

Feasto AP36A

Feasto Outdoor Grill Cart Cover (Model AP36A) Instruction Manual

1. PRODUCT OVERVIEW

The Feasto Outdoor Grill Cart Cover, Model AP36A, is designed to provide comprehensive protection for your outdoor grill cart. Constructed from heavy Oxford cloth with a PVC-coated lining, it offers resistance against water, UV rays, wind, and snow, ensuring your cart remains clean and durable through all seasons.

This cover is specifically sized for the Feasto 3-Shelf Outdoor Steel Table Cart (L36"xW26.5"xH35") and is compatible with most standard grill carts of similar dimensions. Always measure your cart to ensure a proper fit.

Key Features:

- **Heavy-Duty Material:** Oxford cloth with PVC-coated lining for enhanced durability.
- **All-Weather Protection:** Waterproof, UV-resistant, windproof, and snow-protective.
- **Convenient Handles:** Two reinforced Oxford cloth handles for easy placement and removal.
- **Secure Fit:** Adjustable Velcro straps at the bottom sides to prevent displacement by wind.

Protective Cover Dimension

Length 36 inch * Width 26.5 inch * Height 35 inch

Image 1.1: Protective Cover Dimensions. The cover measures 36 inches in length, 26.5 inches in width, and 35 inches in height, shown on a cart with measurements indicated.

Image 1.2: All-Weather Protection. This image illustrates the cover's capabilities against rain, sun, wind, and snow, highlighting its protective features.

2. SETUP INSTRUCTIONS

- 1. Prepare the Cart:** Ensure your outdoor grill cart is clean and dry before applying the cover. Remove any sharp objects that could potentially tear the fabric.
- 2. Identify Orientation:** The cover is designed to fit specific dimensions. Use the side handles to help orient the cover correctly over your cart. The handles are typically positioned on the shorter sides of the cover.
- 3. Place the Cover:** Carefully drape the cover over the top of your grill cart. Gently pull it down over all sides, ensuring an even fit. Avoid forcing the cover, especially around corners, to prevent tearing.
- 4. Secure with Straps:** Locate the two adjustable Velcro straps at the bottom sides of the cover. Fasten these straps securely around the cart legs or frame. This will help prevent the cover from being blown off by strong winds.

Image 2.1: Cover Placement. The cover is shown draped over an outdoor cart, illustrating how it fits and covers the entire structure.

3. USAGE GUIDELINES

- **Daily Use:** When using your grill cart, simply lift the cover using the reinforced side handles. Fold or store the cover in a dry, shaded area to prolong its lifespan.
- **Re-covering:** After use, ensure the cart has cooled down completely if it was used for grilling. Clean any spills or debris before re-applying the cover.
- **Wind Protection:** Always utilize the adjustable Velcro straps to secure the cover, especially in windy conditions, to prevent it from being dislodged.

Image 3.1: Cover Features. This image highlights the side handle for easy removal, the Velcro strap for secure fastening, the waterproof material, and the quality stitching.

4. MAINTENANCE AND CARE

- **Cleaning:** To clean the cover, wipe it down with a damp cloth and mild soap. Rinse thoroughly with water and allow it to air dry completely before storage or re-application. Do not machine wash or tumble dry.
- **Inspection:** Periodically inspect the cover for any signs of wear, tears, or damage. Address minor issues promptly to prevent further deterioration.
- **Storage:** When not in use for extended periods, clean and dry the cover, then fold it neatly and store it in a cool, dry place away from direct sunlight.

Image 4.1: Outdoor Application. The cover is shown protecting a cart in a garden, emphasizing its intended outdoor use and the need for proper care.

5. TROUBLESHOOTING

- **Cover Tears Easily:** Ensure the cover is not being forced onto the cart, especially around sharp corners or edges. Handle with care when placing or removing.
- **Water Pooling on Top:** If water collects on the cover, it may indicate an uneven surface or insufficient tension. Consider placing a slightly elevated object (e.g., an inverted bucket) under the center of the cover to create a dome shape, allowing water to run off.
- **Cover Blows Off in Wind:** Always ensure the adjustable Velcro straps are securely fastened around the cart's legs or frame. Check that the straps are tight enough to prevent movement.

6. SPECIFICATIONS

Attribute	Detail
Brand	Feasto

Model Number	AP36A
Product Dimensions (L x W x H)	36" x 26.5" x 35"
Material	Polyester (Oxford cloth with PVC coating)
Item Weight	3.1 pounds
