VOPLLS Q5

VOPLLS Mini Projector Q5 User Manual

Model: Q5

INTRODUCTION

Thank you for choosing the VOPLLS Mini Projector Q5. This manual provides essential information for setting up, operating, and maintaining your projector. Please read it thoroughly before use to ensure optimal performance and longevity of your device.

The VOPLLS Q5 is a compact and versatile projector designed for home cinema, gaming, business presentations, and educational purposes. It features native 1080P resolution with 4K support, integrated streaming applications, automatic focus and keystone correction, and advanced connectivity options including WiFi 6 and Bluetooth 5.2.

WHAT'S INCLUDED

Upon unboxing, please verify that all the following components are present:

- VOPLLS Mini Projector Q5 (ultra-thin 4.6 cm, Netflix compatible) x 1
- 360° Rotating Stand x 1
- HDMI Cable x 1
- Power Cable x 1
- User Manual x 1
- Remote Control (batteries not included) x 1

SETUP

1. Placement

The VOPLLS Q5 offers flexible placement options. It can be installed on a ceiling, wall, desk, or floor. For optimal image quality, ensure the projection surface is flat and white. The projector performs best in a dark environment.

- **Projection Distance:** The recommended projection distance ranges from 1 meter to 5 meters. Adjust the distance to achieve your desired screen size (35" to 210").
- **Adjustable Stand:** Utilize the integrated 360° rotating stand to easily adjust the projection angle for ceilings, walls, or tents without additional tools.

2. Power Connection

1. Connect the power cable to the projector's power input.
2. Plug the other end of the power cable into a standard electrical outlet (AC 110-240V, 50/60Hz).

3. Initial Power-On and Image Adjustment

1. Press the power button on the projector or the remote control to turn on the device.
2. The projector features **fully automatic technology** for quick setup:
 - **Automatic Focus:** The image will automatically adjust for sharpness.
 - **Automatic Keystone Correction (4P/6D):** The image will automatically correct its shape to be rectangular, even if the projector is at an angle.
 - **Automatic Obstacle Avoidance:** The projector will detect and adjust the image to avoid obstacles on the projection surface.
 - **Automatic Screen Adjustment:** The projector will automatically fit the image to the screen area.
3. If manual adjustment is needed, use the remote control to access settings for focus and keystone correction.

2. Connecting External Devices

The VOPLLS Q5 offers multiple connectivity options:

- **HDMI:** Connect gaming consoles, laptops, or other HDMI-enabled devices using the included HDMI cable.
- **USB:** Plug in USB drives to play media files directly.
- **Wi-Fi 6:** Connect to your home network for stable and fast streaming. Supports 2.4G and 5G bands.
- **Bluetooth 5.2:** Pair with external Bluetooth speakers or headphones for enhanced audio.
- **3.5mm Audio Jack:** Connect wired headphones or external speakers.

3. Using Integrated Applications

The projector comes with officially licensed applications pre-installed, including YouTube and Prime Video. Netflix is also compatible. Access these directly from the home screen.

4. Screen Mirroring

Utilize the Wi-Fi 6 connectivity for seamless wireless screen mirroring from your smartphone or tablet. This allows you to project content directly from your mobile device.

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your VOPLLS Q5 projector.

- **Cleaning the Lens:** Use a soft, lint-free cloth or lens cleaning wipes to gently clean the projector lens. Avoid abrasive materials or harsh chemicals.
- **Dust Removal:** Regularly clean the projector's vents to prevent dust buildup, which can affect cooling and performance. Use a soft brush or compressed air.
- **Storage:** When not in use, store the projector in a cool, dry place, away from direct sunlight and extreme temperatures.
- **Light Source:** The projector's light source has a lifespan of up to 1,000,000 hours, ensuring long-term use without frequent replacement.

TROUBLESHOOTING

If you encounter issues with your VOPLLS Q5 projector, refer to the following common solutions:

Problem	Possible Cause	Solution
No image or blurry image	Incorrect focus, wrong projection distance, or projector not facing a flat surface.	Allow automatic focus to complete. Adjust projector distance (1-5 meters). Ensure the projection surface is flat. Manually adjust focus if needed via settings.

Problem	Possible Cause	Solution
Image is distorted (trapezoid shape)	Projector is not perpendicular to the screen.	Allow automatic keystone correction to complete. Adjust the projector's angle or use manual keystone correction in settings.
No sound or low sound	Volume too low, incorrect audio output selected, or external device audio issue.	Increase projector volume. Check audio settings to ensure correct output. If using Bluetooth, ensure it's paired correctly. Consider connecting external speakers via Bluetooth or 3.5mm jack for better audio.
Wi-Fi or Bluetooth connection issues	Interference, out of range, or incorrect pairing.	Ensure the projector is within range of your Wi-Fi router or Bluetooth device. Restart the projector and the connected device. Re-pair Bluetooth devices.
Projector overheating or fan noise	Blocked vents or prolonged use.	Ensure vents are clear of obstructions. Operate in a well-ventilated area. If fan noise is excessive, ensure the projector is not placed in an enclosed space.
