integrity.
- **Wire Mesh Inspection:** Inspect the wire mesh for any damage, bends, or gaps that could allow animals to escape or predators to enter. Repair or replace damaged sections promptly.
- **Cover Care:** Clean the waterproof and anti-UV cover as needed with mild soap and water. Inspect it for tears or wear, especially after severe weather. Replace if significantly damaged.

- **Rust Prevention:** The external steel tubes are powder-coated, and internal tubes are galvanized for rust protection. Stainless steel nuts and bolts provide additional protection. However, regularly check for any signs of rust, especially in areas where the coating might be scratched or damaged, and apply appropriate rust-preventative treatment if necessary.

7. TROUBLESHOOTING

This section addresses common issues you might encounter with your BouPower Large Metal Chicken Coop Run.

- **Issue: Structure feels unstable or wobbly.**
Solution: Ensure all frame pipes are fully inserted into their connectors and all bolts are securely tightened. Verify the coop is placed on a flat, level surface.
- **Issue: Difficulty assembling parts.**
Solution: Refer to the detailed assembly instructions provided. Ensure you are using the correct parts for each step. If bolts are not separated, sort them by size before starting. If a screw insert is faulty, contact customer support for a replacement part.
- **Issue: Animals escaping or predators entering.**
Solution: Thoroughly inspect the entire enclosure, including the wire mesh and door, for any gaps, holes, or unsecured areas. Ensure the door is properly latched and locked. Reinforce any weak points with additional ties or mesh.
- **Issue: Cover not providing adequate protection.**
Solution: Ensure the cover is correctly positioned and securely fastened to the frame. Check for any tears or damage to the cover itself.

8. SPECIFICATIONS

Feature	Detail
Product Dimensions (L x W x H)	118.11" x 39.37" x 39.37" (approx. 120" x 40" x 40")
