3. SETUP

Your AOC Captain 300 headset offers multiple ways to connect to your devices.

3.1 Bluetooth Connection

1. Ensure the headset is charged (see Section 4).
2. Press and hold the power button on the headset until the indicator light flashes, indicating pairing mode.
3. On your device (laptop, PC, smartphone), go to Bluetooth settings and select "AOC Captain 300" from the list of available devices.
4. Once connected, the indicator light on the headset will turn solid.

3.2 USB A/C Dongle Connection

1. Plug the USB A/C dongle into an available USB port on your computer (USB-A or USB-C).
2. Turn on your headset. It will automatically connect to the dongle.
3. Ensure your computer's audio output and input are set to the headset.

Rotationg MIC Boom Mute Control

Rotate the MIC boom to the **90°** upright position

The microphone arm supports **270°** adjustment
So this headset supports wearing in either ear

Video 1: Demonstration of headset setup and connectivity options.

4. CHARGING

The headset can be charged using the included charging dock or directly via a USB-C cable.

4.1 Using the Charging Dock

1. Connect the USB C Charging Cable to the charging dock and a power source.

2. Place the headset onto the charging dock. Ensure the charging contacts align.
3. The indicator lights on the dock will show the charging status.

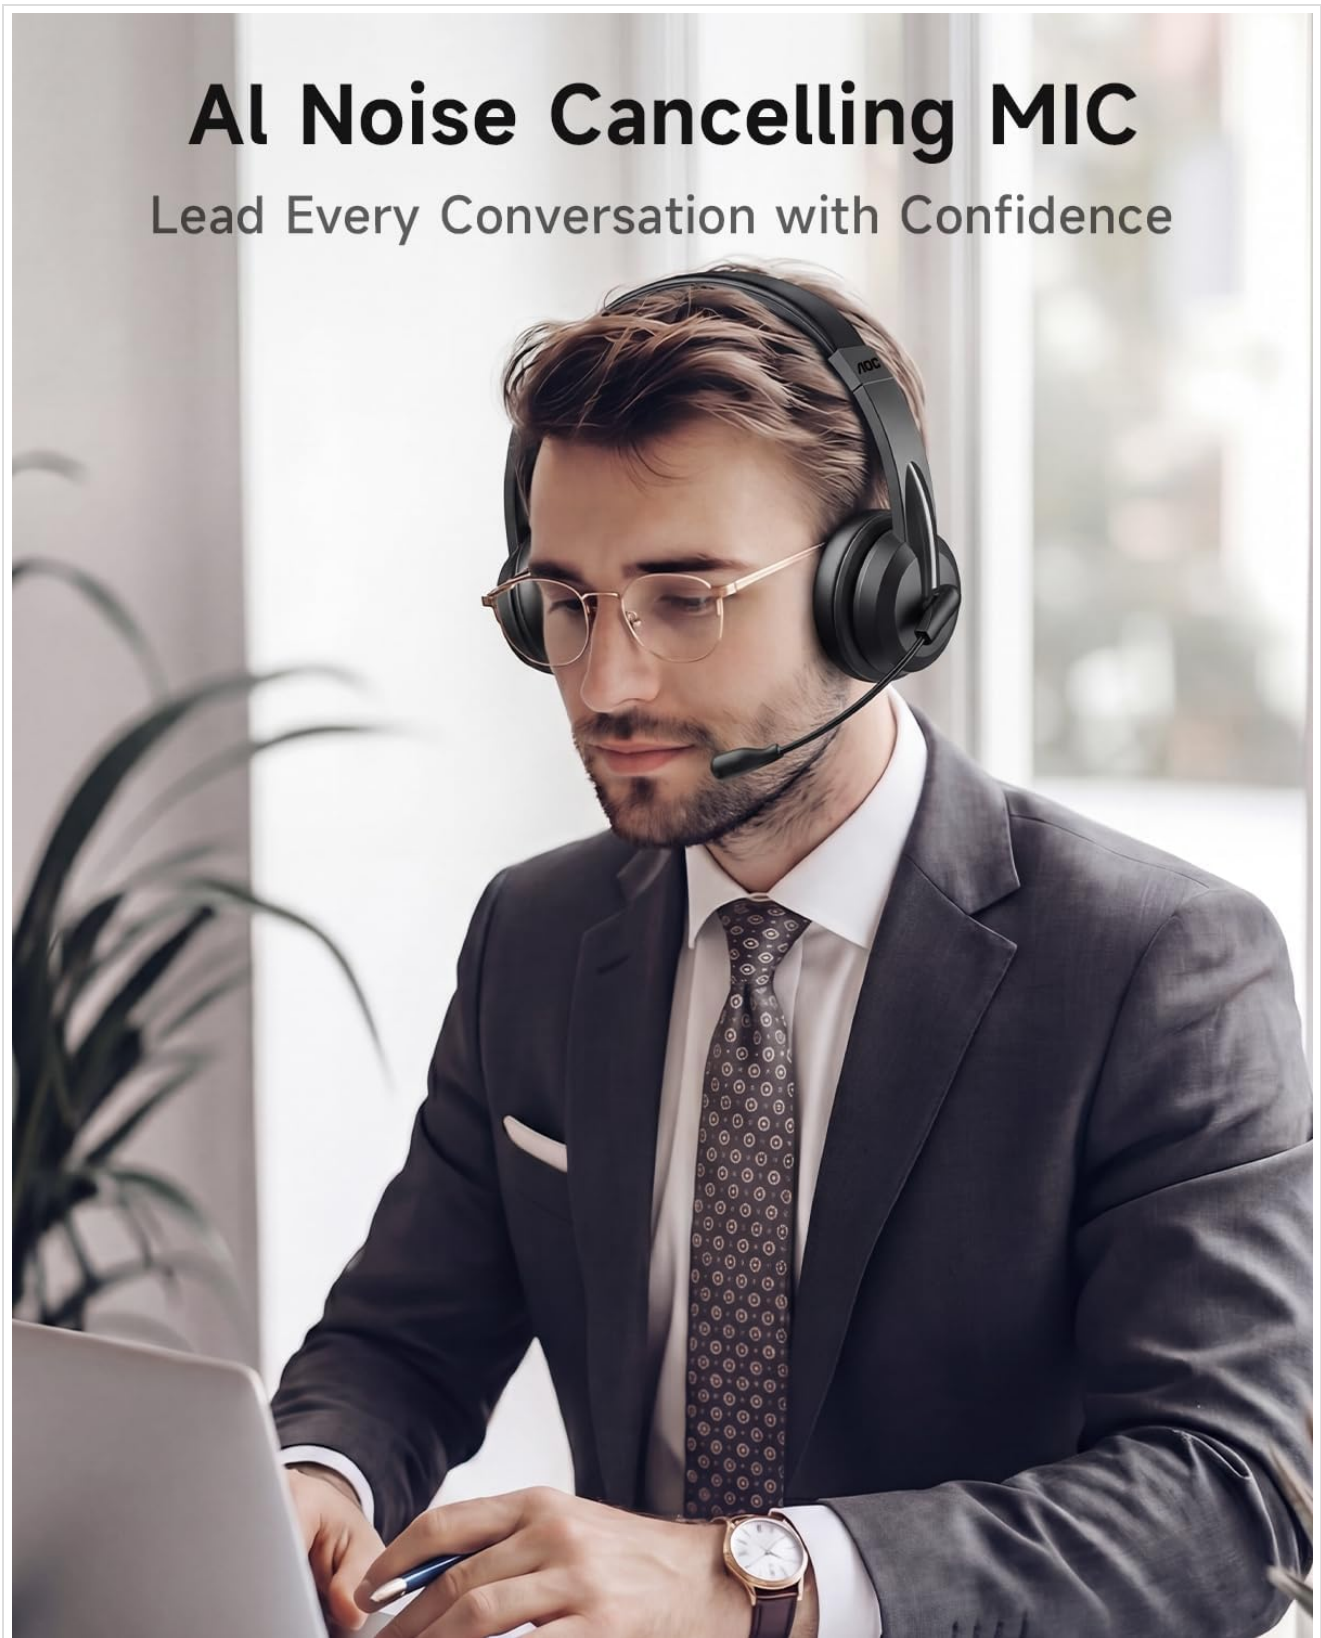

Figure 5: Headset placed on the charging dock.

4.2 Direct USB-C Charging

1. Connect the USB C Charging Cable directly to the USB-C port on the headset.
2. Plug the other end into a power source.

A full charge takes approximately 2.5 hours and provides up to 40 hours of talk time.

5. OPERATING INSTRUCTIONS

5.1 Power On/Off

Press and hold the power button located on the earcup for 3 seconds to power the headset on or off.

5.2 Volume Control

Use the volume up (+) and volume down (-) buttons on the earcup to adjust the audio level.

5.3 Microphone Mute

To mute the microphone, rotate the microphone boom upwards to a 90-degree upright position. To unmute, lower the boom back down.

Figure 7: Rotating microphone boom for mute control.

5.4 Call Management

- **Answer/End Call:** Press the multi-function button once.
- **Reject Call:** Press and hold the multi-function button for 2 seconds.

Video 2: Demonstration of microphone mute function and call handling.

6. COMFORT AND FIT

The AOC Captain 300 headset is designed for all-day comfort with soft ear cushions and an adjustable headband. The lightweight design ensures minimal fatigue during extended use.

- **Adjustable Headband:** Extend or retract the headband to fit your head size comfortably.
- **Soft Ear Cushions:** The ear cushions are designed for breathability and comfort.
- **Reversible Microphone:** The microphone arm supports 270° adjustment, allowing the headset to be worn with the microphone on either the left or right side.

Advanced Bluetooth 5.4

Bluetooth 5.4 delivers faster speeds and more stable connections.

7. MAINTENANCE

To ensure the longevity and optimal performance of your headset, follow these maintenance guidelines:

- Clean the ear cushions and headband regularly with a soft, dry cloth.
- Avoid exposing the headset to extreme temperatures, humidity, or direct sunlight.
- Store the headset on its charging dock or in a safe place when not in use to prevent damage.
- Do not attempt to disassemble or repair the headset yourself. Contact customer support for assistance.

8. TROUBLESHOOTING

If you encounter any issues with your AOC Captain 300 headset, refer to the following common solutions:

- **No Sound/Poor Audio Quality:**
 - Check if the headset is properly connected via Bluetooth, USB dongle, or 3.5mm cable.
 - Ensure the headset's volume is turned up and not muted.
 - Verify your device's audio settings are configured to use the headset.
 - Re-pair the Bluetooth connection or re-insert the USB dongle/cable.
- **Microphone Not Working:**
 - Ensure the microphone boom is lowered and not in the muted (90-degree upright) position.
 - Check your device's microphone input settings.
 - Restart the headset and your device.
- **Headset Not Charging:**
 - Ensure the charging cable is securely connected to both the dock/headset and the power source.
 - Verify the power source is active.
 - Clean the charging contacts on the headset and dock.
- **Bluetooth Disconnection:**
 - Ensure the headset is within the 36-foot Bluetooth range of your device.
 - Avoid obstacles that may interfere with the Bluetooth signal.
 - Disconnect and re-pair the headset with your device.
