YOUNIKE YNK-2512

YOUNIKE Bar Stool Model YNK-2512 Instruction Manual

Height Adjustable Counter Stool with Woven Back and Armrest

Introduction

This manual provides detailed instructions for the assembly, operation, and maintenance of your YOUNIKE Height Adjustable Counter Stool, Model YNK-2512. This stool features a sleek woven backrest, comfortable armrests, 360-degree swivel functionality, and a height-adjustable mechanism. Please read these instructions carefully before assembly and use to ensure proper function and safety.

Safety Information

- Ensure all parts are securely fastened before each use.
- Do not exceed the maximum weight capacity of 300 lbs (136 kg).
- Keep hands and fingers clear of moving parts, especially during height adjustment.
- Avoid standing on the stool. It is designed for seated use only.
- Use the stool on a flat, stable surface to prevent tipping.
- Children should only use the stool under adult supervision.

Package Contents

Please verify that all components are present before beginning assembly:

- **A:** Seat with Woven Backrest and Armrests (x1)
- **B:** Footrest (x1)
- **C:** Gas Lift (x1)

- **D:** Base (x1)
- **E:** Screws (M6*16) (x4)
- **F:** Allen Wrench (x1)

Important: Before assembly, ensure you remove the plastic protective cap from the top of the gas lift (C).

Setup and Assembly Instructions

Follow these steps to assemble your YOUNIKE Bar Stool:

1. **Step 1: Prepare Gas Lift and Base**
   Remove the plastic protective cap from the top of the gas lift (C). Insert the narrow end of the gas lift (C) into the center hole of the base (D).
2. **Step 2: Attach Footrest to Seat**
   Align the footrest (B) with the pre-drilled holes on the underside of the seat (A). Secure the footrest using the four screws (E) and tighten them with the provided Allen wrench (F).
3. **Step 3: Connect Seat to Gas Lift**
   Carefully place the assembled seat (A) onto the wider end of the gas lift (C). Apply gentle downward pressure to ensure the seat is securely seated on the gas lift.
4. **Step 4: Final Check**
   Once assembled, sit on the stool and test the height adjustment and swivel functions. Ensure all connections are stable and secure.

Operating Instructions

Height Adjustment

To adjust the seat height, locate the lever positioned under the seat on the right side. Pull the lever upwards. While seated, the stool will lower. While standing, the stool will rise. Release the lever at your desired height to lock the position.

Swivel Function

The stool is designed with a 360-degree swivel mechanism, allowing for full rotation and easy movement. Simply turn the seat in any direction.

Maintenance and Care

- **Cleaning the Suede Fabric:** The suede fabric upholstery is wear-resistant and stain-resistant. For routine cleaning, wipe spills and dirt with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the fabric.
- **Frame Care:** Wipe the metal frame with a soft, dry cloth. Do not use abrasive cleaners.
- **Regular Checks:** Periodically inspect all screws and connections to ensure they remain tight. Re-tighten if necessary to maintain stability and safety.

Troubleshooting

Problem	Possible Cause	Solution
Stool wobbles	Loose screws; uneven surface.	Ensure all screws are tightened. Place the stool on a flat, stable surface.
Height adjustment not working	Plastic cap not removed from gas lift; lever mechanism obstructed.	Verify the plastic protective cap has been removed from the gas lift. Check for any obstructions around the lever mechanism.
Squeaking noises	Friction in gas lift or swivel mechanism.	Apply a small amount of silicone-based lubricant to the gas lift or swivel components.
