HOMCOM Manual Reclining Massage Chair with Heat

MODEL: IT700-050V94CW0631

Introduction

Thank you for choosing the HOMCOM Manual Reclining Massage Chair. This chair is designed to provide comfort and relaxation with its 8-point vibrating massage, lumbar heating, manual recline function, 360° swivel, and gentle rocking motion. This manual contains important information regarding the assembly, operation, maintenance, and safety of your new massage chair. Please read it thoroughly before use and retain it for future reference.

Safety Instructions

- Ensure all components are securely assembled before use.
- Do not exceed the maximum weight capacity of 135 kg (297 lbs).
- Keep children and pets away from moving parts, especially during reclining.
- Unplug the chair from the power outlet when not in use or before cleaning.
- Do not use the chair if the power cord or plug is damaged. Contact customer support for assistance.
- Avoid placing the chair near heat sources or in direct sunlight to prevent material degradation.
- Do not insert any objects into the chair's openings.
- Consult a physician before using the massage or heat functions if you have any medical conditions, are pregnant, or have a pacemaker.

Package Contents

Please check the package carefully to ensure all items are present and undamaged:

- 1 x HOMCOM Massage and Heating Recliner Chair
- 1 x Remote Control
- 1 x User Manual (this document)

Setup and Assembly

While specific assembly steps are not detailed here, the chair typically arrives in a few main components that require simple attachment. Follow the included assembly guide for detailed instructions. Ensure you have adequate space for assembly and operation, keeping in mind the chair's dimensions.

Image: Dimensions of the HOMCOM massage chair, upright and reclined.

Important: For reclining the backrest, ensure there is at least 35 cm (13.8 inches) of clearance from the wall behind the chair.

Operating Instructions

1. Power Connection

Connect the power cord to a standard AC110-240V, 50-60Hz electrical outlet. The power cord length is 1.8

meters.

2. Reclining Function

To recline the chair, locate the manual lever on the side of the chair. Pull the lever to release the backrest and extend the footrest. Lean back gently to achieve your desired recline angle, up to 145°. To return to the upright position, push the footrest down with your legs and lean forward while pushing the backrest up, then push the lever back into place.

3. Massage and Heating Functions

The chair features 8 vibrating massage points targeting the back, lumbar area, thighs, and calves, along with a lumbar heating function. Use the included remote control to operate these features.

MULTIFUNZIONALE

- Reclinabile con linguetta** (Reclining with lever): An icon shows the chair reclining to a 145° angle, with a yellow arrow indicating the lever's movement.
- A dondolo** (Swiveling): An icon shows the chair swiveling to the right, with a yellow arrow indicating the swivel motion.
- girevole** (Swiveling): An icon shows the chair swiveling to the left, with a yellow arrow indicating the swivel motion.

Image: Remote control and massage/heating zones on the chair.

- Power Button:** Press to turn the massage and heat functions on/off.
- Mode Selection:** Choose from 3 massage modes (M1, M2, M3).
- Intensity Adjustment:** Select from 3 intensity levels (Low, Medium, High).
- Zone Selection:** Target specific areas (Back, Lumbar, Thighs, Calves).
- Heat Function:** Activate the lumbar heating for added comfort.

- **Timer:** Set a massage duration (e.g., 15, 30, 60 minutes).

4. Swivel and Rocking Functions

The chair is designed to swivel 360° for flexible movement and interaction. It also offers a gentle rocking motion for enhanced relaxation. These functions operate freely without specific controls.

Maintenance

Cleaning

- Unplug the chair before cleaning.
- Wipe the PU leather upholstery with a soft, damp cloth. For stubborn stains, use a mild leather cleaner.
- Avoid using abrasive cleaners, solvents, or harsh chemicals, as these can damage the material.
- Regularly vacuum crumbs or debris from crevices.

General Care

- Periodically check all bolts and screws to ensure they are tight.
- Keep the chair away from direct sunlight and excessive heat to prevent fading and cracking of the PU leather.

Troubleshooting

- **Chair does not power on:** Ensure the power cord is securely plugged into both the chair and a

working electrical outlet. Check the circuit breaker.

- **Massage function not working:** Verify the remote control batteries are functional. Ensure the chair is powered on and the massage function is activated via the remote.
- **Heat function not working:** Confirm the heat function is selected on the remote. Note that the heat function is typically gentle and may take a few minutes to become noticeable.
- **Reclining mechanism is stiff:** Ensure there are no obstructions around the chair or under the footrest. Apply gentle, even pressure when reclining.

If you encounter any issues not listed here or if troubleshooting steps do not resolve the problem, please contact HOMCOM customer support.
