OPERATING INSTRUCTIONS

The HRVEOCEI Vanity Desk offers versatile functionality with its 3-in-1 design.

Using the Flip-Top Mirror:

- To use as a vanity: Gently lift the central section of the tabletop. The mirror will flip up, revealing a hidden compartment for cosmetics and jewelry.
- To use as a desk or console table: Carefully lower the mirror section until it is flush with the tabletop. This converts the unit into a flat surface suitable for work or display.

Utilizing Storage Drawers:

The desk features two smooth-gliding drawers with elegant gold handles. Pull the handles to open the drawers and store your skincare, accessories, or other essentials. The hidden compartment under the mirror also provides additional organized storage.

Multi-Purpose Functionality:

This desk seamlessly transitions between roles:

- **Dressing Table:** With the mirror open, it serves as a dedicated space for your beauty routine.
- **Console Table:** With the mirror closed, it functions as an elegant console in a hallway or living room.
- **Study Desk:** The flat surface, when the mirror is closed, provides a functional workspace.

CARE AND MAINTENANCE

Proper care will ensure the longevity and beauty of your HRVEOCEI Vanity Desk.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Spills:** Immediately wipe up any spills to prevent staining, especially on the wood tabletop.
- **Sunlight:** Avoid prolonged exposure to direct sunlight to prevent fading or discoloration of the wood finish.
- **Heat:** Do not place hot items directly on the surface. Use coasters or protective pads.

- **Mirror Care:** Clean the mirror with a glass cleaner and a soft, lint-free cloth.

TROUBLESHOOTING

If you encounter any issues with your vanity desk, please refer to the following common solutions:

- **Wobbly Desk:** Ensure all screws and fasteners from the assembly process are tightened securely. Check that the desk is placed on a level surface.
- **Drawers Sticking:** Check for any obstructions in the drawer glides. Ensure the drawers are properly aligned on their tracks.
- **Mirror Not Flipping Smoothly:** Inspect the hinges for any debris or misalignment. Apply a small amount of silicone-based lubricant if necessary, ensuring it does not contact the mirror surface.
