

DUMOS 24 Inch Round LED Bathroom Mirror

DUMOS 24 Inch Round LED Bathroom Mirror User Manual

Model: 24"L x 24"W

IMPORTANT SAFETY INSTRUCTIONS

Please read all instructions carefully before installation and use. Keep this manual for future reference.

- **Electrical Safety:** Ensure the power supply is disconnected before installation or maintenance. All wiring should be performed by a qualified electrician and comply with local electrical codes.
- **Glass Handling:** The mirror is made of tempered glass, but handle with care to prevent damage. Avoid striking the mirror with hard objects.
- **Installation:** Mount the mirror securely to a sturdy wall structure. Do not install on unstable surfaces. Use appropriate mounting hardware for your wall type.
- **Water Exposure:** While designed for bathroom use, avoid direct water spray onto electrical components.
- **Cleaning:** Use a soft, damp cloth for cleaning. Avoid abrasive cleaners or harsh chemicals that may damage the mirror surface or frame.

PRODUCT OVERVIEW

The DUMOS 24 Inch Round LED Bathroom Mirror combines modern design with practical features to enhance your bathroom or vanity area. It provides adjustable lighting, an anti-fog function, and a memory feature for convenience.

Key Features

- **Elegant Round Design:** Classic circular shape with a seamless LED light ring for even, shadow-free illumination.
- **Dimmable & 3 Color Temperature:** Adjust brightness and switch between warm (3000K), natural (4000K), and white (6000K) light.
- **Defog Feature:** Quick-start defogger keeps the mirror clear after showers.
- **Memory Function:** Automatically saves your last light and brightness settings.
- **Shatter-Proof HD Glass:** Crafted from 5mm tempered glass for durability and safety, preventing shattering into flying shards.

| Additional Features | Anti-Fog, Memory Function, Explosion Proof |
| UPC | 786302929262 |

INSTALLATION GUIDE

Before Installation

- Inspect the mirror for any damage before installation.
- Ensure the wall can support the weight of the mirror.
- Turn off the main power supply at the circuit breaker before starting any electrical work.
- Determine the desired mounting location and height.

Mounting Instructions

1. **Mark Mounting Points:** Use a ruler or level to mark the precise locations for drilling holes on the wall, corresponding to the mirror's mounting brackets.
2. **Drill Holes:** Using an appropriate drill bit for your wall type, drill holes at the marked locations.
3. **Insert Wall Anchors:** Insert the provided wall anchors into the drilled holes.
4. **Attach Mounting Brackets:** Secure the mounting brackets to the wall using the screws. Ensure they are firmly attached and level.
5. **Electrical Connection:** Connect the mirror's electrical wiring to your home's electrical system. If hardwiring, ensure connections are secure and insulated. If using a plug, ensure an accessible outlet is nearby.
6. **Hang Mirror:** Carefully lift the mirror and align its rear mounting slots with the wall brackets. Gently lower the mirror until it is securely seated on the brackets.
7. **Test Functionality:** Restore power and test all mirror functions (lights, dimming, color temperature, anti-

fog).

HD Explosion-Proof Glass

Ours ✓

Rugged and shatter-resistant
—even when broken,
glass won't shatter into flying shards

VS

✗ **Others**

Ordinary glass shatters
easily and sends shards flying

OPERATING INSTRUCTIONS

The mirror features touch controls integrated into the glass surface.

Power On/Off and Light Control

- **Power:** Tap the power icon to turn the LED lights on or off.
- **Color Temperature Adjustment:** Short-press the light icon to cycle through the three color temperatures: warm (3000K), natural (4000K), and white (6000K).
- **Brightness Dimming:** Long-press the light icon to adjust the brightness level continuously. Release when the desired brightness is reached.

Anti-Fog Function

- **Activate/Deactivate:** Short-press the defog icon to turn the anti-fog function on or off. The defogger will clear condensation from the mirror surface.

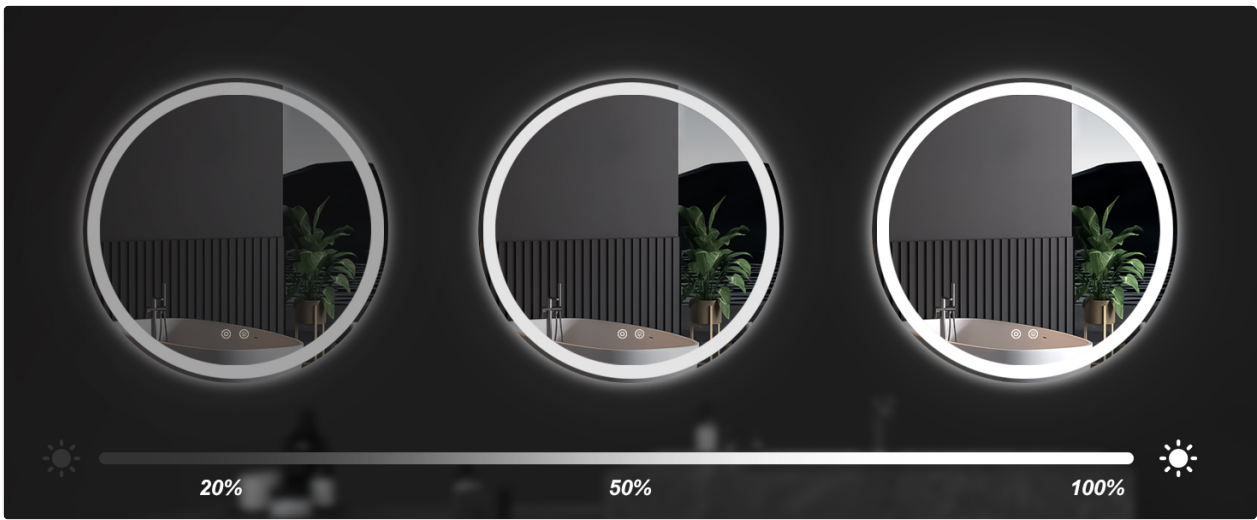

Image: Demonstration of the anti-fog feature, showing a clear mirror surface compared to a fogged one.

Memory Function

The mirror is equipped with a memory function that automatically retains your last used brightness and color temperature settings when the mirror is turned off and then back on.

CARE AND MAINTENANCE

- **Cleaning the Mirror:** Use a soft, lint-free cloth and a mild glass cleaner or water. Spray the cleaner onto the cloth, not directly onto the mirror, to avoid liquid seeping into electrical components.
- **Frame Care:** Wipe the frame with a soft, dry cloth. Avoid harsh chemicals that could damage the finish.
- **Electrical Components:** Do not attempt to clean or repair any internal electrical components. Refer to qualified personnel for service.
- **Avoid Abrasives:** Never use abrasive pads, powders, or cleaners containing ammonia, bleach, or vinegar, as these can scratch or damage the mirror surface and coatings.

TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|-------------------------------------|--------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------|
| Lights do not turn on. | No power supply; loose connection; faulty switch. | Check power outlet/circuit breaker. Ensure all wiring connections are secure. Contact a qualified electrician if issues persist. |
| Anti-fog function not working. | Function not activated; electrical issue. | Tap the defog icon to activate. Check power supply. |
| Lights flicker or dim unexpectedly. | Unstable power supply; loose wiring. | Ensure stable power. Check wiring connections. |
| Touch controls are unresponsive. | Mirror surface is wet or dirty; temporary electronic glitch. | Clean and dry the touch control area. Disconnect power for 1 minute, then reconnect. |

WARRANTY AND SUPPORT

DUMOS products are manufactured with quality and care. For specific warranty information, please refer to the warranty card included with your purchase or visit the official DUMOS website.

If you encounter any issues or have questions regarding your DUMOS LED Bathroom Mirror, please contact DUMOS customer support through the retailer where you purchased the product or via the contact information provided on the DUMOS brand store page.
