2. Attach the armrests to the seat frame using the provided bolts and Allen wrench. Do not fully tighten yet.
3. Connect the backrest to the assembled seat frame and armrests. Secure with bolts, ensuring proper alignment.
4. Attach the two rocker bases to the bottom of the chair frame. Ensure the curved sections face the correct direction for rocking motion.
5. Insert any remaining support bars between the legs or frame as indicated in the diagram (if applicable).
