OPERATION

The drawers are designed for smooth and easy operation. To open a drawer, gently pull the handle. To close, push the drawer back until it is fully seated. Avoid forcing drawers open or closed to prevent damage to the slides.

Storage Guidelines:

- Utilize the four smaller top drawers for smaller items such as accessories, socks, or delicate clothing.
- The four larger bottom drawers are suitable for bulkier items like sweaters, jeans, or bedding.
- Distribute weight evenly across drawers to maintain stability and prevent strain on the drawer slides.
- Do not overload drawers beyond their capacity to ensure smooth operation and longevity.

MAINTENANCE

To ensure the longevity and appearance of your Garvee dresser, follow these maintenance guidelines:

- **Cleaning:** The smooth finish resists stains and scratches and is easy to wipe clean. Use a soft, damp cloth for regular cleaning. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Dusting:** Dust regularly with a soft, dry cloth.
- **Spills:** Wipe up spills immediately with a clean, dry cloth to prevent staining.
- **Hardware:** Periodically check and tighten all hardware to ensure the dresser remains stable.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight to prevent fading or discoloration of the wood finish.

SAFETY INFORMATION

Your safety is paramount. Please adhere to the following safety precautions:

- **Anti-Tipping Device:** An anti-tipping device is included and must be installed to secure the dresser to a wall. This significantly reduces the risk of injury from tipping furniture, especially in households with children.
- **Rounded Edges:** The dresser features rounded edges to reduce the risk of bumps and knocks.
- **Weight Distribution:** Always distribute items evenly in drawers. Do not place heavy items on top of the dresser that could cause instability.
- **Children:** Do not allow children to climb on or play with the dresser. Keep heavy items in lower drawers.

TROUBLESHOOTING

If you encounter any issues with your Garvee dresser, please refer to the following common solutions:

Problem	Possible Cause	Solution
Drawers stick or do not slide smoothly.	Overloaded drawer, debris in slides, loose hardware.	Remove some items from the drawer. Clean drawer slides. Tighten screws on drawer slides.
Dresser feels wobbly.	Loose assembly hardware, uneven floor.	Ensure all assembly screws are tightened. Use shims under legs if the floor is uneven. Verify anti-tip device is securely installed.
Minor scratches or blemishes on surface.	Normal wear and tear.	Use a wood repair kit or touch-up pen matching the finish. For deeper scratches, consult a professional.
