SETUP

1. Charging the Speaker

Before first use, fully charge the speaker. Connect the provided Type-C charging cable to the speaker's charging port and a USB power adapter (not included). The LED battery indicator will show the charging progress from 1% to 100%. A full charge provides up to 30 hours of playtime (at 30% volume with lights off).

Image: The speaker displaying its battery level and indicating 30 hours of playtime with Type-C fast charging capability.

2. Power On/Off

- To Power ON: Press and hold the Power button for 2 seconds.
- To Power OFF: Press and hold the Power button for 2 seconds.

3. Bluetooth Pairing

1. Turn on the speaker. It will automatically enter Bluetooth pairing mode, indicated by a flashing Bluetooth icon.
2. On your device (smartphone, tablet, computer), enable Bluetooth and search for available devices.
3. Select "coioc S18-2" from the list.
4. Once connected, the speaker will emit a confirmation sound, and the Bluetooth icon will stop flashing.

OPERATING INSTRUCTIONS

1. Connection Methods

The coioc S18-2 speaker supports multiple connection options:

- **Bluetooth (BT):** For wireless audio streaming from compatible devices.
- **AUX:** Connect via the 3.5mm audio cable for wired playback.
- **TF Card:** Insert a MicroSD (TF) card with music files for direct playback.
- **USB:** Connect a USB drive with music files for direct playback.

2. TWS (True Wireless Stereo) Pairing

For an immersive stereo experience, you can pair two coioc S18-2 speakers together:

1. Ensure both speakers are powered on and not connected to any other Bluetooth device.
2. On one speaker (this will be the primary speaker), press the TWS button twice. It will enter TWS pairing mode.
3. The primary speaker will automatically search for and connect to the secondary speaker.
4. Once successfully paired, both speakers will emit a confirmation sound.

5. Now, connect your device to the primary speaker via Bluetooth as described in the 'Bluetooth Pairing' section. Audio will play in stereo through both speakers.

3. RGB Lighting Modes

The speaker features dynamic RGB lighting. To control the lighting:

- Press the Light button once to cycle through different RGB lighting effects.
- Press the Light button three times to turn off the lights.

MAINTENANCE

- Clean the speaker with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners.
- Store the speaker in a cool, dry place when not in use.
- Avoid exposing the speaker to extreme temperatures or direct sunlight for prolonged periods.
- Ensure the port cover is sealed when not charging or using wired connections to maintain waterproofing.

TROUBLESHOOTING

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Speaker does not turn on	Low battery	Charge the speaker fully.
Cannot pair via Bluetooth	Speaker not in pairing mode / Device Bluetooth off / Too far from device	Ensure speaker is in pairing mode. Turn on Bluetooth on your device. Move speaker closer to device (within 10 meters).
No sound	Volume too low / Incorrect input source / Device not connected	Increase speaker and device volume. Check connection method (Bluetooth, AUX, TF, USB). Re-pair Bluetooth if necessary.
TWS pairing fails	Speakers too far apart / Already connected to another device	Ensure both speakers are close to each other. Disconnect speakers from other Bluetooth devices before TWS pairing.
