iFFALCON 65U75A

iFFALCON 65U75A 65-inch 4K QLED Smart Google TV User Manual

Model: 65U75A

1. INTRODUCTION

Thank you for choosing the iFFALCON 65U75A 65-inch 4K QLED Smart Google TV. This manual provides essential information for the safe and efficient use of your television. Please read it thoroughly before operating the device and retain it for future reference.

2. SAFETY INFORMATION

Always follow basic safety precautions when using this television to reduce the risk of fire, electric shock, and injury.

- **Power Source:** Connect the TV only to an AC power outlet of the specified voltage.
- **Ventilation:** Ensure adequate ventilation around the TV. Do not block ventilation openings.
- **Water and Moisture:** Do not expose the TV to rain or moisture. Do not place objects filled with liquids on the TV.
- **Cleaning:** Unplug the TV before cleaning. Use a soft, dry cloth. Do not use liquid or aerosol cleaners.
- **Servicing:** Do not attempt to service this product yourself. Refer all servicing to qualified service personnel.
- **Stability:** Place the TV on a stable, level surface or mount it securely to a wall following manufacturer's instructions.

3. PACKAGE CONTENTS

Verify that all items are included in the package:

- iFFALCON 65U75A 65-inch 4K QLED Smart Google TV
- Remote Control
- Power Adapter
- Power Cable

- TV Stand (2 pieces)
- Screws for Stand Installation
- User Manual (this document)

4. SETUP

4.1 Unpacking

Carefully remove the TV from its packaging. It is recommended to have two people for this process due to the size and weight of the television. Retain the packaging materials for potential future transport or servicing.

4.2 Stand Installation

If you are not wall-mounting the TV, attach the included stand:

1. Place the TV face down on a soft, flat surface to prevent screen damage.
2. Align each stand piece with the corresponding slots on the bottom of the TV.
3. Secure each stand piece with the provided screws. Ensure they are tightened firmly.

Image: Rear view of the iFFALCON 65U75A TV with stand dimensions. The TV measures 1444mm wide, 831mm high (without stand), and 893mm high (with stand). The stand depth is 295mm.

4.3 Wall Mounting (Optional)

If you choose to wall-mount your TV, use a VESA-compatible wall mount kit (sold separately) and follow the instructions provided with the wall mount. Ensure the wall can support the weight of the TV and mount. Professional installation is recommended.

4.4 Connecting Peripherals

Connect your external devices such as cable boxes, gaming consoles, or sound systems to the TV's ports.

- **HDMI:** The TV features 4 HDMI ports for high-definition audio and video connections.
- **USB:** Use USB ports for connecting storage devices or other compatible accessories.
- **Wi-Fi/Bluetooth:** Connect to your home network wirelessly or pair Bluetooth devices.

4.5 Initial Power On and Setup Wizard

After connecting all cables, plug the power cable into an electrical outlet. The TV will power on and guide you through the initial setup process, including network connection, Google account login, and channel scanning.

5. OPERATING YOUR TV

5.1 Remote Control Overview

Familiarize yourself with the functions of the remote control for easy navigation and control of your TV.

5.2 Basic Functions

- **Power:** Press the power button to turn the TV on or off.
- **Volume:** Use the volume buttons to adjust the sound level.
- **Channel:** Use the channel buttons to change TV channels.
- **Input:** Select the desired input source (HDMI, USB, etc.).

5.3 Google TV Interface

Your iFFALCON 65U75A TV runs on Google TV, providing a personalized experience with access to a vast library of

content, apps, and services. Navigate using the remote control's directional pad and select button.

5.4 Smart Features

- **Apps & Streaming:** Access popular streaming services and download new applications from the Google Play Store.
- **Google Assistant:** Use voice commands via the remote control to search for content, control smart home devices, and get information.
- **Google Cast:** Cast content from your compatible mobile devices directly to the TV screen.

5.5 Picture and Sound Settings

Customize your viewing and listening experience through the TV's settings menu.

- **QLED Technology:** Advanced quantum crystal materials and precise coating technology deliver richer colors, higher stability, and long-lasting color performance for vivid and lifelike images.
- **AiPQ Pro Processor:** AI-powered image processing optimizes contrast and color accuracy in every scene, enhancing picture quality with lifelike visuals.
- **HVA Panel:** Offers a 5x contrast increase, low reflection film, and a wide viewing angle of over 178 degrees, ensuring clear images from various positions.
- **Dolby Vision Atmos:** Experience high-quality, rich, and immersive sound for a complete home entertainment experience.
- **DTS Virtual:X:** Provides virtual 3D sound, creating an immersive audio environment.

6. MAINTENANCE

6.1 Cleaning Your TV

To clean the screen and cabinet:

- Always unplug the TV before cleaning.
- Use a soft, lint-free cloth to gently wipe the screen and cabinet.
- For stubborn marks, lightly dampen the cloth with water or a mild, non-abrasive screen cleaner. Never spray liquid directly onto the TV.
- Avoid using alcohol, benzene, thinners, or other volatile substances, as they may damage the TV's surface.

6.2 Software Updates

Your TV may receive software updates periodically to improve performance and add new features. Ensure your TV is connected to the internet to receive these updates. You can usually check for updates in the TV's settings menu.

7. TROUBLESHOOTING

If you encounter issues with your TV, refer to the following common problems and solutions:

Problem	Possible Solution
No power	Check if the power cable is securely plugged into the TV and the wall outlet. Try a different outlet.
No picture, but sound is present	Ensure the correct input source is selected. Check cable connections to external devices.

Problem	Possible Solution
No sound, but picture is present	Check the volume level and mute status. Verify audio cable connections. Check TV audio output settings.
Remote control not working	Replace the batteries. Ensure there are no obstructions between the remote and the TV's IR sensor.
Wi-Fi connection issues	Restart your router and the TV. Check Wi-Fi password. Ensure the TV is within range of your router.
Picture is distorted or blurry	Check the resolution settings of the input source. Adjust picture settings on the TV.

If the problem persists after trying these solutions, please contact customer support.
