TIGUBFRE Queen Bed Frame with Storage Headboard - Instruction Manual

Model: GY-8009-QBlack

INTRODUCTION

Thank you for choosing the TIGUBFRE Queen Bed Frame. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure safe and efficient use of your new bed frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

SAFETY INFORMATION

Important Safety Precautions:

- Do not load more than 1000 pounds onto the bed frame. Exceeding this weight limit may cause structural damage and potential injury.
- Assembly requires two people to prevent injury. Some components may be heavy or awkward to handle alone.
- Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten as necessary.
- Keep small parts and packaging materials away from children to avoid choking hazards.
- Place the bed frame on a level surface to ensure stability and prevent wobbling.

PACKAGE CONTENTS

Before assembly, verify that all components are present and undamaged. If any parts are missing or damaged, please contact customer support.

SETUP AND ASSEMBLY

Assembly is designed to be straightforward, but two people are recommended for efficiency and safety. Follow the numbered steps in your included instruction manual. The modular design and U-channel installation system simplify the process.

Key Assembly Steps:

1. **Unpack and Identify Parts:** Lay out all components on a clean, soft surface to prevent scratches. Refer to the parts list in your manual to identify each piece.
2. **Assemble the Headboard:** Attach the headboard sections, ensuring the LED light strip and charging station components are correctly positioned.
3. **Connect Side Rails:** Securely attach the side rails to the headboard and footboard (if applicable) using the provided hardware.
4. **Install Metal Slats:** Insert the metal slats into the U-channel system on the side rails. Ensure they are evenly spaced and firmly seated.

7. **Connect LED Lights and Charging Station:** Follow the instructions to connect the LED light strip and charging station to a power source.

OPERATING INSTRUCTIONS

LED Lighting System:

The integrated LED light strip on the headboard offers customizable lighting options. Use the provided remote control or a compatible app to adjust settings.

- **Color Selection:** Choose from various colors to match your preference.
- **Brightness Adjustment:** Dim or brighten the lights as needed.
- **Lighting Effects:** Explore different lighting modes and effects.
- **Timer Function:** Set a timer for the lights to automatically turn off.
- **Rhythm Mode:** Lights can synchronize with music or sounds.

Charging Station:

The headboard includes a built-in charging station for convenient power access.

- **2 AC Outlets:** For standard electrical devices.
- **2 USB Ports (5V/2.4A):** For charging smartphones and other USB-powered devices.
- **1 Type-C Port (5V/3A):** For faster charging of compatible devices.

Storage Drawers:

The bed frame features multiple storage options:

- **2 Hidden Headboard Drawers:** Ideal for small items, easily accessible. These can also be removed to create open shelves.
- **2 Large Under-Bed Drawers:** Equipped with pulleys for smooth movement and limiting plates to keep them in place. Suitable for bedding, clothes, or other larger items.

MAINTENANCE

To ensure the longevity and optimal performance of your bed frame, follow these maintenance guidelines:

- **Cleaning:** Wipe down wood and metal surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Noise Reduction:** The bed frame is equipped with silent EVA pads to minimize friction noise from the support slats. If any noise occurs, check that all connections are tight and that the EVA pads are properly in place.

- **Hardware Check:** Periodically inspect all screws, bolts, and connections to ensure they remain tight. Re-tighten as needed to maintain stability.
- **Drawer Care:** Keep the drawer pulleys free of debris for smooth operation.

TROUBLESHOOTING

If you encounter any issues with your TIGUBFRE bed frame, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Bed frame is wobbly or noisy	Loose hardware; uneven placement; missing EVA pads.	Ensure all screws and bolts are tightened. Verify the bed is on a level surface. Check that EVA pads are correctly installed on slats.
LED lights not working	Power connection issue; remote control battery dead; light strip damage.	Check power connection to the light strip. Replace remote control batteries. Inspect the light strip for visible damage.
Charging station not working	Power connection issue; device incompatibility.	Ensure the charging station is properly plugged into a wall outlet. Test with different devices and cables.
Under-bed drawers not sliding smoothly	Debris in pulleys; drawer misalignment.	Clean any debris from the drawer pulleys. Ensure drawers are aligned correctly under the bed frame.
