

Keenz KEENZ-MOOV-4

Keenz MOOV 4-Passenger All-Terrain Stroller Wagon

MODEL: KEENZ-MOOV-4

Instruction Manual

Introduction

The Keenz MOOV 4-Passenger Stroller Wagon is designed for families seeking a versatile and comfortable solution for transporting children. This premium, foldable stroller wagon accommodates up to four passengers and is built for various terrains, offering both comfort and practical functionality for everyday adventures.

Key features include independently reclining seats with five-point harnesses for safety, a built-in insulated cooler bin, a cup holder, and an activity tray. Its dual push and pull handle system, combined with large rubber wheels, ensures smooth navigation across diverse surfaces. Constructed with a durable steel frame and Oxford fabric, the MOOV is designed for lasting use and folds flat for convenient storage.

Setup and Assembly

Assembly of the Keenz MOOV Stroller Wagon is generally straightforward. Please ensure all parts are present before beginning. The instruction manual is typically located within the product packaging, often with the activity tray.

1. **Unfolding the Frame:** Carefully unfold the main steel frame until it locks into place.
2. **Attaching Wheels:** The wheels are designed to fit specifically. Ensure the larger wheels are attached to the rear axle and the smaller, swiveling wheels are attached to the front axle. They will only fit one way.
3. **Installing Fabric Sections:** Attach the Oxford fabric sections to the frame. Ensure the storage bags are correctly oriented; the smaller bag should be positioned over the rear wheels, and the larger bin over the front wheels to avoid obstructing the handle when pushing.
4. **Securing Seats:** The padded seats hang from the wagon frame. Ensure they are securely attached to the designated hooks.

5. **Canopy Installation (Optional):** If using the canopy, extend the support rods and slide the canopy into the four corners of the wagon.

Once assembled, verify all connections are secure before use.

Operating Instructions

The Keenz MOOV features durable all-terrain rubber wheels for smooth navigation.

The dual-handle system allows for comfortable pushing or pulling.

Handles

The Keenz MOOV features a dual push and pull handle system. The handles are adjustable to seven different positions, from folded flat against the side to fully vertical for pushing. To adjust, press the buttons on both sides of the handle and move it to the desired position.

Seats and Harnesses

Each seat reclines independently and includes a secure 5-point harness.

Each of the four padded seats reclines independently, providing comfort for children. Secure each child using the individual five-point safety harness. Ensure the harness is snug but comfortable.

Wheels and Mobility

The stroller wagon is equipped with large rubber wheels designed for all-terrain use, offering enhanced traction and stability. The front wheels swivel for easy maneuverability. The rear wheels feature brakes to secure the wagon when stationary.

Folding and Storage

Open dimensions of the Keenz MOOV Stroller Wagon.

Folded dimensions of the Keenz MOOV Stroller Wagon for compact storage.

The Keenz MOOV is designed to fold flat for easy storage and transport. To fold, ensure all items are removed from the wagon, release any locking mechanisms, and collapse the frame according to the specific instructions in your detailed manual.

Canopy and Ventilation

The wagon includes a canopy for sun protection. The fabric sides feature mesh ventilation panels that can be opened or closed to adjust airflow, keeping children comfortable in various weather conditions.

Features Overview

Integrated cooler bin and cup holder for convenience.

The cup holder can be placed in various positions.

Convenient snap-on hooks for hanging bags or water bottles.

- **Insulated Cooler Bin:** A built-in cooler bin helps keep snacks and drinks fresh during outings.
- **Cup Holder:** An included cup holder can be attached in different positions for easy access to beverages.
- **Activity Tray:** The wagon comes with an activity tray, providing a surface for children's toys or snacks.
- **Storage Pockets:** External storage pockets and side bags offer ample space for organizing essentials.
- **Durable Construction:** The steel frame and premium Oxford fabric ensure longevity and resilience.

Maintenance

Regular maintenance helps prolong the life and performance of your Keenz MOOV Stroller Wagon.

- **Cleaning Fabric:** The Oxford fabric can be spot cleaned with mild soap and water. Allow to air dry completely. Avoid harsh chemicals that may damage the fabric.
- **Cleaning Frame and Wheels:** Wipe down the steel frame and rubber wheels with a damp cloth. Ensure no dirt or debris is lodged in the wheel mechanisms to maintain smooth operation.
- **Storage:** When not in use, store the wagon in a dry, cool place, away from direct sunlight and extreme temperatures, to prevent material degradation.

Troubleshooting

If you encounter any issues with your Keenz MOOV Stroller Wagon, consider the following common solutions:

- **Difficulty Folding/Unfolding:** Ensure all locking mechanisms are disengaged and that no items are obstructing the frame. Check for any debris in the folding joints.
- **Wheels Not Turning Smoothly:** Inspect wheels for trapped debris (e.g., hair, dirt). Clean the axles and ensure they are free to rotate.
- **Harness Issues:** Verify that all buckles are correctly aligned and free of obstructions. Adjust straps for a proper fit.

For persistent issues or concerns not addressed here, please contact Keenz customer support.
