5. MAINTENANCE AND CARE

Proper care will extend the life and appearance of your vanity desk.

- **Cleaning:** Wipe surfaces with a damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish or glass.
- **Spills:** Clean spills immediately to prevent staining, especially on the engineered wood surfaces.
- **Glass Care:** Use a glass cleaner for the mirror and glass desktop. Avoid spraying cleaner directly onto the LED mirror to prevent moisture damage to electrical components.
- **Electrical Components:** Ensure all electrical connections (LEDs, charging station) are dry and free from dust. Do not attempt to repair electrical components yourself.
- **Stability:** Periodically check all screws and fasteners to ensure they remain tight. Re-tighten as necessary.

6. TROUBLESHOOTING

This section addresses common issues you might encounter with your vanity desk.

Problem	Possible Cause	Solution
LED Mirror lights not working	Power cable disconnected; faulty power outlet; touch switch malfunction.	Ensure power cable is securely plugged in. Test the outlet with another device. If issues persist, contact customer support.
RGB lights not responding to app	Bluetooth not connected; app not installed correctly; power issue.	Verify Bluetooth is enabled on your device and connected to the lights. Reinstall the app. Check power connection to the RGB controller.
Charging station not providing power	Vanity power cord unplugged; device not compatible; faulty outlet.	Ensure the vanity's main power cord is plugged into a working wall outlet. Check device compatibility. Try a different device.
Drawers are stiff or difficult to open	Overloaded drawer; debris in slides; loose hardware.	Reduce contents of the drawer. Clean drawer slides. Check and tighten any loose screws on the drawer slides.
