2. SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- **Assembly:** Assembly requires multiple steps and may be time-consuming. It is recommended to assemble with at least two people. Ensure all hardware is securely tightened before use.
- **Anti-Tipping Device:** This product includes an anti-tipping device. It is crucial to install this device to prevent the vanity from tipping over, especially in households with children or pets. Failure to install the anti-tipping device can result in serious injury.
- **Electrical Safety:** The built-in charging station contains electrical components. Do not expose the charging station to water or excessive moisture. Do not overload the outlets. Disconnect power before cleaning or if any damage occurs.
- **Weight Capacity:** Do not place excessively heavy items on the tabletop or shelves. Refer to specifications for weight limits if available.
- **Children:** Keep small parts and packaging materials away from children during assembly. Do not allow

children to climb on or play with the vanity desk.

This diagram illustrates the importance of installing the anti-tipping device to secure the vanity desk to the wall, preventing accidental tipping.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all parts and hardware are present. Refer to the included assembly guide for a detailed list of components. Typically, your package should include:

- Main desk components (panels, shelves, drawers, cabinet doors)
- LED lighted mirror unit
- Built-in charging station (power strip)
- Hardware kit (screws, dowels, cam locks, drawer slides, handles, anti-tipping kit)
- Hairdryer rack
- Assembly instructions manual

4. SETUP AND ASSEMBLY

Assembly is required for this vanity desk. Follow the step-by-step instructions provided in the separate assembly manual included in your package. Ensure you have adequate space and the necessary tools (e.g., screwdriver, hammer) before starting.

1. **Unpack Components:** Carefully unpack all parts and lay them out on a clean, soft surface to prevent scratches.
2. **Identify Parts:** Match each component to the parts list in your assembly manual.
3. **Assemble Base Structure:** Begin by assembling the main desk frame, including the side cabinets and central drawer section.
4. **Install Drawers and Doors:** Attach drawer slides, assemble drawers, and install cabinet doors.
5. **Mount Mirror Unit:** Secure the LED lighted mirror unit to the top section of the desk.
6. **Install Charging Station:** Integrate the built-in power strip into its designated slot.
7. **Attach Hairdryer Rack:** Secure the hairdryer rack to the side of the desk.
8. **Install Anti-Tipping Device:** **Crucially, install the anti-tipping device to secure the vanity to a wall stud.**
9. **Final Checks:** Ensure all connections are tight and the vanity is stable.

6. CARE AND MAINTENANCE

Proper care will extend the life and appearance of your vanity desk.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Spills:** Promptly wipe up any spills to prevent staining or damage to the engineered wood.
- **Mirror Care:** Clean the mirror with a glass cleaner and a soft, lint-free cloth. Avoid spraying cleaner directly onto the mirror to prevent liquid from seeping into the LED components.
- **Electrical Components:** Ensure the charging station is unplugged before cleaning. Do not attempt to disassemble or repair electrical components yourself.

7. TROUBLESHOOTING

If you encounter issues with your vanity desk, refer to the following common solutions:

Problem	Possible Cause	Solution
LED mirror lights do not turn on.	Power cord not plugged in; loose connection; faulty power outlet.	Ensure the vanity's power cord is securely plugged into a working wall outlet. Check for loose connections.
LED mirror lights are too dim.	Brightness setting is low.	Press and hold the power button icon on the mirror surface to increase brightness.
Charging station (USB/AC outlets) not working.	Vanity not plugged in; power strip overloaded; device not compatible.	Verify the vanity is plugged into a live outlet. Ensure the power strip is not overloaded. Test with a different device.
Drawers stick or do not slide smoothly.	Improper assembly of drawer slides; obstruction.	Review assembly instructions for drawer slide installation. Check for any objects obstructing the slides.
Vanity feels unstable.	Loose hardware; anti-tipping device not installed.	Tighten all assembly hardware. Ensure the anti-tipping device is correctly installed and secured to a wall stud.

If problems persist, please contact customer support.
