1. INTRODUCTION

Thank you for choosing the Garvee HDPE Rocking Chair Outdoor Set of 2. This set is designed for outdoor use, providing a comfortable and durable seating solution for your patio, porch, or garden. Constructed from High-Density Polyethylene (HDPE), these chairs are built to withstand various weather conditions and offer a relaxing rocking experience.

2. SAFETY INFORMATION

Important Safety Guidelines:

- Do not exceed the maximum weight recommendation of 350 pounds per chair.
- Ensure all bolts and screws are securely tightened before use. Periodically check and retighten as necessary.
- Keep children away from the assembly area during setup to prevent injury.
- Use on a flat, stable surface to prevent tipping.
- Avoid standing on the chair or using it as a step stool.

3. PACKAGE CONTENTS

Before beginning assembly, ensure all parts are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Chair Backrest (2)
- Chair Seat (2)
- Armrests (4)
- Rocker Base (4 pieces, forming 2 bases)
- Support Bars (various sizes)
- 304 Stainless Steel Screws and Bolts (various sizes)
- Hex Key (Allen Wrench)
- Instruction Manual

EASY INSTALLATION

4. SETUP (ASSEMBLY INSTRUCTIONS)

Assembly is required for this product. It is recommended that one person can assemble each chair in approximately 20 minutes using the provided tools. For easier assembly, an electric drill with appropriate bits may be used, but exercise

caution to avoid overtightening screws.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches. Verify all parts listed in Section 3 are present.
2. **Assemble Rocker Base:** Attach the rocker base pieces together using the provided screws. Ensure they form a stable rocking frame.
3. **Attach Seat to Base:** Secure the chair seat to the assembled rocker base.
4. **Install Armrests:** Fasten the armrests to the sides of the seat and the front legs.
5. **Attach Backrest:** Connect the backrest to the seat and armrests. Ensure the longer sloped edge of the backrest faces inward for proper alignment of screw holes.
6. **Tighten All Fasteners:** Once all components are in place, securely tighten all screws and bolts. Do not overtighten to avoid stripping.

5. OPERATING INSTRUCTIONS

The Garvee HDPE Rocking Chair is designed for comfortable outdoor relaxation. Once assembled and placed on a stable surface, the chair is ready for use.

- **Seating:** Sit gently into the chair, ensuring your weight is evenly distributed.
- **Rocking Motion:** Lean back and use your feet to initiate a gentle rocking motion. The ergonomic design and curved rocker legs provide a smooth and relaxing experience.
- **Weight Capacity:** Each chair is designed to support a maximum weight of 350 pounds. Do not exceed this limit.
- **Ergonomic Design:** The high, slatted back and wide seat, combined with rounded armrests, offer comfort and support for extended periods.

DETAILS THAT MATTER

WEATHER RESISTANT

Made from durable HDPE for all-weather performance built to withstand harsh outdoor conditions

LOW MAINTENANCE

Easy to clean—just use mild soap and fresh water

ERGONOMIC DESIGN

The contoured backrest cradles your body for all-day

6. MAINTENANCE

The Garvee HDPE Rocking Chairs are designed for low maintenance and all-weather durability.

- **Cleaning:** Clean the chairs with mild soap and water. A soft brush or cloth can be used for stubborn dirt. Rinse thoroughly with clean water.
- **No Painting or Staining:** The HDPE material does not require painting, staining, or waterproofing.
- **Weather Resistance:** HDPE is resistant to moisture, UV rays, and fading. It will not splinter, crack, chip, peel, or rot like traditional wood.
- **Seasonal Storage:** While designed for year-round outdoor use, storing the chairs in a covered area during extreme weather conditions can extend their lifespan.
- **Fastener Check:** Periodically inspect all screws and bolts to ensure they remain tight. Retighten if necessary.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Chair feels wobbly after assembly.	Screws or bolts are not fully tightened.	Ensure all fasteners are securely tightened. Do not overtighten.
Parts do not align during assembly.	Incorrect orientation of parts or misaligned pre-drilled holes.	Review the assembly diagram carefully. Ensure the backrest's sloped edge faces inward. If holes are slightly off, gently adjust or contact support.
Screws strip easily during assembly.	Overtightening, especially with power tools.	Use hand tools for final tightening. If a screw is stripped, it may require a larger screw or a repair kit. Contact customer support for assistance.
Chair does not rock smoothly.	Uneven surface or debris under rocker base.	Place the chair on a flat, level surface. Clear any debris from under the rocker base. Check for any loose connections in the rocker assembly.

8. SPECIFICATIONS

Feature	Detail
Brand	Garvee
Model Number	HDPE-ROCKING-008
Material	High Density Polyethylene (HDPE)
Color	Navy Blue
Product Dimensions (D x W x H)	25.59" x 35.4" x 40.55"
