## 4. OPERATING (GAMEPLAY OVERVIEW)

---

The Pokémon Trading Card Game is a strategic card game for two players. The objective is to defeat your opponent's Pokémon and take all of your Prize cards, or for your opponent to run out of Pokémon or cards in their deck.

1. **Deck Building:** Construct a 60-card deck using a combination of Pokémon, Energy, and Trainer cards. The included Player's Guide offers insights into building effective decks with cards from the Mega Evolution—Perfect Order expansion.
2. **Starting the Game:** Each player shuffles their deck, draws 7 cards, and places a Basic Pokémon as their Active Pokémon. Up to 5 more Basic Pokémon can be placed on the Bench. Six Prize cards are then set aside.
3. **Taking Turns:** On your turn, you can draw a card, play Basic Pokémon, evolve Pokémon, attach Energy cards, play Trainer cards, use Abilities, and attack with your Active Pokémon.
4. **Attacking:** To attack, your Active Pokémon must have the necessary Energy attached. Damage is placed on the defending Pokémon using the damage-counter dice.
5. **Winning:** The game ends when a player takes all of their Prize cards, or if their opponent cannot place an Active Pokémon or draw a card at the start of their turn.

For complete rules and advanced strategies, refer to the official Pokémon TCG rulebook and the included Player's Guide.

## 5. MAINTENANCE

---

Proper care of your Pokémon TCG cards and accessories will ensure their longevity and preserve their value.

- **Card Protection:** Always store cards in sleeves, especially rare or valuable ones. The included card sleeves are ideal for this purpose.
- **Storage:** Keep your cards and accessories in the collector's box provided. Store the box in a cool, dry place away from direct sunlight and extreme temperatures to prevent warping or fading.
- **Handling:** Handle cards by their edges to avoid bending, creasing, or leaving fingerprints on the card surface.
- **Cleaning:** If necessary, gently wipe plastic accessories (dice, coin) with a soft, dry cloth. Do not use harsh chemicals.
