BANDAI DX Gavalion Laser

BANDAI Super Space Sheriff Gavan Infinity DX Gavalion Laser Instruction Manual

INTRODUCTION

This instruction manual provides important information for the safe and proper use of your BANDAI DX Gavalion Laser. Please read this manual thoroughly before use and retain it for future reference. This item, featured in 'Super Space Sheriff Gavan Infinity', offers three distinct modes for play: Weapon Mode, Unit Mode, and Robot Mode.

PRODUCT OVERVIEW

The DX Gavalion Laser is a versatile toy capable of transforming into three different configurations. It includes a special gimmick where inserting the included Itocha G.I. causes panels to deploy, and rotating the Itocha G.I. activates a panel rotation feature.

The DX Gavalion Laser can also dock with the separately sold DX Gavalion Trigger in Spaceship Mode. When docked, it can be transformed directly into a robot, allowing for a form change into Robot Form / Cosmo Gavarian G.I.

Modes of Operation:

- **Weapon Mode:** The primary weapon configuration.
- **Unit Mode:** A compact or auxiliary unit configuration.
- **Robot Mode:** The full robot form, Cosmo Gavarian G.I., achieved by docking with the DX Gavalion Trigger (sold separately).

This image illustrates the three transformation modes of the DX Gavialion Laser: Weapon Mode, Unit Mode, and Robot Mode (Cosmo Gavarian G.I.). Note that the DX Gavialion Trigger is sold separately.

PACKAGE CONTENTS

Verify that all items listed below are present in the package:

- DX Gavialion Laser: 1 unit
- Itocha G.I.: 1 unit

Note: Any items not listed above are not included with this product.

SETUP

Inserting the Itocha G.I.

1. Locate the designated slot on the DX Gavialion Laser for the Itocha G.I.
2. Carefully insert the Itocha G.I. into the slot until it clicks into place. This action will cause certain panels on the Gavialion Laser to deploy.
3. To activate the rotating panel gimmick, gently rotate the inserted Itocha G.I.

This image shows the Itocha G.I. accessory, which is inserted into the DX Gavalion Laser to activate features.

This image illustrates the process of inserting the Itocha G.I. into the DX Gavalion Laser, which triggers panel deployment and rotation.

OPERATING INSTRUCTIONS

Transforming between Modes:

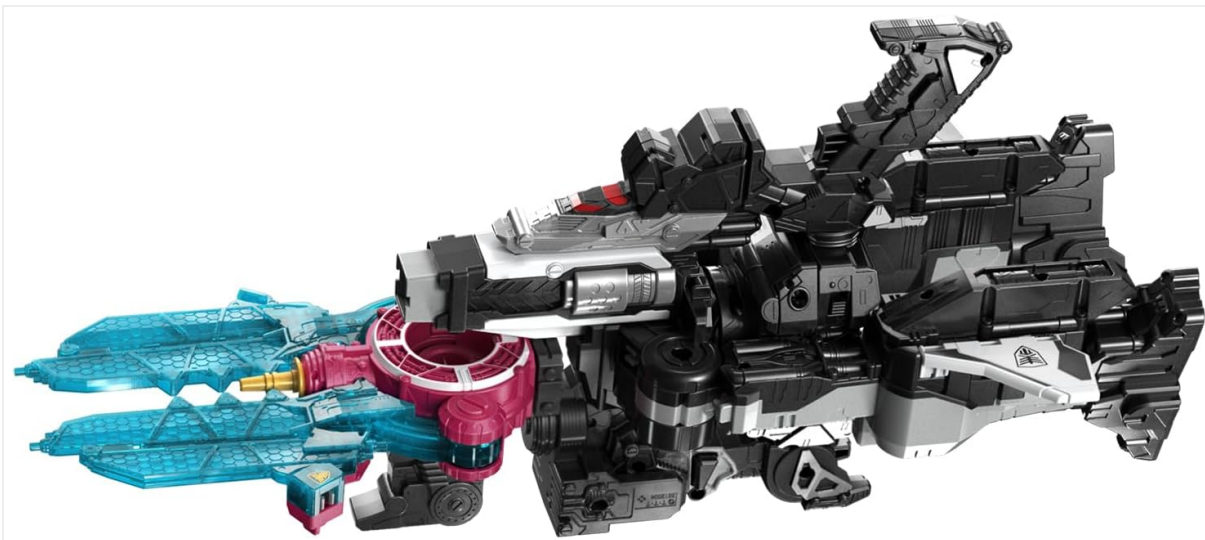

1. **Weapon Mode:** The DX Gavalion Laser is typically in Weapon Mode when not combined or transformed. Ensure all panels are retracted and the Itocha G.I. is securely in place.
2. **Unit Mode:** Adjust the movable parts of the DX Gavalion Laser to achieve the Unit Mode configuration. Refer to the visual guides for specific panel and limb positioning.
3. **Robot Mode (Cosmo Gavarian G.I.):**
 - Acquire the separately sold DX Gavalion Trigger.
 - Transform the DX Gavalion Trigger into its Spaceship Mode.
 - Dock the DX Gavalion Laser with the DX Gavalion Trigger in Spaceship Mode.
 - Follow the transformation sequence to convert the combined units into the Cosmo Gavarian G.I. Robot Form.

The DX Gavalion Laser in its standard Weapon Mode configuration.

The DX Gavalion Laser configured in Unit Mode, resembling a small spaceship.

The DX Gavalian Laser combined with the DX Gavalian Trigger (sold separately) to form the Cosmo Gavarian G.I. Robot Mode.

MAINTENANCE

- **Cleaning:** Wipe the toy with a dry, soft cloth. Do not use harsh chemicals or abrasive cleaners, as they may damage the finish.
- **Storage:** Store the toy in a cool, dry place away from direct sunlight and extreme temperatures to prevent material degradation.
- **Handling:** Avoid excessive force when transforming or playing with the toy to prevent breakage of delicate parts.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Panels do not deploy or rotate.	Itocha G.I. not inserted correctly or not rotated.	Ensure the Itocha G.I. is fully inserted and then gently rotate it to activate the mechanism.
Difficulty transforming between modes.	Parts are misaligned or stuck.	Refer to the visual guides and ensure all joints are moved in the correct direction. Do not force parts.
DX Gavalian Laser does not dock with DX Gavalian Trigger.	DX Gavalian Trigger is not in Spaceship Mode or alignment is incorrect.	Ensure the DX Gavalian Trigger (sold separately) is correctly transformed into Spaceship Mode and align the docking points carefully.

SPECIFICATIONS

Feature	Detail
Brand	BANDAI
Model Name	DX Gavalian Laser
Product Dimensions	2.54 x 2.54 x 2.54 cm
Item Weight	220 g

Feature	Detail
Batteries Required	No
Manufacturer Recommended Age	3 years and up
Target Gender	Unisex
First Available on Amazon.co.jp	January 19, 2026

SAFETY INFORMATION

This product is intended for children aged 3 years and older. Keep small parts away from younger children to prevent choking hazards. Adult supervision is recommended during play.

No specific safety warnings are provided beyond the age recommendation.
