

## LifePro LP-CZYWRP-BLK

# LifePro CozyWrap Infrared Sauna Blanket Instruction Manual

Model: LP-CZYWRP-BLK

## INTRODUCTION

The LifePro CozyWrap Infrared Sauna Blanket is designed to provide a full-body heat therapy experience in a portable and convenient format. This blanket features dual-zone controls, allowing for independent temperature adjustments for the upper and lower body. Its foldable design facilitates easy storage and use in various home settings. This manual provides essential information for the safe and effective operation of your CozyWrap Sauna Blanket.

## PACKAGE CONTENTS

Before beginning, ensure all components are present and in good condition. Carefully remove all items from the packaging.

- LifePro CozyWrap Infrared Sauna Blanket
- Controller with Power and Connector Cables
- Disposable Thermal Detox Wraps (5 included)
- User Manual

## SETUP INSTRUCTIONS

Follow these steps to set up your CozyWrap Sauna Blanket for its first use:

1. **Unfold the Blanket:** Place the sauna blanket on a flat, heat-safe surface such as a bed or sofa. Ensure there is enough space around the blanket for safe operation.
2. **Connect the Controller:** Locate the connector ports on the blanket and the controller. Securely plug the blanket's cables into the corresponding ports on the controller.
3. **Connect to Power:** Plug the power cord into the controller, then plug the other end into a standard electrical outlet.
4. **Prepare for Use:** For enhanced hygiene and heat retention, it is recommended to use one of the provided disposable thermal detox wraps inside the sauna blanket. Lay the wrap flat inside the blanket before entering.

# DIAL IN YOUR TEMPERATURE RANGE

## OPERATING INSTRUCTIONS

Once the blanket is set up, you can begin your heat therapy session:

- Power On:** Press the power button on the controller to turn on the device. The display will illuminate.
- Set Temperature:** Use the 'Setup' button and arrow keys on the controller to adjust the temperature for the upper and lower zones independently. The temperature range is 90°F to 180°F.
- Set Time:** Use the 'Setup' button and arrow keys to set your desired session duration. The timer can be set from 30 to 90 minutes.
- Enter the Blanket:** Carefully slide into the sauna blanket, ensuring you are comfortably positioned. The blanket features arm sleeves and a neck opening for comfort.
- Start Session:** Press the 'S/P' (Start/Pause) button to begin the heating process. The blanket will gradually reach your set temperature.
- Monitor and Adjust:** During your session, you can monitor the time and temperature on the controller. Adjust settings as needed for your comfort.
- End Session:** The blanket will automatically shut off once the timer expires. You can also manually end the session by pressing the 'S/P' button to pause, then the power button to turn off.

## MAINTENANCE

Proper maintenance ensures the longevity and hygiene of your sauna blanket:

- **Cleaning:** After each use, especially if not using a disposable wrap, wipe down the interior of the blanket with a damp cloth and a mild, non-abrasive cleaner. Ensure the blanket is completely dry before folding or storing.
- **Disposable Wraps:** Utilize the provided disposable thermal detox wraps to maintain hygiene and enhance the heat therapy experience. Replace wraps after each use.
- **Storage:** Once cooled and dry, fold the sauna blanket neatly. Store it in a cool, dry place away from direct sunlight and extreme temperatures.

# ESCAPE TO YOUR HOME SPA

CozyWrap that turns your home into a serene, spa-inspired escape.

## TROUBLESHOOTING

If you encounter issues with your CozyWrap Sauna Blanket, consider the following:

- **Blanket Not Heating:**
  - Ensure all power cords are securely plugged into the controller and the electrical outlet.
  - Verify that the controller is powered on and the temperature and time settings are correctly configured.
  - Check for any visible damage to the cables or blanket.
- **Controller Display Not Working:**
  - Confirm the power cord is properly connected and the outlet is functional.
  - Try unplugging and re-plugging the power cord to reset the controller.
- **Uneven Heating:**
  - Ensure the blanket is laid flat and not folded or creased during operation, as this can affect heat distribution.
  - Verify that both dual-zone temperature settings are adjusted as desired.

If issues persist after performing these checks, please contact customer support for further assistance.
